Sir Anthony Caro

revolutionized the

medium of sculpture in

the 1960s when he moved

away from making

elaborately modelled,

figurative works cast in

bronze, instead creating

large, abstract

assemblages out of
prefabricated steel and
aluminum elements.

Sculpture Laid

Bare?honours the legacy

of this titan of modernist

sculpture. Monumental in

scale, lyrically evocative

and openly constructed,

Caro's sculptures

foreground their brute

materiality and the

unvarnished signs of their

manufacture. Anthony

Caro: Sculpture Laid Bare

showcases four of Caro's

late sculptures, some of
the most ambitious the
artist has ever produced
as well as earlier work to
demonstrate both the
continuity and the
divergences with the most
recent sculptures. Also
included in the book are
essays by Kenneth
Brummel and New York-
based curator and critic
Karen Wilkin that consider
Caro's sculptures from the
perspective of his studio
practice and his previous

work.

Gail Porter burst on to our TV screens in the late 90s presenting The Movie Chart Show, Alive and Kicking and Top of the Pops. Bright, sparky and beautiful she soon attracted an entirely different audience, posing for a number of men's magazines and rapidly becoming the pin-up of the lad-mag generation. FHM, in a now famous stunt, even projected her naked form on to the

Houses of Parliament. But beneath her cheery public façade, Gail was struggling with anorexia and bi-polar disorder. After nine years of extreme dieting, she collapsed and through sheer determination forced herself to begin eating properly again. Having been told she would never be able to conceive, her new healthier lifestyle led to a much desired pregnancy by her then husband, Toploader guitarist Dan Hipgrave. But the intense pressures of juggling

motherhood with her career, led to crippling post-natal depression and precipitated the breakdown of her marriage. Overwhelmed by single motherhood, one day after dropping her daughter Honey off at nursery, she took an overdose and her world very publicly began to unravel. But Gail's ability to stay afloat as her life crumbled in the public spotlight made her an icon all over again for a new audience of ordinary women who recognised her pain. She refused to

hide-away as stress-induced alopecia caused her to lose her hair, famously appearing at a charity event sporting a startling pink Mohican. Her stunning features and her unwillingness to wear a wig to hide her bald head have made her a contemporary icon. But despite all her troubles, Gail remains upbeat and positive. She has become a role model for coming through it all as a good mother and a working woman unbowed. As iconic as Jordan, smart as Billie and as wild as Kerry,

Gail Porter has written her autobiography herself - a raw, honest account of her own troubled life and the world of celebrity we now live in.

Designed for an MBA course on private equity, this textbook aims to familiarize any reader with the jargon and mechanics of private markets using simplified examples, real-life

situations and results from thorough academic studies. The intention is to have a book that can be read more like a novel than like a regular textbook. In order to have long-lasting impact on readers, I believe in making things as simple as possible, boiling everything down to the essence, going straight to the point, and, most importantly, writing in an informal and hopefully entertaining way. The objective is for the reader to open this book with anticipation of having a

good educational time.

Marta Andreasen is an accountant who says the EU doesn't account for the money it disburses to the projects it approves and she has first hand evidence. She ought to have taken advice on the way her story is written but I cannot argue with the facts she presents. If we want to be ruled by a junta of spendthrift rogues everyone should

know how they manage matters, if we don't, we may care to consider what we get out of this monstrous confidence trick. Neither of these alternatives will make you sleep better at nights and so I suppose her story will fall on deaf ears as bad news is never welcome. But you have to read this book if you are a European citizen, if only to discover why no-one knows where your money is going and who is lying about it.

What's it like turning a trick at a luxury hotel in midtown Manhattan? How are hay bales made on a small family farm? Why isn't there a porn stars' union? Have you ever been busted for drugs in Oklahoma? How do you make a Negroni cocktail? What is the technical name for candy corn? And how much will a tin of SPAM set you back when you're visiting the Caribbean? And what could these things possibly have in common? They're just some of the subjects covered by Tom

Judson in this collection of essays. Fans of Gus Mattox (Tom's stage persona while working in gay porn) were the first to encounter the surprisingly tender tone of Tom's writing through posts on his blog, "Gus's Soapbox." Soon he began writing under his own name for magazines and newspapers around the globe, bringing the unique perspective and insight of someone who has seen life up close from perspectives most of us can only imagine. This volume contains the

essays most frequently requested by his readers. "What a pleasure to have Tom Judson's delightfully insightful, funny and wise book of essays at one's fingertips. He was the Gypsy Rose Lee of Porn, but now he's 'Tom Judson, Author' and just as delicious." --Charles Busch, author of *Vampire Lesbians of Sodom* *Women Laid Bare* Xou Pty Limited

Para las tropas de la Segunda Guerra Mundial, cada jornada era estremecedora y, además, bien podía ser la última de sus vidas. Para apuntalar los ánimos y proteger la moral de sus hombres frente a los horrores de la guerra, los altos mandos los

animaban a forjar estrechas relaciones de amistad en las que encontrar apoyo emocional. La compañía constante de aquellos compañeros de trinchera, de cuya vida dependía la de uno mismo, ayudó a establecer amistades muy íntimas. Durante el tiempo en el que no combatían hombro con hombro procuraban entretenerse juntos y descargar tensiones entregándose a bromas y juegos, en ocasiones completamente desnudos. Resulta imposible conocer

con exactitud el alcance de estos "juegos nudistas" entre las tropas de la Segunda Guerra Mundial (las cámaras eran escasas y resultaba difícil revelar los carretes), pero algunos soldados documentaron este proceso sin precedentes en modestas y anónimas fotografías que, por lo general, permanecieron ocultas hasta después de su muerte. El fotógrafo de Los Ángeles Michael Stokes ha dedicado muchos años a rastrear estas imágenes y compilar un archivo de

más de 500 fotografías. Su colección incluye soldados y marinos australianos, ingleses, franceses, italianos, polacos, rusos y estadounidenses, revolcándose en las arenas del Pacífico Sur, tiritando en la nieve de Europa del Este, posando en solitario en los barracones y disfrutando en grupo casi en cualquier lugar. Estas imágenes nos muestran a personas que apenas han alcanzado la edad adulta, hombres en su mayor esplendor físico que responden a las

realidades del combate viviendo cada día como si fuera el último: una faceta de la guerra que nunca antes se había hecho pública. La introducción es obra de Scotty Bowers, antiguo marine de 89 años y autor de Servicio completo, memorias de sus aventuras sexuales en Hollywood en las que revela también el modo en el que la guerra modificó su percepción de la homosexualidad y la heterosexualidad, del mismo modo que estas fotografías pueden cambiar el modo en que

pensamos sobre la Segunda Guerra Mundial y la camaradería en tiempos de guerra.

"To make the effort to understand what happened in Rwanda is a painful task that we have no right to shirk—it is part of being a moral adult."
–Susan Sontag In the late 1990s, French author and journalist Jean Hatzfeld made several journeys into the hilly, marshy region of the Bugesera, one of the areas most devastated by the Rwandan genocide of

April 1994, where an average of five out of six Tutsis were hacked to death with machete and spear by their Hutu neighbors and militiamen. In the villages of Nyamata and N'tarama, Hatzfeld interviewed fourteen survivors of the genocide, from orphan teenage farmers to the local social worker. For years the survivors had lived in a muteness as enigmatic as the silence of those who survived the Nazi concentration camps. In *Life Laid Bare*, they speak for those who are no

longer alive to speak for themselves; they tell of the deaths of family and friends in the churches and marshes to which they fled, and they attempt to account for the reasons behind the Tutsi extermination. For many of the survivors "life has broken down," while for others, it has "stopped," and still others say that it "absolutely must go on." These horrific accounts of life at the very edge contrast with Hatzfeld's own sensitive and vivid descriptions of Rwanda's villages and countryside

in peacetime. These voices of courage and resilience exemplify the indomitable human spirit, and they remind us of our own moral responsibility to bear witness to these atrocities and to never forget what can come to pass again. Winner of the Prix France Culture and the Prix Pierre Mille, *Life Laid Bare* allows us, in the author's own words, "to draw as close as we can get to the Rwandan genocide."

Between 1959 and 1965, eight murders were carried out in and around west London. The victims,

all of whom were prostitutes, were asphyxiated. The murders were linked: the last six were all carried out in the space of twelve months. The press dubbed the murderer 'Jack the Stripper' on account of the fact that the victims were all stripped naked. The legendary Scotland Yard investigator Detective Chief Superintendent John Du Rose was brought in to orchestrate the inquiry. Du Rose flooded the night-time capital with police officers in plain

clothes, and women police officers dressed as prostitutes to carry out dangerous decoy patrols. Of the 1,7000 potential suspects interviewed, the number was whittled down to twenty-six, and eventually to one. But before Du Rose could interview him, the man committed suicide and the case was closed down. Was this man 'Jack the Stripper'? Dick Kirby, a former Flying Squad detective, has used his vast experience and contacts at Scotland Yard to re-examine the case,

more commonly known as 'The Nude Murders', fifty years on.
