Song Bank is a compilation of 100 popular English gospel praise and worship songs, with 5 evergreen Christmas songs, scored in the order of lyrics, melody and progression. Song Bank contains 50 popular progressions ranging from jazz to blues, pop, funk, salsa, flamenco and many other well known music styles. Song Bank also contains 'Dapo's Chord and Melody Hand Signs' which refers to 48 different chord and melody hand signs for the triads of the basic major, minor, diminished and augmented chords each of the 12 degrees of the Chromatic Scale (based on 12ToneEqualTemperament). Song Bank will go a long way in building the relative pitch of beginner musicians, even children, within a very short time based on the Moveable-Doh Solmization method adopted for scoring the songs. Every beginner musician will find the methodology behind scoring songs in Song Bank very appealing, in that they need not go through the music 'coding' of time signature, key signature, clefs, ledger lines, etc that are required to sightread music before then playing the song. After a short while of the user's dedication to practicing the songs and progressions contained in Song Bank, their relative pitch would have developed to a point where they can play any song by ear, including songs they Ade hearing for the first time on the spot.
