A searing autobiographical novel about a single night in prison suggests how broken spirits can be mended, and dreams rebuilt through imagination and human kindness "Like Pamuk's Snow, Dawn is the Turkish tragedy writ small. In contrast to Snow, it places gender at its heart." --Maureen Freely In Dawn, translated into English for the first time, legendary Turkish feminist Sevgi Soysal brings together dark humor, witty observations, and trenchant criticism of social injustice, militarism, and gender inequality. As night falls in Adana, köftes and cups of cloudy raki are passed to the dinner guests in the home of Ali - a former laborer who gives tight bear hugs, speaks with a southeastern lilt, and radiates the spirit of a child. Among the guests are a journalist named Oya, who has recently been released from prison and is living in exile on charges of leftist sympathizing, and her new acquaintance, Mustafa. A swift kick knocks down the front door and bumbling policemen converge on the guests, carting them off to holding cells, where they'll be interrogated and tortured throughout the night. Fear spools into the anxious, claustrophobic thoughts of a return to prison, just after tasting freedom. Bristling snatches of Oya's time in prison rush back - the wild curses and wilder laughter of inmates, their vicious quarrels and rapturous belly-dancing, or the quiet boon of a cup of tea. Her former inmates created fury and joy out of nothing. Their brimming resilience wills Oya to fight through the night and is fused with every word of this blazing, lucid novel.

A couple's tranquil life abroad is irrevocably transformed by the arrival of their son's widow and children, in the latest from Somalia's most celebrated novelist. For decades, Gacalo and Mugdi have lived in Oslo, where they've led a peaceful, largely assimilated life and raised two children. Their beloved son, Dhaqaneh, however, is driven by feelings of alienation to jihadism in Somalia, where he kills himself in a suicide attack. The couple reluctantly offers a haven to his family. But on arrival in Oslo, their daughter-in-law cloaks herself even more deeply in religion, while her children hunger for the freedoms of their new homeland, a rift that will have lifealtering consequences for the entire family. Set against the backdrop of real events, North of Dawn is a provocative, devastating story of love, loyalty, and national identity that asks whether it is ever possible to escape a legacy of violence—and if so, at what cost.

The first African to receive the Nobel Prize in Literature, as well as a political activist of prodigious energies, Wole Soyinka now follows his modern classic *Ake: The Years of Childhood* with an equally important chronicle of his turbulent life as an adult in (and in exile from) his beloved, beleaguered homeland. In the tough, humane, and lyrical language that has typified his plays and novels, Soyinka captures the indomitable spirit of Nigeria itself by bringing to life the friends and family who bolstered and inspired him, and by describing the pioneering theater works that defied censure and tradition. Soyinka not only recounts his exile and the terrible reign of General Sani Abacha, but shares vivid memories and playful anecdotes—including his improbable friendship with a prominent Nigerian businessman and the time he smuggled a frozen wildcat into America so that his students could experience a proper Nigerian barbecue. More than a major figure in the world of literature, Wole Soyinka is a courageous voice for human rights, democracy, and freedom. *You Must Set Forth at Dawn* is an intimate chronicle of his thrilling public life, a meditation on justice and tyranny, and a mesmerizing testament to a ravaged yet hopeful land.

Alexander, the Other Side of Dawn Harper Collins

Via rigorous study of the legal arguments Spain developed to justify its acts of war and conquest, *The Other Side of Empire* illuminates Spain's expansionary ventures in the Mediterranean in the late fifteenth and early sixteenth centuries. Andrew Devereux proposes and explores an important yet hitherto unstudied connection between the different rationales that Spanish jurists and theologians developed in the Mediterranean and in the Americas. Devereux describes the ways in which Spaniards conceived of these two theatres of imperial ambition as complementary parts of a whole. At precisely the moment that Spain was establishing its first colonies in the Caribbean, the Crown directed a series of Old World conquests that encompassed the Kingdom of Naples, Navarre, and a string of presidios along the coast of North Africa. Projected conquests in the eastern Mediterranean never took place, but the Crown seriously contemplated assaults on Egypt, Greece, Turkey, and Palestine. *The Other Side of Empire* elucidates the relationship between the legal doctrines on which Spain based its expansionary claims in the Old World and the New. *The Other Side of Empire* vastly expands our understanding of the ways in which Spaniards, at the dawn of the early modern era, thought about religious and ethnic difference, and how this informed political thought on just war and empire. While focusing on imperial projects in the Mediterranean, it simultaneously presents a novel contextual background for understanding the origins of European colonialism in the Americas.

Wings of Dawn Farrar, Straus and Giroux

In the tradition of *The Hours* and *Revolutionary Road*, an “exquisite meditation on motherhood, marriage, and the meaning of home” (*The New York Times Book Review*), set in England, Australia, and India in the early 1960s. The only thing harder than losing home is trying to find it again. Cambridge, 1963. Charlotte is struggling. With motherhood, with the changes brought on by marriage and parenthood, with never having the time or energy to paint. Her husband, Henry, cannot face the thought of another English winter. A brochure slipped through the mailbox—Australia brings out the best in you—gives him an idea. Charlotte is too worn out to resist, and before she knows it they are traveling to the other side of the world. But upon their arrival in Perth, the southern sun shines a harsh light on the couple and gradually reveals that their new life is not the answer either was hoping for. Charlotte barely recognizes herself in this place where she is no longer a promising young artist, but instead a lonely housewife venturing into the murky waters of infidelity. Henry, an Anglo-Indian, is slowly ostracized at the university where he teaches poetry. Subtle at first, the ostracism soon invades his entire sense of identity. Trapped by nostalgia, Charlotte and Henry are both left wondering if there is any place in this world where they truly belong. Which of them will make the attempt to find out? Who will succeed? “An exquisite and clear-eyed story of the ambiguities of love and creativity, motherhood and migration...It’s a thing of beauty and honesty, as big as the whole unmoored world, and as particular as a family’s moments and moods,” says Ashley Hay, author of *The Railwayman’s Wife*.
