 Charlotte Crosby has been one of the UK's best-loved TV stars since she burst onto the celeb scene in 2011 with *Geordie Shore*. Laugh-out-loud hilarious, genuine, and a proper *Geordie*, Charlotte's popularity has even seen her crowned winner of 2013's *Celebrity Big Brother*. With her trademark humour and warmth, in *ME ME ME* Charlotte takes us on a very unique journey through her eventful teenage years (where literally nothing is off limits!), her attempts at holding down jobs (and booze), the life-changing experience of *Geordie Shore*, the truth about Gaz and his parsnip, and her inspiring weight-loss triumph. Full of drawings, doodles, and Charlotte's personal photos, this will be unlike any other celebrity autobiography on the market. Extremely personal, insanely honest and pant-wettingly funny.

Why is the word *madre*, "mother," so complicated in Spanish—especially in Mexico? Leaping off the page with energy, insight, and attitude, Liza Bakewell's exploration of language is anything but "just semantics." Why does *me vale madre* mean worthless, while *!qué padre!* means fabulous, she asks? And why do one hundred *madres* disappear when one *padre* enters the room, converting the group from *madres* to *padres*? Thus begins a journey through Mexican culture in all its color: weddings, dinner parties, an artist's studio, heart-stopping taxi rides, angry journalists, corrupt politicians, Blessed Virgins, and mothers both sacred and profane. Along the way, a reader discovers not only an invaluable lexicon of Mexican slang (to be used with caution or not at all) but also thought-provoking reflections on the evolution of language; its winding path through culture, religion, and politics; and, not least, what it means—and what it threatens—to be a creative female, a *madre*.

About the author of the book, Evelyn Schneider-Mark: Ever since she completed her studies to be a Naturopath and subsequently gained a degree in Psychology, over 30 years ago, she has been interested in marginal medical, psychological, spiritual and esoteric themes, which are often hidden from the main stream, but which are scientifically well accepted. She teaches this knowledge, not only to her students, but also reaches a wider audience in Germany with her various publications. In her books, she writes about subjects, the positive effects of which are widely unknown and on which she can pass on her own experiences. As the pineal gland was the one most recognized and written about by the earlier adepts, it is the logical beginning of any occult discussion of the endocrine chain. The epiphysis cerebri, or pineal body, secures its name from its peculiar shape (thepinus, or pine cone) and arises in the fifth week of the human embryo as a blind sac branching off from that section of the brain which is next in front of the mid-brain—the diencephalon—which includes the area of the third ventricle and adjacent parts. The distal, or remote, portion of this sac becomes the body of the gland. The proximal portion (the point of attachment or origin) remains as the stalk. Is not this pine cone the one to which E. A. Wallis-Budge refers in his *Osiris and the Egyptian Resurrection*, when in describing the entry of Ani into the presence of Osiris in the Egyptian ritual of Coming Forth by Day as "the so-called 'cone' on Ani's wig," for which the good Egyptologist could find no intelligent reason? Is this not also the whirring cone which was among the symbolic playthings of the child Bacchus and which Bastius describes as a small cone-shaped piece of wood around which a cord was wound so that it might be made to spin and give out a "humming noise"? (See *Orpheus*, by G. R. S. Mead.) Those acquainted with the esoteric function of the pineal gland or who have experienced the "whirring" sound attendant upon its activity will realize how apt is the analogy.

and no one else can steal your seat...if you don't let them. What if there were straight-forward, easy principles to get everything you want in life? Maybe you already manifest regularly or you've heard of it, but never tried it. Using manifestation means using the power of your thoughts, feelings or beliefs to bring something into your physical reality. At first, it sounds abstract, but science has proven, everything is made of energy: objects, animals, thoughts, and humans. There are laws that control how this energy flows and where it goes just as there are laws of gravity and laws of growth. The more you know about these laws the easier it is to navigate the energy you need in the right direction. No wonder that even stars like Will Smith, Jim Carey, Oprah Winfrey and Lady Gaga swear by manifestation as the secret to their success. Jim Carrey makes it sound really simple. He says: "As far as I can tell, it's just about letting the universe know what you want and then working towards it while letting go of how it comes to pass." Yet, there are reasons why some people are better at manifesting than others. There are a couple of fundamentals you need to understand in order to apply manifestation effectively. Yet, with a little guidance and the right techniques, your best life is waiting for you. This is only a select sample of what you'll discover in *The Magic of Manifestation: Flap or Fab: Why you should care about manifestation more than you think* The scientific secret behind changing your reality Why you might be manifesting your misery and how to avoid these common mistakes The smartest and most powerful way to attract anything you want in life How scientists manipulate your life with one particular weakness that outweighs all of science's strengths (check page 27) Is everything connected? If you think "manifestation" is just another 2020 buzzword, then you haven't heard the success stories of millions of people who made their dreams come true with this one powerful tool. It goes from 6-year-old Kabir who manifested to become the Malaysian David Copperfield and got invited to perform in The Magic Castle in Hollywood to family father Daniel who manifested his dream house in Maui. You don't have to be famous to be successful in life. These are average people, with average IQs and the natural power to manifest.
