AMERICAN
GOVERNMENT AND
POLITICS TODAY: THE
ESSENTIALS
2011-2012,
International Edition
inspires students to
join the exciting
process of being
active, informed
citizens. Bardes,
Shelley, and Schmidt

provide an unbiased
and concisely
organized overview of
this essential subject,
updated with complete
Election 2010 coverage
and the latest on the
economic downturn
and recovery policy.
The text's fundamental
theme continues to be
the importance of
participating in active
citizenship,
emphasizing continual
critical thinking about
political issues, and
encouraging students
to become involved in
the political process.
With a keen
understanding of the
needs and interests of
today's students, the
authors incorporate

abundant current examples, including increased coverage of the impact of the Internet and other media, to stimulate learning and excitement. The text is redesigned for even greater reader appeal.

American Government and Politics CQ Press

A raucous history of American democracy at its wildest--and a bold rethinking of the relationship between the people and their politics. Democracy was broken. Or that was what many Americans believed in the decades after the Civil War. Shaken by economic and technological disruption, they sought safety in aggressive, tribal partisanship. The results were the loudest, closest, most

violent elections in U.S. history, driven by vibrant campaigns that drew our highest-ever voter turnouts. At the century's end, reformers finally restrained this wild system, trading away participation for civility in the process. They built a calmer, cleaner democracy, but also a more distant one.

Americans' voting rates crashed and never fully recovered. This is the origin story of the "normal" politics of the 20th century. Only by exploring where that civility and restraint came from can we understand what is happening to our democracy today. The Age of Acrimony charts the rise and fall of 19th-century America's unruly politics through the lives of a remarkable father-

daughter dynasty. The radical congressman William “Pig Iron” Kelley and his fiery, Progressive daughter Florence Kelley led lives packed with drama, intimately tied to their nation's politics. Through their friendships and feuds, campaigns and crusades, Will and Florie trace the narrative of a democracy in crisis. In telling the tale of what it cost to cool our republic, historian Jon Grinspan reveals our divisive political system's enduring capacity to reinvent itself.

Issues and Controversies

Wadsworth Publishing Company
The Fifth Edition of American Politics Today is designed to show students the

reality of politics today and how it connects to their own lives. New features--from chapter opening cases that address the kinds of questions students ask, to full-page graphics that illustrate key political processes--show students how politics works and why it matters. All components of the learning package--textbook, InQuizitive adaptive learning tool, and coursepack--are organized around specific chapter learning goals to ensure that students learn the nuts and bolts of American government.

American Government and Politics W. W. Norton & Company
The Basics of American Government is a collaborative effort

among eight current and one former faculty members in the Departments of Political Science and Criminal Justice at University of North Georgia. The purpose of this book is to offer a no-frills, low-cost, yet comprehensive overview of the American political system for students taking introductory courses in American national government. Furthermore, the work combines the best aspects of both a traditional textbook and a reader in that most chapters offer a piece of original scholarship as a case study to bolster or reinforce the material presented in the chapter. In addition, many chapters present a civic engagement-type exercise and

discussion questions intended to challenge, engage, and foster student participation in the political system. The authors undertook this project for several reasons, most notably the high costs of textbooks for students and the lack of college-level scholarship found in most American Government texts. This 375-page, peer-reviewed, edited book that combines traditional material with original scholarship will cost students \$27.99, well below market standards. All of the authors are experienced classroom instructors, subject matter experts, and published researchers in the field of American politics.

US Politics Today

Brookings Institution

Press

This thoroughly updated edition of Schmidt, Shelley, and Bardes' popular text offers balanced, unbiased, comprehensive, and up-to-date coverage of constitutional, governmental, political, social, and economic structures and processes. The book's overriding theme is the importance of informed active citizenship, and the extensive pedagogy underscores this theme by soliciting critical thinking about political issues and encouraging students to become involved in the political process. With keen awareness of its audience, **AMERICAN GOVERNMENT AND POLITICS TODAY** incorporates current examples, the Internet,

and other media to stimulate learning and excitement about American government. This truly interactive text gives students more than reading material; it gives them tools to become good citizens.

Politics and Political Science Routledge

The Enduring

Democracy by Kenneth Dautrich, David A. Yalof, and Christina Bejarano examines the current state of American politics through the lenses of American history and the nation's changing demographics. This two-pronged approach encourages students to place current issues and controversies into historical perspective, and to think critically about how those issues and controversies are impacted by America's

increasingly diverse population. By analyzing and understanding the influences of historical context and demographics, students can debate effectively with references, use historical outcomes to predict for the future, and create strong arguments based on what they know about fundamental changes in the political landscape. The highly anticipated Sixth Edition frames the 2016 general election and 2018 midterm elections from the perspective of what they mean to college students, so that they can see the relevance of American government in their daily lives. Also available as a digital option (courseware).

How and Why American Political Behavior

Nationalized Cengage
Learning

The second edition of the best-selling textbook US politics today offers a new and updated introduction to contemporary US government and politics. The book considers core institutions, including the presidency, Congress, and the Supreme Court. It assesses important questions and controversies and places them within the broader context of American society and culture. Has our

understanding of the Constitution remained faithful to the intentions of the 'founding fathers' who wrote it? Is there still a separation of powers or has the president become too powerful? Do judges play too much of a role? Are the parties too weak and divided? Has Congress been 'bought' by lobbyists? This edition has been rewritten to incorporate coverage of events that have taken place since 1999. It examines the 2000 presidential election and recent Supreme Court rulings as well as the ways in which the 'war on terrorism' has affected the character of the political process. There is also a new chapter that assesses the most important political issues facing the US

today. The book will prove invaluable for undergraduates, A-level students, and the general reader *American Government and Politics Today* Wentworth Press Though Americans rarely appreciate it, federalism has profoundly shaped their nation's past, present, and future. Federalism—the division of government authority between the national government and the states—affects the prosperity, security, and daily life of every American. Some of the most spectacular political conflicts in American history have been fought on the battlefield of federalism, including states' rights to leave the union, government power to regulate

business, and responses to the problems of race, poverty, pollution, abortion, and gay rights. In the second edition of this nuanced and comprehensive text, David Brian Robertson shows that past choices shape present circumstances, and that a deep understanding of American government, public policy, political processes, and society requires an understanding of the key steps in federalism's evolution in American history. New to the Second Edition Emphasizes that federalism is a battleground that shapes every life in America. Extensively revised and updated, including new coverage of recent controversies like

Ferguson, immigration, climate change, Obamacare, gay rights, the minimum wage, political polarization, voter identification, fracking, and marijuana legalization. Brings together the newest developments in history, political science, law, and related disciplines to show how federalism influences government and politics today. Includes chapter-opening vignettes that deal with contemporary cases and policy challenges. *Cengage Advantage Books: American Government and Politics Today, Brief Edition* Cengage Learning This timely reissue of Richard Hofstadter's classic work on the fringe groups that influence American

electoral politics offers an invaluable perspective on contemporary domestic affairs. In *The Paranoid Style in American Politics*, acclaimed historian Richard Hofstadter examines the competing forces in American political discourse and how fringe groups can influence — and derail — the larger agendas of a political party. He investigates the politics of the irrational, shedding light on how the behavior of individuals can seem out of proportion with actual political issues, and how such behavior impacts larger groups. With such other classic essays as “Free Silver and the Mind of 'Coin' Harvey” and “What Happened to the

Antitrust Movement?, ” *The Paranoid Style in American Politics* remains both a seminal text of political history and a vital analysis of the ways in which political groups function in the United States.

Essentials Edition

SAGE

How Americans Fought to Fix Their Democracy, 1865-1915
Harvard University Press

`For those who still

believe that politics is normally, naturally, about economics, Rob Singh has gathered the evidence and dialed the wake-up call: seven major instances of an ongoing culture war meet a common analytic framework here in a lively and informative fashion' - Byron E Shafer, University of Wisconsin

American Government and Politics Today

Routledge

Why are Americans so angry with each other? The United States is caught in a partisan hyperconflict that divides politicians, communities—and even families.

Politicians from the president to state and local office-holders play to strongly-held beliefs and sometimes even pour fuel on the

resulting inferno. This polarization has become so intense that many people no longer trust anyone from a differing perspective. Drawing on his personal story of growing up as a fundamentalist Christian on a dairy farm in rural Ohio, then as an academic in the heart of the liberal East Coast establishment, Darrell West analyzes the economic, cultural, and political aspects of polarization. He takes advantage of his experiences inside both conservative and liberal camps to explain the views of each side and offer insights into why each is angry with the other. West argues that societal tensions have metastasized into a dangerous tribalism that seriously

threatens U.S. democracy. Unless people can bridge these divisions and forge a new path forward, it will be impossible to work together, maintain a functioning democracy, and solve the country's pressing policy problems.

Election Update**

American Government and Politics Today, 2018 Election Update Essentials Edition
Students are often hesitant to become involved in the political process. Until now. AMERICAN GOVERNMENT AND POLITICS TODAY, TEXAS EDITION, 2009-2010 uses intriguing, real-life examples and hands-

on exercises to engage students in the fascinating intricacies of American government and inspires them to participate in the political process. It's the ideal text for the hybrid American Government/Texas Politics course as well as instructors who want to require just one book. As it introduces concepts, the text illustrates specific ways students can participate, showing through exciting examples how individuals 'including students' can make a profound impact. Through topic-based discussions, the text illustrates that active participation can be as simple as calling a local politician to share an opinion on a local issue, registering to

vote, or viewing a town council meeting on local access cable demonstrating how these seemingly small steps can make a difference. Critical thinking is promoted throughout with issue discussion, comparison, and debate. The new edition also includes expanded coverage of the 2008 presidential election. A powerful new administrative DVD and an innovative online Resource Center help you maximize your time and student results. Engaging and inspiring, AMERICAN GOVERNMENT AND POLITICS TODAY, TEXAS EDITION, 2009-2010 helps students discover the importance of active, informed citizenship. Again and again, students see the power

of one to make a difference. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.
