3.16.20 Introduction To Solubility Phet  
Lab Description. Add different salts to  
water, then watch them dissolve and  
achieve a dynamic equilibrium with solid  
precipitate. Compare the number of ions  
in solution for highly soluble NaCl to  
other slightly soluble salts. Relate the  
charges on ions to the number of ions in  
the formula of a salt. Calculate Ksp  
values. Salts & Solubility - Solubility | Salt
