**John Derian Picture Book** Random House

Account of the November Revolution in Russia.

**Biscuit Bear** Harvard University Press

SUMMARY: General instructions for making shadow puppets and scenery and staging productions, with specific directions for producing several plays such as "The little red hen" and "The emperor's new clothes"

**Making Shadow Puppets** Little, Brown

According to Roger Caillois, play is an occasion of pure waste. In spite of this - or because of it - play constitutes an essential element of human social and spiritual development. In this study, the author defines play as a free and voluntary activity that occurs in a pure space, isolated and protected from the rest of life.

**Circus Puppets** Scarborough House

New York Times Bestseller Named one of the Best Gift Books of the Year by Entertainment Weekly, InStyle, House Beautiful, T: The New York Times Style Magazine, Better Homes & Gardens, Luxe Interiors + Design, People StyleWatch, Garden & Gun, The Los Angeles Times, The Chicago Tribune, New York Magazine, and more John Derian's home goods empire reaches far and wide—in addition to the four John Derian stores he owns in New York and Massachusetts, his products are sold by more than 600 retailers worldwide, including Neiman Marcus, ABC, and Gump's in the United States; Conran and Liberty in the UK; and Astier de Villatte in Paris. It all started with his now-iconic collectible plates decoupage with 19th-century artwork sourced from old and rare books, a process that credited him with elevating the decoupage technique into fine art. Over the past 25 years, the brand has expanded greatly to include home and general design gifts and products. Now, for the first time ever, comes the book John Derian fans have been waiting for. Culled from the thousands of images that have appeared in his biannual collections, here is an astoundingly beautiful assortment of nearly 300 full-bleed images in their original form. From intensely colored flowers and birds to curious portraits, hand-drawn letters, and breathtaking landscapes, the best of John Derian is here. The result is an oversized object of desire, a work of art in and of itself, that brilliantly walks the line

between commerce and art, and that is destined to become the gift book of the season.

**Circus Showcase** UNESCO Publishing

The picture book inspiration for the Academy Award-winning film *The Green Book* Ruth was so excited to take a trip in her family's new car! In the early 1950s, few African Americans could afford to buy cars, so this would be an adventure. But she soon found out that Black travelers weren't treated very well in some towns. Many hotels and gas stations refused service to Black people. Daddy was upset about something called Jim Crow laws . . . Finally, a friendly attendant at a gas station showed Ruth's family *The Green Book*. It listed all of the places that would welcome Black travelers. With this guidebook—and the kindness of strangers—Ruth could finally make a safe journey from Chicago to her grandma's house in Alabama. Ruth's story is fiction, but *The Green Book* and its role in helping a generation of African American travelers avoid some of the indignities of Jim Crow are historical fact.

**This Is Burning Man** Artisan Books

Neuroscientist V.S. Ramachandran is internationally renowned for uncovering answers to the deep and quirky questions of human nature that few scientists have dared to address. His bold insights about the brain are matched only by the stunning simplicity of his experiments -- using such low-tech tools as cotton swabs, glasses of water and dime-store mirrors. In *Phantoms in the Brain*, Dr. Ramachandran recounts how his work with patients who have bizarre neurological disorders has shed new light on the deep architecture of the brain, and what these findings tell us about who we are, how we construct our body image, why we laugh or become depressed, why we may believe in God, how we make decisions, deceive ourselves and dream, perhaps even why we're so clever at philosophy, music and art. Some of his most notable cases: A woman paralyzed on the left side of her body who believes she is lifting a tray of drinks with both hands offers a unique opportunity to test Freud's theory of denial. A man who insists he is talking with God challenges us to ask: Could we be "wired" for religious experience? A woman who hallucinates cartoon characters illustrates how, in a sense, we are all hallucinating, all the time. Dr. Ramachandran's inspired medical detective work pushes the boundaries of medicine's last great frontier -- the human mind -- yielding new and provocative insights into the "big questions" about consciousness and the self.

**The Shadow Circus** Dragonfly Books

Rabbit has a problem: There's a large black rabbit chasing him, and no matter where he runs, the shadowy rabbit follows, but finally in the deep, dark wood, Rabbit loses his nemesis—only to encounter a real foe!

**Hans and Matilda** Henry Holt and Company (BYR)

Stage directions, puppet patterns, scripts, projected scenery ideas, and a full range of special effects will help with any performance - from simple songs and rhymes to full-blown stories and plays.

**Puppet Circus** Bantam

Barrington Barber presents this inspiring introduction to, and revelation of, the works of Vincent Van Gogh. You can trace his artistic development from his early beginnings to the myriad of later paintings produced when Van Gogh suffered repeated hallucinations and depression.

**Puppet Circus** Beachhouse Books

Cooper has the clever idea of making his mom pancakes for her birthday, and his friend the moose offers to help. The moose claims he's the best chef in Alaska, but is he really? Find out if Cooper's mom is happy about the surprise awaiting her in the kitchen!

**Through the Eyes of Vincent Van Gogh** Columbia University Press

Doherty provides detailed information on the outrageous festival---its inception, history, growth, and players--for the hundreds of thousands who have attended, as well as those who only wish they had.

**Shadow Theatre** Candlewick Press

Come join the circus as Caldecott Medal-winner Peter Spier takes you for a look under the big top! The circus is coming to town! Take your front row seat to see how a circus runs—from setting up the tent to performing center ring. Go soaring through the air on the flying trapeze and see how performers from all over the world come together to put on a show. With showbiz excitement that only the circus can create—and Peter Spier's signature humorous details waiting to be discovered on every page—this book is a guaranteed ticket to fun and adventure. "A treat!"—Kirkus "This premier illustrator offers a glorious new treat. . . . Children will undoubtedly want to pore over it."—School Library Journal

**The Mass Ornament** Gryphon House

The Mass Ornament today remains a refreshing tribute to popular culture, and its impressively interdisciplinary writings continue to shed light not only on Kracauer's later work but also on the ideas of the Frankfurt School, the genealogy of film theory and cultural studies, Weimar cultural politics,

and, not least, the exigencies of intellectual exile.

**Man, Play, and Games** Harper Collins

Former Wisconsin governor Philip F. La Follette forged a political path characterized by his progressive, innovative vision. Growing up in the shadow of revered senator "Fighting Bob" La Follette made for a politically charged childhood and laid the groundwork for Phil's emergence as a powerful figure in Wisconsin politics. A gregarious and fiery politician, Phil's efforts led to the passage of the country's first unemployment compensation act, aid programs for workers and farmers, and the reorganization of state government. This approachable, comprehensive book traces La Follette's journey through public office as well as his life after the waning of the Progressive era. Phil La Follette's is a history of continuing progressivism, of innovative solutions to social problems, and of loyalty to a political ethos that goes far beyond love of country. Kasperek's treatment of this Fighting Son is a monument not only to La Follette but to progressive politics in Wisconsin.

**Ruth and Green Book** PublicAffairs

The challenges to humanity posed by the digital future, the first detailed examination of the unprecedented form of power called "surveillance capitalism," and the quest by powerful corporations to predict and control our behavior. In this masterwork of original thinking and research, Shoshana Zuboff provides startling insights into the phenomenon that she has named surveillance capitalism. The stakes could not be higher: a global architecture of behavior modification threatens human nature in the twenty-first century just as industrial capitalism disfigured the natural world in the twentieth. Zuboff vividly brings to life the consequences as surveillance capitalism advances from Silicon Valley into every economic sector. Vast wealth and power are accumulated in ominous new "behavioral futures markets," where predictions about our behavior are bought and sold, and the production of goods and services is subordinated to a new "means of behavioral modification." The threat has shifted from a totalitarian Big Brother state to a ubiquitous digital architecture: a "Big Other" operating in the interests of surveillance capital. Here is the crucible of an unprecedented form of power marked by extreme concentrations of knowledge and free from democratic oversight. Zuboff's comprehensive and moving analysis lays bare the threats to twenty-first century society: a controlled "hive" of total connection that seduces with promises of total certainty for maximum profit -- at the expense of democracy, freedom, and our human future. With little resistance from law or society, surveillance capitalism is on the verge of dominating the social order and shaping the digital future -- if we let it.

**Shadow Theatres and Shadow Films** Mudpuppy

Matilda is a very good girl. She likes to sit quietly and read or water her flowers. Hans is very naughty - he makes too much noise, squirts people with his water pistol and daubs graffiti When Hans lets the animals out of the zoo, a reward is offered for his capture. Matilda tells the police where he will be.

**Worlds of Shadow** Typeworm Publishing

The landmark text about the inner workings of the unconscious mind—from the symbolism that unlocks the meaning of our dreams to their effect on our waking lives and artistic impulses—featuring more than a hundred images that break down Carl Jung’s revolutionary ideas “What emerges with great clarity from the book is that Jung has done immense service both to psychology as a science and to our general understanding of man in society.”—The Guardian “Our psyche is part of nature, and its enigma is limitless.” Since our inception, humanity has looked to dreams for guidance. But what are they? How can we understand them? And how can we use them to shape our lives? There is perhaps no one more equipped to answer these questions than the legendary psychologist Carl G. Jung. It is in his life’s work that the unconscious mind comes to be understood as an expansive, rich world just as vital and true a part of the mind as the conscious, and it is in our dreams—those personal, integral expressions of our deepest selves—that it communicates itself to us. A seminal text written explicitly for the general reader, *Man and His Symbols* is a guide to understanding the symbols in our dreams and using that knowledge to build fuller, more receptive lives. Full of fascinating case studies and examples pulled from philosophy, history, myth, fairy tales, and more, this groundbreaking work—profusely illustrated with hundreds of visual examples—offers invaluable insight into the symbols we dream that demand understanding, why we seek meaning at all, and how these very symbols affect our lives. By illuminating the means to examine our prejudices, interpret psychological meanings, break free of our influences, and recenter our individuality, *Man and His Symbols* proves to be—decades after its conception—a revelatory, absorbing, and relevant experience.

**Moose Mischief** Libraries Unlimited

Offers illustrated instructions for creating 32 shadow puppets.
