develop knowledge and

skills in the application of

management accounting

information. Students will

need to have a knowledge

of management

accounting techniques

and be able to apply their

knowledge to a

performance

management problem.

The emphasis is on

practical elements and

application to the real

world. F5 is the middle

paper in the management

accounting section of the

qualification structure,

between F2, which

concerns just techniques

and P5, which thinks

strategically. The key

syllabus areas in F5 are: \*

Specialist cost and

management techniques \*

Decision-making

techniques \* Budgeting \*

Standard costing and

variances analysis \*

Performance measurement and control. This examiner-reviewed Study Text contains all you need to know for F5, featuring practical applications of management accounting techniques. Knowledge that you should have from your earlier studies such as basic variance analysis is clearly identified and briefly reviewed. More difficult new topics such as learning curves are clearly explained with plenty of examples and questions to help your understanding. Key terms are identified throughout to help you to learn new terminology such as short-termism and total quality management.
