A Dr. Kay Scarpetta Thriller Simon and Schuster

“Not only does Anholt explain the challenges facing the world with unique clarity, he also provides genuinely new, informative, practical, innovative solutions. . . . The book is a must-read for anyone who cares about humanity’s shared future.” —H. E. Mohamed Abdullahi Mohamed (Farmaajo), President of the Federal Republic of Somalia Simon Anholt has spent decades helping countries from Austria to Zambia to improve their international standing. Using colorful descriptions of his experiences—dining with Vladimir Putin at his country home, taking a group of Felipe Calderon’s advisors on their first Mexico City subway ride, touring a beautiful new government hospital in Afghanistan that nobody would use because it was in Taliban-controlled territory—he tells how he began finding answers to that question. Ultimately, Anholt hit on the Good Country Equation, a formula for encouraging international cooperation and reinventing education for a globalized era. Anholt even offers a “selfish” argument for cooperation: he shows that it generates goodwill, which in turn translates into increased trade, foreign investment, tourism, talent attraction, and even domestic electoral success. Anholt insists we can change the way countries behave and the way people are educated in a single generation—because that’s all the time we have.

Following the trail, Ford ends up deep in the Everglades, at the gates of a community presided over by a man named Bhagwan Shiva (formerly Jerry Singh). Shiva is big business, but that business has been a little shaky lately, and so he’s come up with a scheme to enhance both his cash and his power. Of course, there’s the possibility that some people could get hurt and the Everglades itself damaged, but Shiva smells a killing. And if that should turn out to be literally, as well as figuratively, true...well, that’s just too damned bad.

NEW YORK TIMES BESTSELLER • Psychologist Alex Delaware and detective Milo Sturgis unravel a shocking crime at a raucous wedding reception in this gripping psychological thriller from the bestselling master of suspense. “Jonathan Kellerman’s psychology skills and dark imagination are a potent literary mix.”—Los Angeles Times LAPD Lieutenant Milo Sturgis is a fine homicide detective, but when he needs to get into the mind of a killer, he leans on the expertise of his best friend, the brilliant psychologist Dr. Alex Delaware. While Sturgis has a knack for piecing together the details of a crime, Delaware can decipher the darkest intents driving the most vicious of perpetrators. And there’s no better place for the doctor’s analytical skills to shine than a rowdy hall full of young men and women intoxicated on life and lust . . . and suddenly faced with the specter of death.

Summoned to a run-down former strip joint, Delaware and Sturgis find themselves crashing a wild Saints and Sinners-themed wedding reception. But they’re not the only uninvited guests. A horrified

bridesmaid has discovered the body of a young woman, dressed to impress in pricey haute couture and accessorized with a grisly red slash around her neck. What's missing is any means of identification, or a single partygoer who recognizes the victim. The baffled bride is convinced the stranger snuck in to sabotage her big day—and the groom is sure it's all a dreadful mistake. But Delaware and Sturgis have a hundred guests to question, and a sneaking suspicion that the motive for murder is personal. Now they must separate the sinners from the saints, the true from the false, and the secrets from those keeping them. The party's over—and the hunt for whoever killed it is on. "As usual, [Delaware and Sturgis] form a formidable team. Also as usual, the characters here are varied and described with gritty clarity, and the puzzle facing the duo involves a delightful mix of L.A. culture, this time from its dive bars to its much more serious side."—Booklist
