ADRIENNE EZRA

Revel for Race and Ethnic Groups in the United States -- Combo Access Card McGraw-Hill Humanities/Social Sciences/Languages

This best-selling Race & Ethnic Relations text is grounded in a socio-historical perspective with engaging stories and first person accounts. Racial and Ethnic Groups helps students understand the changing dynamics of the U.S. population. By using a socio-historical perspective, the author frames issues by examining our history, exploring the current situation, and discussing the concerns for the future. Racial and ethnic relations in the United States are at a dynamic and exciting time. Major events are shaping our society, such as population and immigration changes, the election of the first African-American president, and increasing diversity throughout our society. This census update has taken advantage of the September 2009 release of the

American Community Survey and the information calculated from the 2009 Annual Social and Economical Supplements to the Current Population Survey conducted by the U.S. Census Bureau. The authors have also taken the opportunity to include additional information on the first year of the Obama administration, passage of the Lilly Ledbetter Fair Pay Act, the 2009 Ricci v. DeStefano "reverse discrimination" case, the controversy over the arrest of Henry Louis Gates Jr. in his home, the creation of a new citizenship test, and the addition of Sonia Sotomayor to the Supreme Court. Also, information throughout the text has been updated, including over 40 tables and figures, all top 10 lists, and more. For a visual walkthru of the text, please visit: http://www.pearsonhighered.com/showtell/schaefer_0205683665 *Understanding Jim Crow Cram101*

NOTE: Before purchasing, check with your instructor to ensure you select the correct ISBN. Student Study Guide for use with Sociology 13/E SUNY Press

Richard Schaefer's Sociology Matters is a very concise introduction to the discipline of sociology. Its straightforward style, streamlined design, and highly focused coverage make it the perfect short, affordable, introductory text for instructors who use a variety of materials in their course. Sociology Matters helps

students understand and connect to the topics it covers by answering the question "How does sociology matter?" "After more than 30 years of teaching sociology to students in colleges, adult education programs, nursing programs, an overseas program based in London, and even a maximum-security prison, I am firmly convinced that the discipline can play a valuable role in teaching critical thinking skills. Sociology can help students to better understand the workings of their own lives as well as of their society and other cultures." -Richard T. Schaefer
The New Chicago McGraw-Hill Education

Sociology: A Brief Introduction invites students to take sociology with them in their daily lives. This successful student-friendly program includes strong coverage of race, ethnicity, and globalization. The approachable material encourages students to develop their sociological imaginations and start to think like a sociologist. Paired with Connect, a personal and adaptive learning experience, students learn to apply sociology's three theoretical frameworks to the world around them.

Make Sociology new with McGraw-Hill's Connect Sociology and the 11th edition of *Sociology: A Brief Introduction*. New to Connect is "Connect Insight™," the first and only analytics tool of its kind. "Connect Insight™," is a series of visual data displays—each framed by an intuitive question—to provide at-a-glance information regarding how your class is doing. Connect Insight makes razor-sharp tie-ins between the analysis it provides and the decisions instructors make. We pride ourselves on providing sophisticated technology that is intuitive and simple. Our elegant navigation allows professors to focus on what's important: powering motivation within their classes. Connect also comes with LearnSmart, an adaptive questioning tool proven to increase content comprehension and student results, as well as fun interactivities that teach sociology's three theoretical frameworks. Finally, make sure students come prepared to class by assigning our many e-book activities. With McGraw-Hill's digital tools, focus on what you do best—teaching. Unique to this program, *Sociology: A Brief Introduction* encourages students to take sociology with them in their everyday lives, just as Rick keeps a small notebook of daily sociological events. In *Sociology brief*, instructors get the most trusted content in manageable form. This, coupled with powerful digital learning tools, makes *Sociology brief* an ideal choice for your introductory course.

Outlines and Highlights for Racial and Ethnic Groups by Richard T Schaefer, ISBN McGraw-Hill Humanities/Social Sciences/Languages

This three volume reference set offers a comprehensive look at the roles race and ethnicity play in society and in our daily lives. General readers, students, and scholars alike will appreciate the informative coverage of intergroup relations in the United States and the comparative examination of race and ethnicity worldwide. These volumes offer a foundation to understanding as well as researching racial and ethnic diversity from a multidisciplinary perspective. Over a hundred racial and ethnic groups are described, with additional thematic essays offering insight into broad topics that cut across group boundaries and which impact on society. The encyclopedia has alphabetically arranged author-signed essays with references to guide further reading. Numerous cross-references aid the reader to explore beyond specific entries, reflecting the interdependent nature of race and ethnicity operating in society. The text is supplemented by photographs, tables, figures and custom-designed maps to provide an engaging visual look at race and ethnicity. An easy-to-use statistical appendix offers the latest data with carefully selected historical comparisons to aid study and research in the area

Sociology McGraw-Hill Education

The Study Guide includes a detailed list of key points, key terms and their definitions, true or false self-quizzes, multiple-choice quizzes, fill-in-the-blank questions, and social policy questions.

A Brief Introduction McGraw-Hill Higher Education

For generations, visitors, journalists, and social scientists alike have asserted that Chicago is the quintessentially American city. Indeed, the introduction to "The New Chicago" reminds us that to know America, you must know Chicago. The contributors boldly announce the demise of the city of broad shoulders and the transformation of its physical, social, cultural, and economic institutions into a new Chicago. In this wide-ranging book, twenty scholars, journalists, and activists, relying on data from the 2000 census and many years of direct experience with the city, identify five converging forces in American urbanization which are reshaping this storied metropolis. The twenty-six essays included here analyze Chicago by way of globalization and its impact on

the contemporary city; economic restructuring; the evolution of machine-style politics into managerial politics; physical transformations of the central city and its suburbs; and race relations in a multicultural era. In elaborating on the effects of these broad forces, contributors detail the role of eight significant racial, ethnic, and immigrant communities in shaping the character of the new Chicago and present ten case studies of innovative governmental, grassroots, and civic action.

Multifaceted and authoritative, "The New Chicago" offers an important and unique portrait of an emergent and new Windy City.

Sociology Prentice Hall

Defines the field of ethnic studies and explores its methodologies.

Racism and Ethnic Groups Pearson
