Until recently, Tess Vigeland was a longtime host with Public Radio's Marketplace; it was a rewarding, high-status job, and Tess was very good at it—but she'd begun to feel restless. Without any definite, clear sense of what she wanted to do next (but an absolute certainty that what she'd been doing was no longer truly satisfying), she walked away from her dream job and into a vast unknown. Suddenly she was no longer “Marketplace's Tess Vigeland,” she was just Tess Vigeland. For the multitude of Americans who change jobs mid-career (by choice or circumstance), the growing legions of freelance workers, and the entrepreneurially-minded who see self-employment as an increasingly more appealing and viable option, Tess Vigeland has created a personal and well-researched account of leaping without a net. With her signature humor, she writes honestly about the fear, uncertainty, and risk involved in leaving the traditional workforce—but also the excitement, resources, and possibilities that are on the other side. Part memoir and part field guide, this book offers a funny, thoughtful, and provocative look at how to find happiness, satisfaction, and success when pursuing a career less ordinary.

Many of us dream of quitting our jobs, hopping on a plane, and escaping our daily reality to frolic around on a beach for a while. But for most of us, it's just a dream - until now. How to Quit Your Job & Travel is a practical, step-by-step guide to one of the most exciting, exhilarating, and terrifying things you'll ever do. You'll learn how to tackle each of the challenges preventing you from taking off on a long-term trip, from finances to fear to returning to reality - and all the nitty-gritty logistics along the way. But once you do actually pack your bags, throw your stuff into storage, and head off - what's next? Lia Garcia, co-founder and CEO of one of the most-read travel blogs in the world, spills all the things nobody tells you about the reality of long

term travel - and coming home again - with stories from her own disastrous year-long honeymoon. About the Book This book is divided into four sections: Part One focuses on laying the groundwork for your trip, including the preparations and decisions that take place well before you leave. You'll learn to identify and navigate fears and obstacles in your way as you develop a rough outline for your trip, set yourself a departure deadline, calculate the cost of your adventure, start working towards a specific savings goal, and turn your travel dream into an actionable plan. Part Two takes place in the months before your trip, as you finalize your plans, pack your bags, book your itinerary, and tie up loose ends at home. You'll learn how to effectively plan a long-term trip, tackle each piece of the logistical puzzle of placing your life on hold, find out what to pack (and what to leave at home), and take off on the adventure of a lifetime. Part Three prepares you for the trip itself, including all the things that nobody tells you about long-term travel, how to stay safe and prevent theft, and what to do if you find yourself running out of funds. You'll learn about the many challenges of long-term travel, the beauty of "travel magic," and how to overcome challenges while you're on the road. Part Four occurs after the trip, as you return home and reintegrate into ordinary life. We'll cover how to prepare yourself for the most difficult part of long-term travel, including picking back up where you left off with your career (or choosing not to), and how to use the skills you learned during your travels to identify your needs and adjust to the life you've returned to. In each part of the book, you'll find specific, actionable advice interwoven with stories and mishaps from the author's year-long honeymoon. At the end of the book is a reference section containing all of the websites, apps, businesses, academic studies, spreadsheet templates, and tools mentioned or recommended, as well as tables organizing specific information you'll need as you plan your trip. You'll also receive access to a digital and printable version of the "Reference" section.

On his thirtieth birthday, Jeff Goins quit his job and began his pursuit of becoming a full-time writer. While certainly that was a milestone day, it was still less significant than the ones that lead to that memorable moment. The journey he took leading up to that daring decision involved twists, turns, and surprises he never expected. In the end, he found his life's purpose, his calling; and in The Art of Work, he wants to share his journey with you and help you, too, discover your life's work, along with the invaluable treasure that comes with doing so. As writer, keynote speaker, and award-winning blogger Jeff Goins explains, our search for discovering the task we were born to do begins with passion but does not end there. Only when our interests connect with the needs of the world do we begin living for a larger purpose. Those who experience this intersection experience something exceptional and enviable. Though it is rare, as Jeff discovered along the journey he shares in this one-of-a-kind book, such a life is attainable by anyone brave enough to try. Through personal experience, compelling case studies, and current research on the mysteries of motivation and talent, Jeff shows readers how to find the vocation they were meant for and what to expect during the long, arduous journey to discovering and pursuing it.
