student attention and diminish available instructional time. The purpose of this synthesis of empirical literature is to determine which arrangements of desks best facilitate positive academic and behavioural outcomes for primary	often. When you plan your classroom seating arrangement, consider the goals of your instruction and the activities you commonly use. If you're working through a unit that will have lots of whole group discussion, you may want to use a horseshoe or double horseshoe arrangement. The secret to classroom seating arrangements - How to ...To find the best classroom seating	arrangement for you, a little ingenuity and creativity may be necessary. Think outside the box, rows, and horseshoes and create your own configuration. There are plenty of online tools such as Scholastics Class Set-Up Tool and Kaplans Floorplanner to help you develop your own classroom desk layout. Tips for the Most Effective Classroom Seating Arrangement
