[Introduction to the Reading of Hegel -](#)
[Wikipedia](#)

In his famous lectures, the Russian-French
 philosopher Alexandre Kojève (1902–1968)
 introduced a reading of Hegel which has
 been extremely influential, particularly in
 France. In this interpretation, a struggle
 for recognition is seen as the key, not only
 to Hegel's philosophy but to the history of
 human beings.

That outcome is, in Kojève's reading of
 Hegel, a self-grasping idea of human
 reality as something entirely self-made
 through its own historical development by
 techne and nomos, or art and convention.
