An intensely personal and profoundly moving review of Bonnefoy's childhood memories. In December 2015, six months before his death at the age of 93, Yves Bonnefoy concluded what was to

be his last major text in prose, *L'écharpe rouge*, translated here as *The Red Scarf*. In this unique book, described by the poet as "an anamnesis"--a formal act of commemoration--Bonnefoy undertakes, at the end of his life, a profoundly moving exegesis of some fragments written in 1964. These fragments lead him back to an unspoken, lifelong anxiety: "My most troubling memory, when I was between ten and twelve years old, concerns my father, and my anxiety about his silence." Bonnefoy offers an anatomy of his father's silence, and of the melancholy that seemed to take hold some years into his marriage to the poet's mother. At the heart of this book is the ballad

of Elie and Hélène, the poet's parents. It is the story of their lives together in the Auvergne, and later in Tours, seen through the eyes of their son--the solitary boy's intense but inchoate experience, reviewed through memories of the now elderly man. What makes *The Red Scarf* indispensable is the intensely personal nature of the material, casting its slant light, a setting sun, on all that has gone before.

The Russian Concubine dazzled readers. Now, its gifted author delivers another sweeping historical novel. *Davinsky Labor Camp, Siberia, 1933*: Only two things in this wretched place keep Sofia from giving up hope: the prospect of freedom, and the stories told by her friend and fellow prisoner Anna, of a charmed childhood in Petrograd, and her fervent girlhood love for a passionate revolutionary named Vasily. After a perilous escape, Sofia endures months of desolation

and hardship. But, clinging to a promise she made to Anna, she subsists on the belief that someday she will track down Vasily. In a remote village, she's nursed back to health by a Gypsy family, and there she finds more than refuge--she also finds Mikhail Pashin, who, her heart tells her, is Vasily in disguise. He's everything she has ever wanted--but he belongs to Anna. After coming this far, Sofia is tantalizingly close to freedom, family--even a future. All that stands in her way is the secret past that could endanger everything she has come to hold dear!

Children must feel loved, confident and good about themselves in order to feel good about others. As role models, we must help them grow into good little citizens by teaching them to speak up, stick up, and stand up for their beliefs. The

Red Scarf addressed some of these issues by showing the love that little girls have for their mother and the role model she plays in helping to develop morals, values, fashion and style. This story is also a lesson in settling conflicts peacefully, and shows how others may want the things you have and will bully you to get them. For that reason, I dedicate this little book to all who have been bullied or have seen others being bullied. May you have the desire, courage and strength to endure, excel, succeed and walk away from needless and unproductive situations."

Growing up in a small town, enjoying family and the outdoors can make you different than others now a days. Annabelle felt no need to be on her cell phone all the time or to go to theme parks. She enjoyed working on the farm, learning the traits of flowers, raising her pet lamb Baa Baa and listening to Granny B and Grampa Homer as they shared family stories. As Annabelle listened she heard more than words about people she had only seen in pictures. She heard the honor and the love than her grandparents had for them. Annabelle learned how to make tinctures, oils and vinegar for wild plants. Then there was the

process of taking raw wool to yarn and learning to knit simple patterns. She was growing and changing but in spite of everything she was allowed to feel safe in who she was growing up to be.
