### **The Birdman's Wife**

Cambridge University  
Press

In what is perhaps “the  
best novel of his  
career” (The

Spectator), the  
acclaimed author of  
Schindler’s List tells  
the unforgettable story  
of two sisters whose  
lives are transformed  
by the cataclysm of the  
first world war. In  
1915, Naomi and Sally  
Durance, two spirited  
Australian sisters, join

the war effort as nurses, escaping the confines of their father's farm and carrying a guilty secret with them. Amid the carnage, the sisters' tenuous bond strengthens as they bravely face extreme danger and hostility—sometimes from their own side. There is great humor and compassion, too, and the inspiring example of the incredible women they serve alongside. In France, each meets an exceptional man, the kind for whom she might relinquish her newfound independence—if only they all survive. At once vast in scope and extraordinarily intimate, *The Daughters of Mars* is a remarkable novel about suffering and

transcendence, despair and triumph, and the simple acts of decency that make us human even in a world gone mad.

### **The White Girl**

Penguin

"But I don't look like a Jewish Negro or a black Jew. I look like a black. I am of average height, of average build, with wavy hair that I wear very short, and very dark skin. Talk about an identity crisis." Ten years after *Crabbe*, Bell returns to the theme of a young man wrestling with his identity. Zack Lane is uncomfortable with his mixed racial origins. He knows much about his father's side, the descendants of Romanian Jews, but his mother broke all ties with her family before Zack was born. Why she did so is the "family mystery." Zack

has recently been uprooted when his parents moved from the largest city in Canada to the outskirts of a small town.

Friendless, unsuccessful at school and at the lowest point in his life, he undertakes a research project into the life of Richard Pierpoint, former African slave, soldier in the War of 1812, and the pioneer farmer who cleared the land on which Zack's house now stands.

Pierpoint's story inspires Zack to go to Mississippi to look for his maternal grandfather. What he discovers shakes the foundations of all he has believed in.

Turning the envelope over, his hand trembling, Harry saw a

purple wax seal bearing a coat of arms; a lion, an eagle, a badger and a snake surrounding a large letter 'H'. Harry Potter has never even heard of Hogwarts when the letters start dropping on the doormat at number four, Privet Drive. Addressed in green ink on yellowish parchment with a purple seal, they are swiftly confiscated by his grisly aunt and uncle. Then, on Harry's eleventh birthday, a great beetle-eyed giant of a man called Rubeus Hagrid bursts in with some astonishing news: Harry Potter is a wizard, and he has a place at Hogwarts School of Witchcraft and Wizardry. An incredible adventure is about to begin! Having become classics of our time, the Harry Potter

eBooks never fail to bring comfort and escapism. With their message of hope, belonging and the enduring power of truth and love, the story of the Boy Who Lived continues to delight generations of new readers.

Existentialism was one of the leading philosophical movements of the twentieth century. Focusing on its seven leading figures, Sartre, Nietzsche, Heidegger, Kierkegaard, de Beauvoir, Merleau-Ponty and Camus, this Very Short Introduction provides a clear account of the key themes of the movement which emphasized individuality, free will, and personal

responsibility in the modern world. Drawing in the movement's varied relationships with the arts, humanism, and politics, this book clarifies the philosophy and original meaning of 'existentialism' - which has tended to be obscured by misappropriation.

Placing it in its historical context, Thomas Flynn also highlights how existentialism is still relevant to us today.

ABOUT THE SERIES:

The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area. These pocket-sized books are the perfect way to get ahead in a new subject quickly. Our expert authors combine facts,

analysis, perspective, new ideas, and enthusiasm to make interesting and challenging topics highly readable.

**Wild Seed** Oxford University Press on Demand  
Seventeen-year-old Alex Jackson comes home from school to find that his father, a CBC news cameraman, wants to take him to China's capital, Beijing. Once there, Alex finds himself on his own in Tian An Men Square as desperate students fight the Chinese army for their freedom. Separated from his father and carrying illegal videotapes, Alex must trust the students to help him escape. Closely based on eyewitness accounts of the massacre in Beijing, Forbidden City is a powerful and

frightening story.

*Poems* Basic Books

This book takes up the question of what shape high school English studies should take in the coming years. It describes an English program that blends philosophical depth with classroom practicality. Drawing examples from commonly taught texts such as "Macbeth," "To Kill a Mockingbird," and "Lord of the Flies," the book places literary analysis within a postmodern framework. It explores recent literary and educational theory--including reader response theory and cultural studies. The book devotes attention to the process of reading and its relationship to creative writing, which is put forward as an essential

rather than a supplementary part of high school English programs. The end result is that the book provides insights on textuality, media studies, drama, and the 5-paragraph essay. The book also serves as a call for increased teacher involvement in curriculum reform. While the book's primary purpose is to examine what does and does not make sense in high school English teaching in view of current theory, it offers readers examples of effective classroom practice that takes English in the right direction. A searing new novel from leading Indigenous storyteller Tony Birch that explores the lengths we will go to in order to save the people we love. Odette Brown has lived her whole life on the fringes of a small country town. After her daughter disappeared and left her with her granddaughter Sissy to raise on her own, Odette has managed to stay under the radar of the welfare authorities who are removing fair-skinned Aboriginal children from their families. When a new policeman arrives in town, determined to enforce the law, Odette must risk everything to save Sissy and protect

everything she loves. In *The White Girl*, Miles-Franklin-shortlisted author Tony Birch shines a spotlight on the 1960s and the devastating government policy of taking Indigenous children from their families.

### **The Senses Considered as Perceptual Systems**

Univ. of Queensland Press

Originally published in 1906, this three-volume collection presents the poems of George Crabbe (1754-1832). Volume Two contains Crabbe's twenty one 'Tales' and eleven of his 'Tales of the Hall', as well as notes on the text and variants of certain lines drawn from the many editions of Crabbe's works.

*The Book of Georgian Verse* Univ. of Queensland Press

A stunning first novel

that was to become an international bestseller. Veronika, a writer in her early thirties, rents a house in the Swedish countryside to finish her novel. She is also cocooning herself from her past. She befriends Astrid, a reclusive older woman who has lived in the village all her life. Olsson leads us through the flowering of their unusual and tender friendship, as they slowly and carefully reveal their life histories and sometimes heart-rending pasts. The Swedish landscape is always a powerful presence and measures the progress of the women's relationship; as the icy winter and bare trees give way to spring and then summer, the women's friendship

deepens. Also available as an eBook  
*The Use of Force in UN Peace Operations*  
Penguin Random House New Zealand Limited  
In this groundbreaking book, Scalia and Garner systematically explain all the most important principles of constitutional, statutory, and contractual interpretation in an engaging and informative style with hundreds of illustrations from actual cases. Is a burrito a sandwich? Is a corporation entitled to personal privacy? If you trade a gun for drugs, are you using a gun in a drug transaction? The authors grapple with these and dozens of equally curious questions while

explaining the most principled, lucid, and reliable techniques for deriving meaning from authoritative texts. Meanwhile, the book takes up some of the most controversial issues in modern jurisprudence. What, exactly, is textualism? Why is strict construction a bad thing? What is the true doctrine of originalism? And which is more important: the spirit of the law, or the letter? The authors write with a well-argued point of view that is definitive yet nuanced, straightforward yet sophisticated.

*Women Writers and Old Age in Great Britain, 1750-1850*

A woman overshadowed by history steps back into the light . . . Artist

Elizabeth Gould spent her life capturing the sublime beauty of birds the world had never seen before. But her legacy was eclipsed by the fame of her husband, John Gould. *The Birdman's Wife* at last gives voice to a passionate and adventurous spirit who was so much more than the woman behind the man. Elizabeth was a woman ahead of her time, juggling the demands of her artistic life with her roles as wife, lover, helpmate, and mother to an ever-growing brood of children. In a golden age of discovery, her artistry breathed wondrous life into hundreds of exotic new species, including Charles Darwin's famous Galapagos finches. In *The Birdman's Wife*, the

naïve young girl who falls in love with a demanding and ambitious genius comes into her own as a woman, an artist and a bold adventurer who defies convention by embarking on a trailblazing expedition to collect and illustrate Australia's 'curious' birdlife. In this indelible portrait, an extraordinary woman overshadowed by history steps back into the light where she belongs.

One of the most vexing issues that has faced the international community since the end of the Cold War has been the use of force by the United Nations peacekeeping forces. UN intervention in civil wars, as in Somalia, Bosnia and

Herzegovina, and Rwanda, has thrown into stark relief the difficulty of peacekeepers operating in situations where consent to their presence and activities is fragile or incomplete and where there is little peace to keep. Complex questions arise in these circumstances. When and how should peacekeepers use force to protect themselves, to protect their mission, or, most troublingly, to ensure compliance by recalcitrant parties with peace accords? Is a peace enforcement role for peacekeepers possible or is this simply war by another name? Is there a grey zone between peacekeeping and peace enforcement? Trevor Findlay reveals

the history of the use of force by UN peacekeepers from Sinai in the 1950s to Haiti in the 1990s. He untangles the arguments about the use of force in peace operations and sets these within the broader context of military doctrine and practice. Drawing on these insights the author examines proposals for future conduct of UN operations, including the formulation of UN peacekeeping doctrine and the establishment of a UN rapid reaction force.

Set in Canada and the battlefields of France and Belgium, *Three-Day Road* is a mesmerizing novel told through the eyes of

Niska—a Canadian Oji-Cree woman living off the land who is the last of a line of healers and diviners—and her nephew Xavier. At the urging of his friend Elijah, a Cree boy raised in reserve schools, Xavier joins the war effort. Shipped off to Europe when they are nineteen, the boys are marginalized from the Canadian soldiers not only by their native appearance but also by the fine marksmanship that years of hunting in the bush has taught them. Both become snipers renowned for their uncanny accuracy. But while Xavier struggles to understand the purpose of the war and to come to terms with his conscience for the many lives he has ended, Elijah becomes

obsessed with killing, taking great risks to become the most accomplished sniper in the army. Eventually the harrowing and bloody truth of war takes its toll on the two friends in different, profound ways. Intertwined with this account is the story of Niska, who herself has borne witness to a lifetime of death—the death of her people. In part inspired by the legend of Francis Pegahmagabow, the great Indian sniper of World War I, *Three-Day Road* is an impeccably researched and beautifully written story that offers a searing reminder about the cost of war. *Existentialism: A Very Short Introduction* JHU Press  
In the fourth novel of New York Times

bestselling author Mary Balogh's *Survivors'* Club series, Flavian, Viscount Ponsonby, finds salvation in the love of a most unsuspecting woman... Flavian was devastated by his fiancée's desertion after his return home from the Napoleonic Wars. Now the woman who broke his heart is back—and everyone is eager to revive their engagement. Except Flavian, who, in a panic, runs straight into the arms of a most sensible yet enchanting young woman. Agnes Keeping has never been in love—and never wishes to be. But then she meets the charismatic Flavian, and suddenly Agnes falls so foolishly and so deeply that she agrees to his impetuous proposal of

marriage. When Agnes discovers that the proposal is only to avenge his former love, she's determined to flee. But Flavian has no intention of letting his new bride go, especially now that he too has fallen so passionately and so unexpectedly in love.

Garnet Havelock was always a bit different from other guys. He never quite fit in and he was okay with that. Now, in his final year of high school, he's just marking time, waiting to get out into the real world. When a mysterious girl transfers to his school Garnet thinks he might have found the girl of his dreams, if only he could get her to talk to him. As Garnet struggles to win over

one girl, another girl is trying to get his attention – unfortunately she lived over 150 years ago. Garnet becomes fascinated by her history and that of the black community she belonged to. As he draws closer to the truth, he uncovers a horrifying chapter in his town's history, and discovers the ways in which deep-seated prejudices and persecution from the past can still reverberate in the present.
