World Development Report 2021: Data for Better Lives

McGraw-Hill/Irwin

As the long-time #1 best-seller, Garrison has helped guide close to 3 million students through managerial accounting since it was first published. It identifies the three functions managers must perform within their organizations—plan operations, control activities, and make decisions—and explains what accounting information is necessary for these functions, how to collect it, and how to interpret it. Garrison's Managerial Accounting is known for its relevance, accuracy, and clarity. It is also unique in that the authors write the most important supplements that accompany the book: solutions manual, test bank, instructor's manual, and study guide – making them both of high quality and extremely consistent with the textbook.

Introduction to Managerial Accounting, 6/e by

Brewer/Garrison/Noreen is based on the market-leading text,

Managerial Accounting, by Garrison, Noreen and Brewer. Brewer

6e is a briefer, more accessible, and thoroughly student-friendly

text that satisfies the basic needs of the managerial accounting

student without unnecessary depth on advanced topics

associated with the follow-up course cost accounting/cost

management. Faculty and students alike will find this new edition

has retained the hallmark features of the Garrison brand: author-

written supplements, excellent readability, terrific examples, and

balanced end-of-chapter material. In addition, Connect Accounting for Brewer/Garrison/Noreen has been expanded with new learning resources for your students.

For centuries, the lighthouse has stood as a beacon of guidance for mariners at sea. More than an aid to navigation, the lighthouse symbolizes safety, permanence, reliability, and the comforts of the familiar. For this reason, we have chosen to illustrate the twelfth Canadian edition of our flagship Managerial Accounting publication by Garrison/Libby/Webb with a lighthouse image that encapsulates the greatest strengths of this market leading text. Garrison guides students through the challenges of learning managerial accounting. It identifies the three functions managers must perform within their organizations--plan operations, control activities, and make decisions--and explains the accounting information necessary for these functions. The twelfth Canadian edition of Managerial Accounting continues to place an emphasis on three core qualities: relevance, balance and clarity.

Managerial Accounting for Managers, 3rd edition by

Noreen/Brewer/Garrison is based on the market-leading

managerial accounting solution, Managerial Accounting, by

Garrison, Noreen and Brewer. The Noreen solution presents

integrated and proven solutions designed to help attain course

goals of student readiness, comprehension of content, and

application of key concepts in the managerial accounting course, while addressing the needs of instructors who do not wish to teach the financial accounting-oriented content that is included in the Garrison solution. Of the three programs in the Garrison franchise (the Brewer solution, the Garrison solution, and the Noreen solution), the Noreen solution is the most pure management accounting content. The other two programs contain greater coverage of financial accounting topics. Managerial Accounting for Managers 3e is geared towards professors who love Garrison's market-leading managerial accounting content but prefer to approach their course by eliminating the debits and credits coverage. The Noreen solution includes the managerial accounting topics such as Relevant Costs for Decision Making, Capital Budgeting Decisions, and Segment Reporting and Decentralization, however, the job-order costing chapter has been extensively rewritten to remove all journal entries. Furthermore, the chapters dealing with process costing, the statement of cash flows, and financial statement analysis have been dropped to enable professors to focus their attention on the bedrocks of managerial accounting—planning, control, and decision making. McGraw-Hill's Connect Accounting offers a complete digital solution combines all the great features of Connect Accounting, along with access to an online version of Managerial Accounting for Managers 3e, so that students can easily refer back to the text for review and guidance. This media rich eBook links directly to tutorials and online resources and offers additional functionality like taking notes and highlighting key passages for reviewing later. Contained within Connect Accounting is McGraw-Hill's adaptive learning system, LearnSmart, which is designed to help students learn faster, study more efficiently, and retain more knowledge for greater success. In addition, Interactive Presentations deliver learning objectives in an interactive environment, giving students access to course-critical content anytime, anywhere. Guided Examples provide students with narrated and animated, step-by-step walkthroughs of algorithmic versions of assigned exercises.

For courses in Introduction to Management Accounting. Get refreshed with Horngren/Sundem/Stratton's Introduction to

Management Accounting, Twelfth Edition. This best-selling text offers a relevant, real-world decision-making approach to management accounting. Students develop a solid understanding of costs and cost behavior and the use of cost information for planning and control decisions, not just inventory valuation. An exceptionally strong pedagogy and supplements package and flexible structure provide instructors with great latitude in choosing various combinations of breadth and depth, theory and procedures, simplicity and complexity. The Twelfth Edition now includes student-oriented real-world company examples such as Nantucket Nectars and McDonalds; new "Cognitive Exercises" and "Business First" boxes, new on-line courses and tutorial software package resources, and a new CD-ROM series, "Mastering Accounting."
