WISE SKYLAR

Management Pearson Higher Education

With a renewed focus on job-relevant skills, the newest edition of this bestselling text helps management and non-management students alike better prepare to enter the workforce. Management, 15th Edition, Global Edition, vividly illustrates effective management theories by incorporating the perspectives of real-life managers. Through examples, cases, and hands-on exercises, students will see and experience management in action--helping them develop the specific skills that employers are looking for and understand how the concepts they're learning about actually work in today's dynamic business world.

The Truth About Managing People...And Nothing But the Truth Prentice Hall

This management text defines and describes the current paradigm brought on by changes in the field of management in recent years. Managing Today! attempts to redefine the traditional

functional approach.

Management, Global Edition Prentice Hall

For Principles of Management courses. The Practical Tools of Management Presented Through In-depth Practice Fundamentals of Management is the most engaging and up-to-date introduction to management resource on the market today. Covering the essential concepts of management, it provides a solid foundation for understanding the key issues and offers a strong, practical focus, including the latest research on what works for managers and what doesn't. The Tenth Edition has been updated with the latest coverage on hot topics such as sustainability, holacracy, the sharing economy, gamification, data analytics/big data, BYOD (bring your own device), and wearable technology. Engaging and fun videos and exercises motivate students and give them the practice they need to become successful managers. MyManagementLab™ not included. Students, if MyManagementLab is a recommended/mandatory component of the course, please ask your instructor for the correct ISBN and course ID. MyManagementLab should only be purchased when required by an instructor. Instructors, contact your Pearson representative for more information.

MyManagementLab is an online homework, tutorial, and assessment program designed to work with this text to personalize learning and improve results. With a wide range of interactive, engaging, and assignable activities, students are encouraged to actively learn and retain tough course concepts.

In the Third Edition of the bestselling book, The Truth About Managing People, bestselling author Stephen Robbins shares even more proven principles for handling virtually every management challenge. Robbins delivers 61 real solutions for the make-or-break problems faced by every manager. Readers will learn how to overcome the true obstacles to teamwork; why too much communication can be as dangerous as too little; how to improve your hiring and employee evaluations; how to heal "layoff survivor sickness"; how to manage a diverse culture; and ways to lead effectively in a digital world. New truths include: how to nurture friendly employees, forget about age stereotypes, first impressions count, be a good citizen, techniques for managing a diverse age group, and ethical leadership among others.

Fundamentals of Management Prentice Hall

Appropriate for Supervision, Supervision Management, and Intro to Management. Supervision Today has earned a reputation of being the one of the most effective supervision books because it blends traditional and contemporary topics, as well as theories and experiential skills. Offering a three-tier learning system, it focuses on building readers' knowledge, improving their comprehension and applying concepts directly to skill development. Known for its lively tone and four-color design, it captures the latest in supervision literature and includes cases to invigorate any lecture. This edition includes new information on contingent workforces, entrepreneurship, employee theft, work/life balance, IM, texting, and workplace diversity.

Organizational Behavior South Western Educational Publishing

FOUNDATIONS OF MANAGEMENT 3e has been written to address the needs of introductory management subjects that require an accessible and concise introduction. This streamlined text of 15 chapters covers the principal concepts of management to provide students with a solid foundation for understanding key issues. Management is a dynamic discipline and a textbook in this area must constantly undergo significant changes to prepare students to manage modern, ever-changing organisations within our transforming world. This new third edition builds on the success of its previous editions by exploring the new challenges that face managers today. New topics and features have been added to better reflect the field of management and to capture the excitement of this dynamic discipline. The text highlights six integrative topics throughout. These topics are managing for sustainability, globalisation, innovation, customer service, diversity and ethics. In particular, we believe the inclusion of managing for sustainability is an important recognition of the challenge that must be met by today's managers and organisations as they start to tackle the issue of global warming. This best-selling text is not a book that just describes management theories. In addition it includes many practical examples and cases, which illustrate the theories in action. As it successfully integrates the various functions of management, the book establishes a dialogue with managers from a variety of fields. This third edition continues to make management concepts meaningful and to excite readers about the possibilities of careers in management.

Management, Global Edition Prentice Hall

For courses in Principles of Management or Introduction to Management. Robbins and Coulter's best-selling text demonstrates the real-world applications of management concepts and makes management come alive by bringing real managers and students together. As it successfully integrates the various functions of management, the book establishes a dialogue with managers from a variety of fields.

The author of Negotiating the Impossible "tackles our assumptions about business and life with humor, zest, and wisdom in this delightful fable" (Daniel H. Pink, New York Times-best-selling author). If you were a mouse trapped in a maze and someone kept moving the cheese, what would you do? In a world where most mice dutifully accept their circumstances, ask no questions, and keep chasing the cheese, Deepak Malhotra tells an inspiring story about three unique and adventurous mice—Max, Big, and Zed—who refuse to accept their reality as given. I Moved Your Cheese reveals what is possible when we finally discard long-held and widely accepted assumptions about how we should live our lives. After all, achieving extraordinary success, personal or professional, has always depended on the ability to challenge assumptions, reshape the environment, and play by a different set of rules—our own. But rejecting deeply ingrained beliefs is not easy. As Zed explains, "You see, Max, the problem is not that the mouse is in the maze, but that the maze is in the mouse." "Deepak Malhotra allows you to glimpse a world of your own making without the limits and barriers that others create." —Stephen R. Covey, New York Times-best-selling author of The 7 Habits of Highly Effective People "A magnificent story with a powerful message. As someone who has encouraged scores of professionals into breaking through the maze and defining their own pursuits, I find this to be a gem of a book." —Vinod Khosla, cofounder, former CEO and Chairman, Sun Microsystems, and founder, Khosla Ventures "This book's message is both profound and durable. Malhotra has left the maze, and so can we." —Foreword Reviews

Management : Concepts and Applications Pearson Australia

Robbins is famous for its practical focus and conversational writing style. The author's goal is to make the subject matter relevant and interesting for all students. In its fourth edition MANAGEMENT concentrates on preparing students for the 21st century with an emphasis on organizational behavior and culture, entrepreneurship and small business applications, quality management, and globalization.

Management FT Press

This isn't just "someone's opinion"...It's the first, definitive, evidence-based guide to effective management. In The Truth About Managing People...and Nothing but the Truth, Robbins delivers principles you can rely on throughout your entire management career--regardless of your organization, role or title. This is a management book that cuts through the soft opinion and conjecture books that have dominated the business shelves in recent years and shows what management researchers know actually works, or doesn't work, when it comes to managing people. Drawing on the author's 30+ years of research and textbook writing experience, Robbins has distilled the results of thousands of research studies on human behavior into over 60 proven "truths" that can transform how you manage people--and the results that are achieved. The author provides guidance to you organized around key, human-behavior-related problem areas that

managers face (hiring, motivation, leadership, communication, team building, conflict

management, job design, evaluating performance and coping with change), along with guidance to help you apply the information and improve your managerial effectiveness.
