### FINANCIAL AND MANAGERIAL

**ACCOUNTING** John Wiley & Sons  
Give your students a solid foundation in core accounting concepts while helping learners develop a

true appreciation for why accounting is important to business and a prosperous society. Warren/Reeve/Duchac's FINANCIAL AND MANAGERIAL ACCOUNTING, 14E clearly demonstrates how accounting is much more than simply data and black and white rules. Instead, students see how accounting provides key information used to make critical business decisions. A new chapter schema provides context for how each chapter's content fits into the big picture. The book focuses on why accounting is important and consistently reinforces connections to the big picture by connecting journal entries to the accounting equation. Fresh organization progresses from the simplest to the more complex topics with reorganized and fully integrated coverage of the new Revenue Recognition standard, reorganized coverage of adjustments, and reorganized managerial accounting chapters

Principles of Accounting is

designed to meet the

scope and sequence

requirements of a two-

semester accounting

course that covers the

fundamentals of financial

and managerial

accounting. This book is

specifically designed to

appeal to both accounting

and non-accounting

majors, exposing students

to the core concepts of

accounting in familiar

ways to build a strong

foundation that can be

applied across business

fields. Each chapter opens

with a relatable real-life

scenario for today's

college student.

Thoughtfully designed

examples are presented

throughout each chapter,

allowing students to build

on emerging accounting

knowledge. Concepts are

further reinforced through

applicable connections to

more detailed business

processes. Students are

immersed in the "why" as

well as the "how" aspects

of accounting in order to

reinforce concepts and

promote comprehension

over rote memorization.

This is the full Mueller

Report, as released on

April 18, 2019, by the U.S.

Department of Justice. A

reprint of the report

exactly as it was issued

by the government, it is

without analysis or

commentary from any

other source and with

nothing subtracted except

for the material redacted

by the Department of

Justice. The mission of the

Mueller investigation was

to examine Russian

interference in the 2016

Presidential election,

consisting of possible

links, or "collusion,"

between the Donald

Trump campaign and the

Russian government of

Vladimir Putin as well as

any allegations of

obstruction of justice in

this regard. It was also

intended to detect and

prosecute, where

warranted, any other

crimes that surfaced

during the course of the

investigation. The report

consists of a detailed

summary of the various

investigations and

inquiries that the Special

Counsel and colleagues

carried out in these areas.

The investigation was

initiated in the aftermath

of the firing of FBI Director

James Comey by Donald

Trump on May 9, 2017.

The FBI, under Director

Comey, had already been investigating links between Russia and the Trump campaign. Mueller submitted his report to Attorney General William Barr on March 22, 2019, and the Department of Justice released the redacted report one month later.

We are pleased to present  
 this Global Edition, which  
 has been developed  
 specifically to acquaint  
 students of business with  
 the fundamental tools of  
 managerial accounting  
 and to promote their  
 understanding of the  
 dramatic ways in which  
 business is changing. The  
 emphasis is on teaching  
 students to use  
 accounting information to  
 best manage an  
 organization. Each  
 chapter is written around  
 a realistic business or  
 focus company that  
 guides the reader through  
 the topics of that chapter.  
 There is significant  
 coverage of contemporary  
 topics such as activity-  
 based costing, target  
 costing, the value chain,  
 customer profitability  
 analysis, and throughput  
 costing while also  
 including traditional topics  
 such as job-order costing,

budgeting, and  
 performance evaluation.  
 Many of the real-world  
 examples in the  
 Management Accounting  
 Practice boxes have been  
 revised and updated to  
 make them more current  
 and several new  
 examples have been  
 added. This Global Edition  
 has been adapted to meet  
 the needs of courses  
 outside the United States  
 and does not align with  
 the instructor and student  
 resources available with  
 the U.S. edition.
