Earth Energies, Sacred Geometry, and the Lost Keys of Freemasonry

There's a sacred and hidden path inside each one of us, a path of mysteries and amazing manifestations, where nothing is impossible, not even our wildest spiritual creations. This is the realm of impossibilities, where imagination is carried away by a spiritual insight, which is here referred as the phoenix. The allegory inside this book takes us to a subconscious realm, that can lead us to the most uplifting and unknown side of ourselves, but also to other realities as well, namely, the ones that are parallel to ours, and also other dimensions and galaxies. It is with this allegory of the phoenix that we understand the role of the dragons and serpents of our planet, and how they interfere in the Tao of our existence. As a dance of forces, vibrations of different

natures, these symbols and concepts take us to the deepest truth within, of who we are and how far can we go. This is a book about the adventures of our soul, the journey within that so many Shamans live to explore. It's also about a path that all spiritualists and gurus have experienced, a path that some have called nirvana, enlightenment or awaking, but few have ever had the ability to fully describe in a way that can be perceived by the common mortal. The Native Americans have often told us about the spirit of the eagle that keeps guard over the spiritual world. This eagle, or big bird, is representative of another living force, which is the phoenix, the bird of fire. This is why many mystics of ancient times believed that only fire could take souls to another world. The fire purifies the body, but the most potent fire comes from within, as an energy that we burn with our conscious awareness. This is the fire that Buddhists, Taoists and Hindus persist in awakening from within, commonly using disciplines created

specifically for this purpose, such as yoga, chikung and meditation. This fire represents the power of our own spirituality, which most people are unaware to possess. As mortals and genetically manipulated slaves of a few alien species, we've lost the physical capability to ignite it. But the phoenix can help us reach it, through the spiritual nature that is within each one of us. The one who can ride the phoenix, can travel very far, to amazing lands. And these are the ones that often come back, when they choose to, as our prophets and religious leaders. This book describes their journey to Valhalla, Heaven, Paradise, or more simply, the Laboratory of God.

Are there 10,000-year-old secret societies that still exist today? Was there a race of giants that once inhabited the Americas? Did ancient Egypt and ancient China have heretofore undiscovered ties? *Lost Secrets of the Gods* delves into these ancient mysteries and many more in articles by some of the world's most intrepid and knowledgeable researchers. The old paradigms of history are being radically transformed as we discover more evidence of little-known cultures and what they achieved. Many ancient cultures spoke and wrote of visitors that gave them knowledge and helped shape their societies. Who were they, and where did they come from? We now know that many ancient cultures had advanced knowledge of science, agriculture, and astronomy, only some of which has been rediscovered in the last

100 years. Were *The Iliad* and *The Odyssey* really about an epic struggle in pre-Celtic Europe? What happened to the Persian army that completely disappeared from Egypt 2,500 years ago? Did the ancients know how to create psychic guard dogs to protect sacred sites? There is much more to history than what has officially been recorded. *Lost Secrets of the Gods* reveals startling truths and asks fascinating questions traditional historians have long ignored.

This is not a romance. It is a tale of the true and lasting love each of us dreams about, the undeniable love only some of us find in a lifetime of searching. questions for which he has no answers. Not long after his doctor hands him a death sentence, John runs into someone from his past.

New in paperback by Laurence Gardner, the bestselling author of *Bloodline of the Holy Grail*. From the tombs of pharaonic Egypt, to the laboratories of modern science, comes the extraordinary account of gravity defiance and teleportation in the ancient world, and

amazing revelations about the past power and future significance of the sacred Ark. The sacred Ark of the Covenant, created from a legendary substance, is the source of one of the deepest mysteries of the Western world. No reason is given in the Bible as to why the Ark of the Covenant was so richly contrived, and no explanation exists of its alleged awesome and deadly powers. Laurence Gardner has accessed Rosicrucian archives in liaison with eminent nuclear physicists to reveal where the ark is, what it is, and how this lost secret of the distant past, has led to the phenomenal new science of space-time manipulation. Gardner's controversial research reveals that the secret of the pharaohs' rite of passage to the Afterlife was due to an amazing magical substance, which was directly associated with the pyramids and the biblical Ark of the Covenant. This substance, now known to be superconductive monatomic gold, became known as the Philosophers' Stone, while in today's corridors of quantum mechanics its attributes are classified as 'the most remarkable physical

property in the universe'." Real Eyes ,realizes ,real Lies Fireword Pub Incorporated

This book is written in the style of the great Napoleon Hill. Think about this. With all of the success books out there, why don't we have more successful people? Too many success books simply rehash conventional wisdom. The truly great success books, such as Napoleon Hill's "Think and Grow Rich", instead enable life-challenging success breakthroughs because they identify and describe in powerful detail the thinking patterns and principles of the world's most successful individuals. The only way to do this is to study the world's most successful individuals, as Napoleon Hill has done. And as I have done as well. For over two decades, I have devoted myself to studying and interviewing the most successful individuals across varying fields so that I could see and learn for myself the principles which sets them apart in terms of their success. And that is what I share with you here. Get ready to throw out many of the things that you thought you knew about success. Let's start at the beginning with a simple truth. Success is

hard. Very Hard. Very very very hard. We all know that, once we have had a little bit of experience and are honest with ourselves. We all want to be more successful, but let's face it, sometimes we just don't know how. It's because, as they say, "We don't know what we don't know." So we make the same mistakes over and over again (often without fully realizing it until later). And then we blame ourselves (or others) in regard to why things didn't turn out as we had hoped, or planned. It's this simple. If you want to increase your level of success, read this book. We all go through the same struggles. This book - simply but powerfully - is your instruction manual on how to overcome them. Read this book and in 60 days you won't even recognize the person you used to be. And neither will your family and friends. This is the type of change that allows you to get the things you really want in life. The things previously outside your reach. The things you saw others gain and achieve, but never seemed to be able to get for yourself. That can change today. We all know that a few better

ideas can accelerate one's success substantially. Successful people take their better ideas and know how to leverage them further - and execute them better than other people do. Once you understand the processes that successful people utilize to do this, you can very quickly ramp up your own success as well. Everybody struggles. Successful people struggle just like unsuccessful people but they learn and use the success principles to overcome the difficulties in their lives to reach their goals. Success breeds confidence, making it easier overtime. If you don't want to keep making the same mistakes over and over again, you need to understand and understand well what these success principles are. That is what this book provides to you. *Amazing Revelations of the Incredible Power of Gold* Createspace Independent Publishing Platform
Amazing discoveries about ancient knowledge bring a fresh view of human history and our place in the universe. Thousands of years ago, the Druids already measured the exact

dimensions and rotations of our Earth, Sun and Moon, and how they rotate. Stonehenge and the Pyramids are based on a precise, prehistoric, 366-degree time and space geometry.

In the steamy jungles of West Africa, a Marine Reconnaissance platoon races against time to save the lives of American citizens caught in a bloody civil war. One recon team arrives at a mission only to find they are too late. The missionaries had been burned to death while strung up crucifix style. The Marines arrive just in time to see the guerrillas enter the mission compound and begin killing mission workers. The recon team opens fire and the situation escalates. They successfully push the rebels back into the jungle. Gathering the mission workers, including the mission's doctor, Ellen McKenzie, they flee into the jungle. While on the

run, the hospital corpsman, Sean Austin, finds himself struggling with his feelings for the young missionary doctor. Traveling day and night they arrive at the platoon's harbor site. The Laws and Secrets of Success Ozark Mountain Publishing Planet of Gold is a fascinating and meticulously researched account of the first stirrings of the Earth, when alien gods mastered our universe. Paris' hypothesis of these gods sending tons of gold from our planet may challenge your beliefs, but with great skill, he weaves a believable and astounding conclusion of why religions developed and

how these beliefs have become permanently intertwined in our history. The gold of Earth, transformed into a "monatomic super conducting gold powder," could bring health and longevity. Additionally, it was a powerful and clean energy source. The knowledge about gold powder was the explicit privilege of the gods. For us, it has been classified as 'forbidden knowledge.' The gold, and the gold powder, was the reason behind such events as the creation of man, the confusion of the tongues, the destruction of cities, and the introduction of religions, like Christianity and Islam. Their action, to violently deprive us from using gold powder, is visible in our current state of being: a world dominated by diseases, mental enslavement by religious dogmas, and pollution leading to a climate crisis. Paris' book is a stunningly revealing look at ancient kings, prophets and agents, secret societies, the Holy Inquisition, the Bible, and other religious teachings. Planet of Gold will open your eyes to an entirely different way of observing your faith and your world. ABOUT THE AUTHOR- Andreas Paris lives with

his wife and two children in Stockholm, Sweden. He is a retired IT Specialist and is currently working on a second volume about the Planet of Gold.

Finding the Lost Sacred Books of the Gobi Editorial Perfiles 23 The sacred Flower of Life pattern, the primary geometric generator of all physical form, is explored in even more depth in this volume, the second half of the famed Flower of Life workshop. The proportions of the human body, the nuances of human consciousness, the sizes and distances of the stars, planets and moons, even the creations of humankind, are all shown to reflect their origins in this beautiful and divine image. Through an intricate and detailed geometrical mapping, Drunvalo Melchizedek shows how the seemingly simple design of the Flower of Life contains the genesis of our entire third-dimensional existence. From the pyramids and mysteries of Egypt to the new race of Indigo children, Drunvalo presents the sacred geometries of the Reality and the subtle energies that shape our world. We are led through a divinely inspired labyrinth of science and

stories, logic and coincidence, on a path of remembering where we come from and the wonder and magic of who we are. Finally, for the first time in print, Drunvalo shares the instructions for the Mer-Ka-Ba meditation, step-by-step techniques for the re-creation of the energy field of the evolved human, which is the key to ascension and the next dimensional world. If done from love, this ancient process of breathing prana opens up for us a world of tantalizing possibility in this dimension, from protective powers to the healing of oneself, of others and even of the planet. Embrace the expanded vision and understanding that Drunvalo offers to the world. Coincidences abound, miracles flourish and the amazing stories of mysteries unveiled arise as the author probes the Ancient Secrets of the Flower of Life.

Planet of Gold M. Evans
The Victorians built tens of thousands of churches in the hundred years between 1800 and 1900. Wherever you might be in

the English-speaking world, you will be close to a Victorian built or remodelled ecclesiastical building. Contemporary experience of church buildings is almost entirely down to the zeal of Victorians such as John Henry Newman, Samuel Wilberforce and Augustus Pugin, and their ideas about the role of architecture in our spiritual life and well-being. In *Unlocking the Church*, William Whyte explores a forgotten revolution in social and architectural history and in the history of the Church. He details the architectural and theological debates of the day, explaining how the Tractarians of Oxford and the Ecclesiologists of Cambridge were embroiled in the aesthetics of architecture, and how the Victorians profoundly changed the ways in which buildings were understood and experienced. No longer mere receptacles for worship, churches became active agents in their own rights, capable of conveying theological ideas and designed to shape people's emotions. These church buildings are now a challenge: their maintenance, repair or repurposing are pressing

problems for parishes in
age of declining
attendance and dwindling

their past, unlocking the
secrets of their space,
there might be answers in

how to deal with the
