A complete sourcebook for choral directors of all levels, as well as choral methods classes. Contains 211 warm-ups with information on usage, photos illustrating correct posture and vowel formation, and a well organized index to make finding the right warm-up a snap. Belongs in every choral director's library.

*How Great Thou Art* Oxford University Press, USA

Commissioned for the millennium by the Royal Armouries and dedicated to the victims of the Kosovo crisis, this work is a contemporary example of a mass based on the 15th-century French song L'Homme Arme (The Armed Man). The complete work sets sacred and secular texts including Tennyson, Kipling, The Koran and the Hindu Mahabharata within the framework of the Christian mass.

Written between 1887 and 1890, Gabriel Faure's setting of the requiem is a departure from traditional structure. Faure said the following of his work: "It has been said that my Requiem does not express the fear of death and someone has called it a lullaby of death. But it is thus that I see death: as a happy deliverance, an aspiration towards happiness above, rather than as a painful experience." This score represents the choral portion of the Requiem, each voice on a separate staff, including solos, with both Latin and English text. This book has an orchestra reduction for either piano or organ accompaniment by Malcolm Binney. Includes: \* Introit et Kyrie \* Offertoire \* Sanctus \* Pie Jesu \* Agnus Dei \* Libera Me \* In Paradisum

The Meaning of Dwelling Features. Conceptual and Methodological Issues relates the research areas of housing preferences and the meaning of a dwelling with each other and with aspects of the means-end approach as applied in marketing research. It results in a conceptual and methodological framework for studying the meaning of preferences for dwelling features. These features are viewed as functional for achieving the goals and values that people pursue. The meaning of dwelling features lies in these functional relationships. The model presented in this study therefore relates preferences for the features of a dwelling to the meaning they have for people. These relationships are called meaning structures. Meaning structures are measured by a semi-structured interviewing technique, which is an adapted version of the laddering technique for measuring means-end chains,

and network methods are used for the representation and analysis of these meaning structures.

A Guide to the Practice of Church Music by Marion J. Hatchett was published by Church Hymnal Corporation in 1989 and was an invaluable resource for church musicians, clergy, and educational programs in the church, such as the Leadership Program for Musicians (LPM). Since that time our liturgical language expanded and changed the scope of our worship offerings. The hymnody of other cultures, as well as hymn writers from the past thirty years, has influenced congregational song. The use of the Revised Common Lectionary has necessitated the need for new liturgical and music planning texts. All Things Necessary: A Practical Guide for Episcopal Church Musicians by Marti Rideout is a resource for musicians serving in Episcopal Churches who come from other denominations; clergy who desire to have a deeper appreciation for church music and who seek a resource that will help them in their ministries; those who are new to church work, and those who have served the church but desire to expand their knowledge. This book provides: - Comprehensive information about the Episcopal Church, The Book of Common Prayer (1979), liturgical resources published since then and the opportunities for music within the various rites, The Hymnal 1982 and all hymnal supplements and resources written since that publication. - A philosophy of music in the Episcopal Church. - A complete compilation of service music and canticles for the Daily Offices, Holy Eucharist and Sacraments from Church Publishing's six main hymnal sources. - Suggestions for the singing of Psalms and planning liturgies throughout the liturgical year. - Extensive lists of sources for most aspects of church music and liturgy, terms and definitions from an Episcopal perspective, and a practical bibliography.
