 Advanced Endodontics offer only endodontic treatment. Therefore, it is important you contact your family dentist so he or she may restore the crown of your tooth with a permanent filling or crown (cap).
 Advanced Endodontics An endodontic referral may be prudent prior to complications or to enhance restorative dentistry. The general dentist and specialist should, therefore, work together to maximize the excellence of healthcare delivery, particularly in strategic teeth that might not be amenable to nonsurgical or surgical retreatment (Figures 3, 6).
