Webster's New World Hebrew Dictionary
Zack

This is a reference book providing intermediate to advanced level students with information about over 3000 idioms. Each idiom is listed, explained and presented in context to enable students to understand how and when to use it.

The Wordsworth Dictionary of Idioms Oxford University Press, USA
Has more than 600 phrases, sayings, and expressions and contains explanations.

Dr. William Smith's Dictionary of the Bible Citadel Press

A collection of idiomatic phrases and sentences that occur frequently in American English.

A Complete Dictionary to Caesar's Gallic War Ktav Pub Incorporated

The essays collected in this volume form a multifaceted discourse on religious, philosophical, historical, ethnocultural and sociocultural, literary and linguistic issues. A multicultural approach to the problem of the soul allows the presentation of it on a microscale, focused on national and regional

specificity, as well as on the macroscale, oriented toward universal values which can be observed in the cultures of peoples distant from each other in both time and space. The book consists of 28 chapters, addressing the fundamental themes of human existence, which find expression in cultural texts in both colloquial and artistic language, and which have a prominent place in anthropological, psychological, metaphysical and theological debates. *Encyclopaedia Britannica, Or a Dictionary of Arts, Sciences, and Miscellaneous Literature* Oxford University Press, USA

Whether you know Hebrew or not, this book will provide you with a quick reference resource for learning the meaning of many Hebrew words that lie beneath the English translations, which will open new doors for you into Biblical interpretation. The Hebrew language of the Bible must be understood from its original and Ancient Hebrew perspective. Our interpretation of a word like "holy" is an abstract idea, derived out of a Greco-Roman culture and mindset, which is usually understood as someone or something that is especially godly, pious or spiritual. However, the Hebrew word *קדוש* (qadosh) means, from an Ancient Hebrew perspective, unique and is defined in this dictionary as: "Someone

or something that has, or has been given the quality of specialness, and has been separated from the rest for a special purpose." With this interpretation, we discover that the nation of Israel is not "holy," in the sense of godliness or piety, but is a unique and special people, separated from all others to serve God. This Biblical Hebrew dictionary contains the one thousand most frequent verbs and nouns found within the Hebrew Bible. Each word is translated and defined from its original concrete Ancient Hebrew perspective, allowing for a more accurate interpretation of the text. In addition to the one thousand verbs and nouns, the appendices in the book include a complete list of Hebrew pronouns, prepositions, adverbs, conjunctions and numbers.

A History and Guide to Judaic Dictionaries and Concordances Oxford University Press

"This seminal book introduces revivalistics, a new trans-disciplinary field of enquiry surrounding language reclamation, revitalization and reinvigoration. The book is divided into two main parts that represent Zuckermann's fascinating and multifaceted journey into language revival, from the 'Promised Land' (Israel) to the 'Lucky Country' (Australia) and beyond. Part 1: language revival and cross-fertilization. The aim of this part is to suggest that due to the ubiquitous multiple causation, the reclamation of a no-longer spoken language is unlikely without cross-fertilization from the revivalists' mother tongue(s). Thus, one should expect revival efforts to result in a language with a hybridic genetic and typological character. The book highlights salient morphological, phonological, phonetic, syntactic, semantic and lexical features, illustrating

the difficulty in determining a single source for the grammar of 'Israeli', the language resulting from the Hebrew revival. The European impact in these features is apparent inter alia in structure, semantics or productivity. Multiple causation is manifested in the Congruence Principle, according to which the more contributing languages a feature exists in, the more likely it is to persist in the emerging language. Consequently, the reality of linguistic genesis is far more complex than a simple family tree system allows. 'Revived' languages are unlikely to have a single parent. Part 2: language revival and wellbeing. The book then applies practical lessons (rather than clichés) from the critical analysis of the Hebrew reclamation to other revival movements globally, and goes on to describe the why and how of language revival. The how includes practical, nitty-gritty methods for reclaiming 'sleeping beauties' such as the Barngarla Aboriginal language of Eyre Peninsula, South Australia, e.g. using what Zuckermann calls talknology (talk technology). The why includes ethical, aesthetic, and utilitarian reasons such as improving wellbeing and mental health"-

English-Hebrew Hippocrene Books
In Before Jonathan Edwards, Adriaan Neele seeks to balance the recent academic attention to the developments of intellectual history after Jonathan Edwards. Neele presents the first comprehensive study of Edwards's use of Reformed orthodox and Protestant scholastic primary sources in the context of the challenges of orthodoxy in his day. Despite the breadth of Edwards scholarship, his use of primary sources has been little analyzed. Yet, as Neele proves, Edwards's thinking on the

importance of these primary sources has significant implications not only for the status of the New England theology of pre-Revolutionary America but also for our understanding of Edwards today. This volume locates Edwards's ideas in the context of the theological and philosophical currents of his day, as well as in the pre-modern exchange of books and information during the colonial period. The pre-Revolutionary status of theology and philosophy in the wake of the Enlightenment had many of the same problems we see in our theological education today with respect to the use and appropriation of classical theology in a 21st-century context. Ideas about the necessity of classical primary sources of Christianity in sustaining our theological education are once again becoming important, and Edwards offers many relevant insights. Edwards was not unique in his deployment of these primary sources; many New England pastors, including Cotton Mather (1663-1728), preached and wrote about the necessity of orthodox theology. Edwards's distinction came in his thinking about the issues set forth in these sources at a transitional moment in the history of Christian thought.

English-Hebrew-English New

Dictionary InterVarsity Press

Nearly all of the 175 articles in the Dictionary of Jesus and the Gospels have been reconceived and rewritten to reflect developments in the field since the 1992 edition. Showcasing the work of a new generation of scholars, this volume surveys scholarship and method in historical Jesus studies, New Testament textual criticism and more.

The Oxford English-Hebrew Dictionary
מילון ניבים ופתגמים עברי-אנגלי
Dictionary of Yiddish Slang and Idioms

This compact, bilingual dictionary

includes over 55,000 total entries! Presenting the Hebrew and English translations, rules of pronunciation for both English and Hebrew, as well as new words, idioms, and slang expressions, this dictionary is an excellent reference for students and travelers familiar with the Hebrew script.

Identities in Post-TV Culture Joseph D. Lesser

This easy-to-use handbook is an essential resource for anyone who needs to write English correspondence for an international business audience. In an engaging, accessible style it integrates the theory and controversies of intercultural communication with the practical skills of writing and editing English for those who read it as a second language. The book emphasizes principles of simplicity and clarity, proper etiquette, cultural sensitivity, appropriate layout and typography, and more to increase the chances that a text prepared by a native English speaker will be better understood by a non-native speaker. It also updates traditional advice with new insights into "e-mail culture." Equally useful for students and professionals in business communication, marketing communication, and international business, *The Elements of International English Style* is filled with realistic examples, problems, and projects, including: 57 specific tactics to internationalize one's English; hundreds of before-and-after comparisons showing the effects of editing for an international audience; models of international correspondence; practical discussion questions and work projects; useful resources for further study, including books, articles, and websites.

A Theological Dictionary Routledge

This practical dictionary of the Hebrew

language contains over 17,000 entries in a concise, easy-to-use format. The direction of the translation is from English to Hebrew. It offers a broad vocabulary from all areas as well as numerous idioms for holidays or for use as a classic reference work.

Kernermann Publishing

Over 52,000 entries, including: New language, idioms and phrases, and short sayings. The most comprehensive dictionary of its kind.

Wherein, Not Only the Words, But Also, the Idioms and Phraseology of the English Language, are Carefully Translated Into Welsh, by Proper and Equivalent Words and Phrases: with a Regular Interspersion of the English Proverbs and Proverbial Expressions, Rendered by Corresponding Ones in the Welsh Tongue. In Two Volumes KTAV Publishing House, Inc.

How does a theatrical tradition emerge in the fields of dramatic writing and artistic performance? How can a culture in which theatre played no part in the past create a theatrical tradition in the modern world? How do political and social conditions affect the encounter between cultures, and what role do they play in creating a theatre with a distinctive identity? This volume attempts to answer these and other questions in the first in-depth study of the reception of ancient Greek drama in Israeli theatre over the last 70 years. Exploring how engagement with classical culture has shaped the evolution of Israel's theatrical identity, it draws on both dramatic and aesthetic issues - from *mise en scène* to 'post dramatic' performance - and offers groundbreaking analysis of a wide range of translations and adaptations of Greek drama, as well as new writing inspired by Greek antiquity. The detailed

discussion of how the performances of these works were created and staged at key points in the development of Israeli culture not only sheds new light on the reception of ancient Greek drama in an important theatrical and cultural context, but also offers a new and illuminating perspective on artistic responses to the fateful political, social, and cultural events in Israel's recent history.

Etymological-semantic and Idiomatic Equivalents with Supplement on Biblical Aramaic

Oxford University Press

This volume, which constitutes the third in the series Jewish Research Literature, is divided into two parts. Part One offers detailed descriptions of the various Judaic dictionaries with biographical information on their compilers, beginning with Rav Saadia Gaon's early tenth-century Egron and concluding with modern dictionaries compiled in recent years. Bibliographical lists and summaries, arranged chronologically according to date of publication, supplement the text. The narrative is written in nontechnical style, but technical information appears in the footnotes. Part Two, which deals with concordances, citation collections, proverbs, and folk sayings, will appear separately.

Israeli Theatre and the Classical Tradition Wordsworth Editions

An updated introduction to American slang and phrase origins identifies and defines more than six hundred commonly used idioms, complementing the entries with kid-friendly sample sentences and entertaining illustrations. Original.

Hebrew Idioms Found in the Bible

Cambridge Scholars Publishing

An essential reference for serious English and Hebrew users alike, this

dictionary reflects the development of Hebrew in the twentieth century, and with over 50,000 entries offers extensive coverage of current idioms and phrases, slang and colloquialisms, technical and scientific terminology, academic discourse, legal and medical terminology, American and Australian terms, and a labeling system allowing easy identification of senses, contexts, and registers.

A Dictionary of the Bible: Kabzeel-Red-heifer Oxford University Press, USA
Language is a curious thing. We know that God communicates to us through His Word - the Bible. He reaches out in words of a distant language; one that we don't understand. This book attempts to communicate those cultural idioms and expressions that we so often glaze over, or misinterpret.

Idioms Dictionary Webster's New World
Defines Yiddish words and phrases and provides Yiddish equivalents for English expressions

NTC's American Idioms Dictionary
Bloomsbury Publishing USA

This innovative dictionary makes the Hebrew language more accessible to students by eliminating the formidable barrier of the Hebrew alphabet. It's easy

to locate words quickly with the Webster's New World Hebrew-English Dictionary, because the Hebrew-to-English section is alphabetized according to the transliterated English spelling. The English version is marked for correct pronunciation and followed immediately by the Hebrew spelling of the word. This breakthrough work of linguistic scholarship is packed with useful features that guarantee rapid progress, even for those with no familiarity with the Hebrew language. It contains: * Extensive grammatical information including parts of speech, variant verb forms, and the formation of feminines and plurals * Listings of idioms and compounds and indications of colloquialisms and slang * Common variations in pronunciations * Geographical, historical and cultural entries

Revivalistics Oxford University Press, USA

80,000 entries! Up-to-date idioms and expressions make this dictionary a sophisticated, bilingual tool. It has clear, bold type and includes notes on English grammar such as plurals, adjectives, verbs, tenses, time of day and much more.
