The main object of this book is to help you understand what you are doing, and to create and develop your own techniques and rituals which will surely bring you the results you desire. It doesn't matter what your religion is. You really don't have to be religious (or anti-religious) at all. Candle burning is a Psychic and Psychological experience, and may compliment your particular faith by arranging your rituals to blend into it. Nevertheless, you need not do anything which you feel is inharmonious with your personal beliefs, as there are countless alternatives. The one basic simple fact we can feel sure of is that the act of burning candles does indeed cause an altered state of awareness, producing changes in circumstances. Think of the millions of men and women who have been persuaded and seduced, or extracted promises and proposals, concluded business deals, patched up squabbles, and resolved differences or opinion in the glowing magic of a candlelight supper. And many a birthday wish has come true when all the candle were blown out!

This path you're about to walk on is full of magic and wonder. In this book, you'll discover the power found in fire and wax, how to connect to worlds beyond the physical, and how to cause great things to flow to you, greater things than you've ever imagined. As a true magician - not the party tricks or illusions kind - you can work with the laws of the Universe to bring to being whatever you desire, if you channel your energy the right way. You cannot get concrete results without focusing your intention because that's where the magic truly lies. It's the key to manifesting whatever you desire. That alone can make amazing things for you, but if you need a little extra oomph to get you over hurdles set by opposing forces, then you will find that candle spells are your best friends. Even when your intention isn't all that solid, the flame and wax will clothe your dreams in the garment of reality. You might be worried that you will need to learn some complex spells, offer your soul to Baal, and meditate 72 hours in a day before you can practice candle magic, but I assure you this is not the case here. These spells are simple, and simple is magical, meaning you will get results. You will also have a lot of options, and when you get the hang of it, you can make the spells your own. The trick is to understand the meaning behind each candle, number, and symbol, so you can be more specific when dealing with your issues using candle spell work. All you need is the ability to light a match. If you begin to create your own spells, even better. You'll learn how to use the candles, dress them with the right herbs and oils, augment their power with other candles, and channel your intentions as you work. Adding in variety will supercharge whatever you send out into the Universe, and you will be pleased with the boost. However, remember that you always have the option to just keep things simple.
