The argument often given by those within Catholicism is that the Catholic Church goes clear back to the apostle Peter as the first pope. Apostolic succession is the method whereby the

ministry of the Christian Church is held to be derived from the apostles by a continuous succession, which has usually been associated with a claim that the succession is through a series of bishops. They would also say that many early Christian writers used Catholicism. We will see that Catholicism goes back to Jesus, Christ, Peter, and Paul in the first

century. However, not in the way that the Catholic Churchmen might want to accept, but it is nevertheless true. And having an understanding of what the word Catholicism means will help us understand why early Christian writers used it and why many Protestant authors have used it.

History of the Christian Church Routledge
He's a tenured creative writing professor. A well-respected novelist. And a recovering sadistic pervert with a penchant for young girls. His name is Julian Darius, which by great coincidence just happens to be the name of this novel's author. She's a teenage groupie who insists he buy her a collar before they have

sex. She seems to know his desires better than he does. And she wants to fulfill them - even ones he claims not to have. The result is a strange love story that explores how far we'd really go, given the opportunity... and whether men and women could truly live together, if they were completely honest about their desires. This erotic and violent novel, criticized as pornographic, is nonetheless supremely literary and won its author a Ph.D. in English. WARNING: SEXUAL CONTENT, VIOLENCE, TRANSGRESSIVE THEMES, INTELLIGENCE. From *Martian Lit.* More info at <http://martianlit.com>
Daughters of Eve MIT Press

This etymological dictionary gives the origins of some 20,000 items from the modern English vocabulary, discussing them in groups that make clear the connections between words derived by a variety of routes from originally common stock. As well as giving the answers to questions about the derivation of individual words, it is a fascinating book to browse through, and includes extensive lists of prefixes, suffixes, and elements used in the creation of new vocabulary.

Control and

Freedom Harvard University Press

This Encyclopedia gathers together the most recent scholarship on Medieval Italy, while offering a sweeping

view of all aspects of life in Italy during the Middle Ages. This two volume, illustrated, A-Z reference is a cross-disciplinary resource for information on literature, history, the arts, science, philosophy, and religion in Italy between A.D. 450 and 1375. For more information including the introduction, a full list of entries and contributors, a generous selection of sample pages, and more, visit the Medieval Italy: An Encyclopedia website.

Bound to Secrecy

Oxford University Press

A beautiful woman wanders through a gay disco and engages a man, confident that he will follow her. Perversely and dispassionately, she offers her body as the

ground of a ritualistic game in which, over the course of three evenings, the two explore the numbing mechanics of sexual brutality.

The Candour A.B.C. of Politics Lulu.com

From aboiement to zooerastia, a guided tour of the lantrified underbelly of the English language This unusual, un-put-downable little volume by Peter Novobatzky and Ammon Shea collects more than three hundred of the English language's most disgusting, offensive, and obscene words--words that have fallen out of common usage but will no doubt delight, amuse, and in some cases prove surprisingly useful. Who hasn't searched for the right word to describe a colleague's

maschalephidrosis (runaway armpit perspiration), a boss's pleonexia (insane greed), or a buddy's fumosities (ill-smelling vapors from a drunken person's belches)?

Word lovers, chronic insulters, berayers, bescumbers, and bespewers need feel like tongue-tied witlings no more: Finding the correct, keck-inspiring word just got a whole lot easier with *Depraved English*.

Tiber Semiotext(e)
The ideas of the Cosmists have in recent decades been rediscovered and embraced by many Russian intellectuals. Here, Young offers a dynamic and wide-ranging examination of the lives and ideas of the Russian Cosmists.
Nira/Sussa Routledge

First published in 2004, *Medieval Italy: An Encyclopedia* provides an introduction to the many and diverse facets of Italian civilization from the late Roman empire to the end of the fourteenth century. It presents in two volumes articles on a wide range of topics including history, literature, art, music, urban development, commerce and economics, social and political institutions, religion and hagiography, philosophy and science. This illustrated, A-Z reference is a cross-disciplinary resource and will be of key interest not only to students and scholars of history but also to those studying a range of subjects, as well as

the general reader.

The Superrationals

MIT Press

The Candour A.B.C. of Politics was originally serialised in Candour between August 1989 and August 1995. It was intended to publish in book form the text that Rosine de Bounevialle referred to as her "only literary baby" long ago, but it was not to be in her lifetime. The text is an idiosyncratic and wonderful testament of her values. One hundred years after her birth it is fitting that that such an influential and elemental force be remembered and recognised.

Aliens & Anorexia

Anchor

In the sequel to 100 Stories: The Lesser Known History of Humanity, John spent

more time researching the annals of history to bring 100 more stories of things you likely never heard about (or didn't get the full story on) in history class. This second edition brings more of the same types of funny, intriguing, and downright horrifying stories over the last couple thousand years of recorded human history. Inside, you'll find interesting characters, fascinating war stories, and profiles of some of the worst serial killers that have ever lived.

The Word Museum

Wipf and Stock Publishers
ENTER A GALLERY OF WIT AND WHIMSY As the largest and most dynamic collection of words ever assembled, the English language continues to expand.

But as hundreds of new words are added annually, older ones are sacrificed. Now from the author of *Forgotten English* comes a collection of fascinating archaic words and phrases, providing an enticing glimpse into the past. With beguiling period illustrations, *The Word Museum* offers up the marvelous oddities and peculiar enchantments of old and unusual words.

Origins Deep Vellum Publishing

Identifying 'permissive populism', the trickle down of permissiveness into mass consumption, as a key feature of the 1970s, Leon Hunt considers the values of an ostensibly 'bad' decade and analyses the implications of the 1970s for issues of

taste and cultural capital. Hunt explores how the British cultural landscape of the 1970s coincided with moral panics, the troubled Heath government, the three day week and the fragmentation of British society by nationalism, class conflict, race, gender and sexuality.

The Russian Cosmists

Profile Books

The Book of Firsts is an entertaining, enlightening, and highly browsable tour of the major innovations of the past twenty centuries and how they shaped our world. Peter D'Epiro makes this handy overview of human history both fun and thought-provoking with his survey of the major "firsts"—inventions, discoveries, political and military upheavals,

artistic and scientific breakthroughs, religious controversies, and catastrophic events—of the last two thousand years. Who was the first to use gunpowder? Invent paper? Sack the city of Rome? Write a sonnet? What was the first university? The first astronomical telescope? The first great novel? The first Impressionist painting? The Book of Firsts explores these questions and many more, from the earliest surviving cookbook (featuring parboiled flamingo) and the origin of chess (sixth-century India) to the first civil service exam (China in 606 AD) and the first tell-all memoir about scandalous royals (Byzantine Emperor Justinian and Empress Theodora). In

the form of 150 brief, witty, erudite, and information-packed essays, *The Book of Firsts* is ideal for anyone interested in an enjoyable way to acquire a deeper understanding of history and the fascinating personalities who forged it.

Rome and the Invention of the Papacy Routledge

The remarkable, and permanently influential, papal history known as the *Liber pontificalis* shaped perceptions and the memory of Rome, the popes, and the many-layered past of both city and papacy within western Europe. Rosamond McKitterick offers a new analysis of this extraordinary combination of historical

reconstruction, deliberate selection and political use of fiction, to illuminate the history of the early popes and their relationship with Rome. She examines the content, context, and transmission of the text, and the complex relationships between the reality, representation, and reception of authority that it reflects. The *Liber pontificalis* presented Rome as a holy city of Christian saints and martyrs, as the bishops of Rome established their visible power in buildings, and it articulated the popes' spiritual and ministerial role, accommodated within their Roman imperial inheritance. Drawing on wide-ranging and interdisciplinary

international research, Rome and the Invention of the Papacy offers pioneering insights into the evolution of this extraordinary source, and its significance for the history of early medieval Europe.

Seductive Detective. A Play MIT Press

Edited by Jane Desmarais and David Weir.

Absolute Monarchs

Columbia University Press

In this play, *Seductive Detective*, the author presents snapshot of the socio-political maneuvering in a Nigerian university, especially the interplay of forces inside and outside the campus in their attempts to influence outcomes, from appointments, promotions, potentially negative reactions to

state policies, academic matters, students' politics to subterranean intelligence operations by agents. Not many appear to be what they seem.

The Birth of the West University Press of New England

In this rich history of Italy's Tiber River, Bruce Ware Allen charts the main currents, mythic headwaters, and hidden tributaries of one of the world's most renowned waterways. He considers life along the river, from its twin springs high in the Apennines all the way to its mouth at Ostia, and describes the people who lived along its banks and how they made the Tiber work for them. The Tiber has served as the realm of protomythic creatures

and gods, a battleground for armies and navies, a livelihood for boatmen and fishermen, the subject matter of poets and painters, and the final resting place for criminals and martyrs. Tiber: Eternal River of Rome is a highly readable history and a go-to resource for information about Italy's most storied river.

The Complete Idiot's Guide to the Popes and the Papacy Lulu.com
 NEW YORK TIMES
 BESTSELLER In a chronicle that captures nearly two thousand years of inspiration and intrigue, John Julius Norwich recounts in riveting detail the histories of the most significant popes and what they meant politically, culturally, and socially to Rome

and to the world. Norwich presents such popes as Innocent I, who in the fifth century successfully negotiated with Alaric the Goth, an invader civil authorities could not defeat; Leo I, who two decades later tamed (and perhaps paid off) Attila the Hun; the infamous “pornocracy”—the five libertines who were descendants or lovers of Marozia, debauched daughter of one of Rome’s most powerful families; Pope Paul III, “the greatest pontiff of the sixteenth century,” who reinterpreted the Church’s teaching and discipline; John XXIII, who in five short years starting in 1958 instituted reforms that led to Vatican II; and Benedict XVI, who is coping with today’s global priest sex scandal. Epic and

compelling, Absolute Monarchs is an enthralling history from “an enchanting and satisfying raconteur” (The Washington Post).

Short History of the Christian Church

Ohio University Center for International Studies

In this book about the secret pornographic theaters of pre-Revolutionary Paris, Karl Toepfer illuminates a much neglected topic with an imaginative study of speech, the body, and ecstasy in varying performance modes.

Le Deuxième Sexe

Barnes & Noble Publishing

Meet Remedy: a young, single American

living on the rive gauche and toiling at an on-line fashion magazine. She may have her feet on well-trodden expat ground, but she has her head in the clouds and the path she walks through Paris is distinctly original. When she's not dreaming up articles about this season's must-have accessory or foiling her best friend's attempts at match-making, she attends mass with a blind nun, shimmies her way through belly-dancing classes and meditates on the lives of the saints. All the while, believing that spiritual enlightenment and romantic fulfillment might be just around the corner ...
