Big Girls Don't Cry Little, Brown Books
for Young Readers

From the nation's leading expert, an
indispensable analysis of key threats to
the integrity of the 2020 American
presidential election As the 2020
presidential campaign begins to take
shape, there is widespread distrust of
the fairness and accuracy of American

elections. In this timely and accessible
book, Richard L. Hasen uses riveting
stories illustrating four factors increasing
the mistrust. Voter suppression has
escalated as a Republican tool aimed to
depress turnout of likely Democratic
voters, fueling suspicion. Pockets of
incompetence in election administration,
often in large cities controlled by
Democrats, have created an opening to
claims of unfairness. Old-fashioned and
new-fangled dirty tricks, including
foreign and domestic misinformation
campaigns via social media, threaten

electoral integrity. Inflammatory rhetoric about “stolen” elections supercharges distrust among hardcore partisans. Taking into account how each of these threats has manifested in recent years—most notably in the 2016 and 2018 elections—Hasen offers concrete steps that need to be taken to restore trust in American elections before the democratic process is completely undermined.

With a new prologue ‘Splendid . . . anyone who wants to understand Indian politics or think they do should read it’ - Indian Express ‘Delightfully written . . . he has a sharp eye for details, especially the actions of political leaders’ - India Today ‘Captures the drama of 2014 and the men who powered it’-Open ‘Holds

you to your seat, often on the edge . . . A procession of India’s colourful political characters—Lalu Yadav, Amit Shah, Rahul Gandhi, Narendra Modi and many more come intimately close through the author’s accounts’ -The Hindu ‘Candid and forthright . . . and deliciously indiscreet’ -Hindustan Times ‘A racy narrative that goes beyond recording immediate political history’ -Tehelka The 2014 Indian general elections has been regarded as the most important elections in Indian history since 1977. It saw the decimation of the ruling Congress party, a spectacular victory for the BJP and a new style of campaigning that broke every rule in the political game. But how and why? In his riveting book, Rajdeep Sardesai tracks the story of this pivotal election through all the

key players and the big news stories. Beginning with 2012, when Narendra Modi won the state elections in Gujarat for a third time but set his sights on a bigger prize, to the scandals that crippled Manmohan Singh and UPA-II, and moving to the back-room strategies of Team Modi, the extraordinary missteps of Rahul Gandhi and the political dramas of election year, he draws a panoramic picture of the year that changed India.

Unprecedented Tor Science Fiction
This book analyzes continuity and change in elections to the U.S. House of Representatives from the early 1970s to the late 1990s, with emphasis on the elections of 1994, 1996, and 1998. Most of the essays closely examine these recent elections, documenting the

erosion of incumbency and insulation, but pointing out important continuities.

By One Vote Harper Collins

A NEW YORK TIMES BOOK REVIEW Editor's Choice Pick From an award-winning journalist covering gender and politics comes an inside look at the female candidates fighting back and winning elections in the crucial 2018 midterms. After November 8, 2016, first came the sadness; then came the rage, the activism, and the protests; and, finally, for thousands of women, the next step was to run for office—many of them for the first time. More women campaigned for local or national office in the 2018 election cycle than at any other time in US history, challenging accepted notions about who seeks power and who gets it. Journalist Caitlin Moscatello

reported on this wave of female candidates for New York magazine's The Cut, Glamour, and Elle. And in See Jane Win, she further documents this pivotal time in women's history. Closely following four candidates throughout the entire process, from the decision to run through Election Day, See Jane Win takes readers inside their exciting, winning campaigns and the sometimes thrilling, sometimes brutal realities of running for office while female. MEET THE CANDIDATES: Abigail Spanberger, a mom of three young girls and a former CIA operative, running for Congress in Virginia to unseat Freedom Caucus member Dave Brat. Catalina Cruz, a Colombian-born attorney whose state assembly bid could make her the first Dreamer elected in New York and only

the third in the country. Anna Eskamani, an Iranian-American woman running for state office in Florida, with a campaign motivated by her mother's health-care struggles and the Pulse Nightclub shootings. London Lamar, a Memphis native looking to become the youngest female representative in the Tennessee state house, running in one of the only Democratic and Black-majority areas of a largely conservative state. Beyond the 2018 victories, Moscatello speaks with researchers, strategists, and the leaders of organizations that helped women win. What she discovers is that the candidates who triumphed in 2018 emphasized authenticity and passion instead of conforming to the stereotype of what a candidate should look or sound like, a formula that will be more relevant

than ever as we approach the 2020 presidential election.

Carnival Campaign Penguin UK

It was all as unpredictable as it was riveting: Hillary Clinton's improbable rise, her fall and her insistence on pushing forward straight through to her remarkable phoenix flight from the race; Sarah Palin's attempt not only to fill the void left by Clinton, but to alter the very definition of feminism and claim some version of it for conservatives; liberal rapture over Barack Obama and the historic election of our first African-American president; the media microscope trained on Michelle Obama, harsher even than the one Hillary had endured fifteen years earlier. Meanwhile, media women like Katie Couric and Rachel Maddow altered the course of the

election, and comedians like Tina Fey and Amy Poehler helped make feminism funny. As Traister sees it, the 2008 election was good for women. The campaign for the presidency reopened some of the most fraught American conversations about gender, race and generational difference, about sexism on the left and feminism on the right, all difficult discussions that had been left unfinished but that are crucial to further perfecting our union.

Iowa Election Laws University of Chicago Press

In American Maelstrom, Michael A. Cohen captures the full drama of this watershed election, establishing 1968 as the hinge between the decline of political liberalism and the ascendancy of conservative populism and the anti-

government attitudes that continue to dominate the nation's political discourse, taking us to the source of the politics of division.

How America's Political Parties Change (and How They Don't) Penguin

The New York Times bestseller! "A thriller-like, propulsive tour through 1968, told by a man who is in love with American politics and who knows how all the dots connect. Brilliant and totally engrossing." -Rachel Maddow
 "Delightful...brings to life the most fascinating election of modern times." - Walter Isaacson
 From the celebrated host of MSNBC's The Last Word with Lawrence O'Donnell, an enthralling account of the presidential election that created American politics as we know it today
 Long before Lawrence O'Donnell

was the anchor of his own political talk show, he was a senior adviser to Senator Patrick Moynihan, one of postwar America's wisest political minds. The 1968 U.S. presidential election—marked by RFK's assassination, massive upheaval in the Democratic Party, and the first of Richard Nixon's dirty tricks—was O'Donnell's own political coming of age. In the decades since, the election has remained one of his abiding fascinations, as it set the tone for so much of what followed in American politics, all the way through to today. *Playing with Fire* represents his master class in American electioneering, as well as an extraordinary human drama that captures a system, and a country, coming apart at the seams.
Game Change Government Institutes

In this charming and powerful picture book about voting and elections, the students of Stanton Elementary School learn how we can find--and use--our voices for change. Every two years, on the first Tuesday of November, Stanton Elementary School closes for the day. For vacation? Nope! For repairs? No way! Stanton Elementary School closes so that it can transform itself into a polling station. People can come from all over to vote for the people who will make laws for the country. Sure, the Stanton Elementary School students might be too young to vote themselves, but that doesn't mean they can't encourage their parents, friends, and family to vote! After all, voting is how this country sees change--and by voting today, we can inspire tomorrow's voters to change the

future.

have been written about the civil rights

movement, but far less attention has

been paid to what happened after the

dramatic passage of the Voting Rights

Act (VRA) in 1965 and the turbulent

forces it unleashed. Give Us the Ballot

tells this story for the first time. In this

groundbreaking narrative history, Ari

Berman charts both the transformation

of American democracy under the VRA and the counterrevolution that has sought to limit voting rights, from 1965 to the present day. The act enfranchised millions of Americans and is widely regarded as the crowning achievement of the civil rights movement. And yet, fifty years later, we are still fighting heated battles over race, representation, and political power, with lawmakers devising new strategies to keep minorities out of the voting booth and with the Supreme Court declaring a key part of the Voting Rights Act unconstitutional. Berman brings the struggle over voting rights to life through meticulous archival research, in-depth interviews with major figures in the debate, and incisive on-the-ground reporting. In vivid prose, he takes the

reader from the demonstrations of the civil rights era to the halls of Congress to the chambers of the Supreme Court. At this important moment in history, Give Us the Ballot provides new insight into one of the most vital political and civil rights issues of our time.

The Guide to Processing Personnel Actions Simon and Schuster

Voting is an examination of the factors that make people vote the way they do. Based on the famous Elmira Study, carried out by a team of skilled social scientists during the 1948 presidential campaign, it shows how voting is affected by social class, religious background, family loyalties, on-the-job relationships, local pressure groups, mass communication media, and other factors. Still highly relevant, Voting is

one of the most frequently cited books in the field of voting behavior.

Now with a new introduction for the Tor Essentials line, *A Fire Upon the Deep* is sure to bring a new generation of SF fans to Vinge's award-winning works. A Hugo Award-winning Novel! "Vinge is one of the best visionary writers of SF today."- David Brin
Thousands of years in the future, humanity is no longer alone in a universe where a mind's potential is determined by its location in space, from superintelligent entities in the Transcend, to the limited minds of the Unthinking Depths, where only simple creatures, and technology, can function. Nobody knows what strange force partitioned space into these "regions of

thought," but when the warring Straumli realm use an ancient Transcendent artifact as a weapon, they unwittingly unleash an awesome power that destroys thousands of worlds and enslaves all natural and artificial intelligence. Fleeing this galactic threat, Ravna crash lands on a strange world with a ship-hold full of cryogenically frozen children, the only survivors from a destroyed space-lab. They are taken captive by the Tines, an alien race with a harsh medieval culture, and used as pawns in a ruthless power struggle. Tor books by Vernor Vinge

The American Voter Encounter Books

A thorough assessment of how the 2008 elections were financed and conducted.

Congressional Record Farrar, Straus and Giroux

The race for the White House in 1968 was a watershed event in American politics. In this brilliantly succinct narrative analysis, Lewis L. Gould shows how the events of that tumultuous year changed the way Americans felt about politics and their national leaders; how Republicans used the skills they brought to Richard Nixon's campaign to create a generation-long ascendancy in

presidential politics; and how Democrats, divided and torn after 1968, emerged as only crippled challengers for the White House throughout most of the years until the early twenty-first century. Bitterness over racial issues and the Vietnam War that marked the 1968 election continued to shape national affairs and to rile American society for years afterward. And the election accelerated an erosion of confidence in American institutions that has not yet reached a conclusion. In his lucid account, now revised and updated, Mr. Gould emphasizes the importance of race as the campaign's key issue and examines the now infamous "October surprises" of Lyndon Johnson and Richard Nixon as he describes the extraordinary events of what Eugene

McCarthy later called the "Hard Year."
Who's Counting? Stanford University Press

Beginning with former president Theodore Roosevelt's return in 1910 from his African safari, Chace brilliantly unfolds a dazzling political circus that featured four extraordinary candidates. When Roosevelt failed to defeat his chosen successor, William Howard Taft, for the Republican nomination, he ran as a radical reformer on the Bull Moose ticket. Meanwhile, Woodrow Wilson, the ex-president of Princeton, astonished everyone by seizing the Democratic nomination from the bosses who had made him New Jersey's governor. Most revealing of the reformist spirit sweeping the land was the charismatic socialist Eugene Debs, who polled an

unprecedented one million votes. Wilson's "accidental" election had lasting impact on America and the world. The broken friendship between Taft and TR inflicted wounds on the Republican Party that have never healed, and the party passed into the hands of a conservative ascendancy that reached its fullness under Reagan and George W. Bush. Wilson's victory imbued the Democratic Party with a progressive idealism later incarnated in FDR, Truman, and LBJ. 1912 changed America.

The Deadlocked Election of 1800

Melcher Media Incorporated

Tells the story of the 2016 U.S. presidential campaign between Donald Trump and Hillary Clinton in photos and essays by CNN contributors.

Change and Continuity in the 2020 and 2022 Elections Random House Studio

The study of elections, voting behavior and public opinion are arguably among the most prominent and intensively researched sub-fields within Political Science. It is an evolving sub-field, both in terms of theoretical focus and in particular, technical developments and has made a considerable impact on popular understanding of the core components of liberal democracies in terms of electoral systems and outcomes, changes in public opinion and the aggregation of interests. This handbook details the key developments and state of the art research across elections, voting behavior and the public opinion by providing both an advanced overview of each core area and

engaging in debate about the relative merits of differing approaches in a comprehensive and accessible way. Bringing geographical scope and depth, with comparative chapters that draw on material from across the globe, it will be a key reference point both for advanced level students and researchers developing knowledge and producing new material in these sub-fields and beyond. The Routledge Handbook of Elections, Voting Behavior and Public Opinion is an authoritative and key reference text for students, academics and researchers engaged in the study of electoral research, public opinion and voting behavior.

Vote for US Oxford University Press
The Congressional Record is the official record of the proceedings and debates of

the United States Congress. It is published daily when Congress is in session. The Congressional Record began publication in 1873. Debates for sessions prior to 1873 are recorded in The Debates and Proceedings in the Congress of the United States (1789-1824), the Register of Debates in Congress (1824-1837), and the Congressional Globe (1833-1873) Playing with Fire DIANE Publishing

Because of its extraordinary consequences and because of Abraham Lincoln's place in the American pantheon, the presidential election of 1860 is probably the most studied in our history. But perhaps for the same reasons, historians have focused on the contest of Lincoln versus Stephen Douglas in the northern free states and

John Bell versus John C. Breckinridge in the slaveholding South. In The Election of 1860 a preeminent scholar of American history disrupts this familiar narrative with a clearer and more comprehensive account of how the election unfolded and what it was actually about. Most critically, the book counters the common interpretation of the election as a referendum on slavery and the Republican Party's purported threat to it. However significantly slavery figured in the election, The Election of 1860 reveals the key importance of widespread opposition to the Republican Party because of its overtly anti-southern rhetoric and seemingly unstoppable rise to power in the North after its emergence in 1854. Also of critical importance was the corruption of the

incumbent administration of Democrat James Buchanan—and a nationwide revulsion against party. Grounding his history in a nuanced retelling of the pre-1860 story, Michael F. Holt explores the sectional politics that permeated the election and foreshadowed the coming Civil War. He brings to light how the campaigns of the Republican Party and the National (Northern) Democrats and the Constitutional (Southern) Democrats and the newly formed Constitutional Union Party were not exclusively regional. His attention to the little-studied role of the Buchanan Administration, and of perceived threats to the preservation of the Union, clarifies the true dynamic of the 1860 presidential election, particularly in its

early stages.

Electoral College Reform Routledge
Behind the deeply contentious 2020 election stands a real story of a broken election process. Election fraud that alters election outcomes and dilutes legitimate votes occurs all too often, as is the bungling of election bureaucrats. Our election process is full of vulnerabilities that can be — and are — taken advantage of, raising questions about, and damaging public confidence in, the legitimacy of the outcome of elections. This book explores the reality of the fraud and bureaucratic errors and mistakes that should concern all Americans and offers recommendations and solutions to fix those problems.
