Kenhub October Review 2016 My BookTube Recommends Project [Original] Booktube Recommends Project | Wrap Up Bone Fae Myenne Ng "Remembering the past gives power to the present," says Leila Leong, the narrator of Fae Myenne Ng's incantatory first novel. "Memories do add up." Our memories, she continues, can't bring back the dead, "but they count to keep them from becoming strangers." Moving backward in time like Harold Pinter's "Betrayal" or the Stephen Sondheim musical "Merrily We Roll Along," "Bone" is a memory-novel ... Fae Myenne Ng - BONE Let me start off by saying Bone by Fae Myenne Ng is a good novel. The storyline is interesting, the characters are real, and the choice of words Ng uses to convey ideas to the reader are clean and beautiful. I gave the book 3.5 stars out of 5, though on GoodReads, it will show up as 3 for obvious reasons.
