Helping Your Child Avoid the Traps of the Preteen and Teen Years New Leaf Publishing Group

As parents, we deeply desire the best for our kids. We look for the right preschool, teach them to read, and get them involved in extracurriculars. We take our job as parents seriously. But are we also putting our time and energy into teaching them the Bible? Leading our kids to life through Scripture is not only doable, it's an essential part of parenting kids for Jesus. And the good news is studying God's Word as a family doesn't have to be hard or overly time-consuming. This book will give you the tools and confidence to study the Bible as a family. It will help you identify and overcome your objections and fears, give you a crash course in what the Bible is all about and how to teach it, and provide the tools and techniques to set up a family Bible-study habit. You will finish this book feeling encouraged and empowered to initiate and strengthen your child's relationship with the Lord through his Word.

Stories to Encourage Positive Behavior in Small Children The preschool and kindergarten years are some of the most important formative years of a person's life. Habits and attitudes developed during these crucial years affect a child for the rest of his or her life. These years are also a challenging time for parents as their children test boundaries (and patience). How parents and children respond makes all the difference in the world. The

Growing God's Kids series is designed to help young children understand their feelings, develop godly ways to deal with temptations, and form positive attitudes and behaviors that will serve them well in the future. In *Telling the Truth*, parents and children are encouraged to address lying and discover the value of telling the truth.

Distinguished pediatrician Dr Robert Bucknam, M.D. and co-author Gary Ezzo are two of the world's leading experts on baby sleep and feeding patterns. Millions of new mothers across the globe are coming toward this new brand at an increasing pace as they find and share the life changing success they are achieving with their newborns. This updated Anniversary edition celebrates 25 years with Bucknam and Ezzo's groundbreaking approach which has found favor with over six million parents in all 50 states and has been translated into 20 languages around the world. For 25 years, *On Becoming Babywise* has been the de facto newborn parenting manual for naturally synchronizing your baby's feeding time, waketime and nighttime sleep cycles, so the whole family can sleep through the night. In his 28th year as a licensed Pediatrician, Dr. Robert Bucknam, M.D. along with co-author Gary Ezzo, demonstrate how order and stability are mutual allies of every newborn's metabolism and how parents can take advantage of these biological propensities. In particular, they note how an infant's body responds to the influences of parental routine or the lack thereof. Early chapters start with explorations of everyday aspects of infant management such as the three basic elements of daytime activities for newborns:

feeding time, waketime, and naptime. Practical discussions then focus on broad and niche topics including feeding philosophies, baby sleep problems, baby scheduling challenges, nap routines, sleep training multiples, baby sleeping props, Colic and Reflux and many other dimensions which impact breast feeding schedules, bottle feeding tips, and baby sleeping training. Five resource Appendixes provide additional reference material: 1) Taking care of baby and mom 2) A timeline of what to expect and when 3) Baby Sleep Training Problems and Solutions 4) Monitoring Your Baby's Growth 5) Healthy Baby Growth Charts On Becoming Babywise is more than an infant-management concept. It is a mindset for successful parenthood. It can help any parent develop a plan that meets both the needs of a new baby and of the entire family. These principles have worked for millions of parents and, when applied with common sense to your unique situation, can work wonderfully for you too! Recommended by doctors across the country.

Leaving a Lasting Legacy Parent-Wise Solutions, Incorporated

Winner of the ECPA Book of the Year Award for Christian Living What is your calling as a parent? In the midst of folding laundry, coordinating carpool schedules, and breaking up fights, many parents get lost. Feeling pressure to do everything "right" and raise up "good" children, it's easy to lose sight of our ultimate purpose as parents in the quest for practical tips and guaranteed formulas. In this life-giving book, Paul Tripp offers parents much more than a to-do list. Instead, he presents us with a big-picture view of God's plan for us as parents. Outlining fourteen foundational principles centered on the gospel, he shows that we need more than the latest parenting strategy or list of techniques. Rather, we need the rescuing grace of God—grace that has the power to shape how we view everything we do as parents. Freed from the burden of trying to manufacture life-change in our children's hearts, we can embrace a grand perspective of parenting overflowing with vision, purpose, and joy.

Building and Sustaining a Thriving Leadership Culture Essential to every healthy church is a biblical model of leadership. In the New Testament, church leadership is built around a team of elders working together, each bringing his own unique skills and gifts to the cause of shepherding the flock God entrusted to them. However, in many churches today the principle of plurality in leadership is often misunderstood, mistakenly applied, or completely ignored. Dave Harvey encourages church leaders to prioritize plurality for the surprising ways that it helps churches to flourish. This book not only builds a compelling case for churches to adopt and maintain biblical elder pluralities guided by solid leadership but also supplies practical tools to help elders work together for transformation.

A Dare to Live Fully Right Where You Are Baker Books

In an age marked by the near collapse of the family, few things are more powerful than a Christian family where the biblical relationship between parents and children is clearly seen. This book is desperately needed today! Taken from a preaching series by D.M. Lloyd-Jones.

How People Really Grow Westminster John Knox Press

Making conscientious choices about technology in our families is more than just using internet filters and determining screen time limits for our children. It's about developing wisdom, character, and courage in the way we use digital media rather than accepting technology's promises of ease, instant gratification, and the world's knowledge at our fingertips. And it's definitely not just about the kids. Drawing on in-depth original research from the Barna Group, Andy Crouch shows readers that the choices we make about technology have consequences we may never have considered. He takes readers beyond the typical questions of what, where, and when and instead challenges them to answer provocative questions like, Who do we want to be as a family? and How does our use of a particular technology move us closer or farther away from that goal? Anyone who has felt their family relationships suffer or their time slip away amid technology's distractions will find in this book a path forward to reclaiming their real life in a world of devices.

Biblical Ethics for Parenting Tyndale House Publishers, Inc.

It's reality-check time! You are at least five months into your tour of parenting duty by now. The complexity of child-training has begun to come into focus. You have learned that as your baby matures both constant and variable factors continually influence his or her development. What behaviors can and should you expect from your pretoddler? Feeding time for your pretoddler, for example, is now more than a response controlled by a sucking reflex. For the pretoddler, mealtime is part of a very complex, conscious interaction between what the child does and what his parents expect him to do. Right and wrong conduct will be encouraged, discouraged, and guided when necessary. In fact, right and wrong patterns of behavior will now be part of your baby's entire day. That's why feeding time, waketime and sleeptime provide wonderful opportunities for training and Babywise Book II will guide you all the way, from the high chair to playpen, from the living room to the back yard. This series teaches the practical side of introducing solids food, managing mealtimes, nap transitions, traveling with your infant, setting reasonable limits while encourage healthy exploration and much more. You will learn how to teach your child to use sign language for basic needs, a tool proven to help stimulate cognitive growth and advance communication. Apply the principles and your friends and relatives will be amazed at the alertness, contentedness and happy disposition of your baby

Many books have been written on the Bible and evolution by scientists, but this volume is written by a biblical specialist. In Faith and Fossils Lester Grabbe, a prominent Hebrew Bible scholar, examines the Bible in its ancient context and explores its meaning in light of emerging scientific evidence. Both the Bible and the fossil record raise significant questions about what it means to be human, and Grabbe expertly draws on both sources to grapple with who we are and where we came from. Written in uncomplicated language and featuring eleven spectacular color plates, Grabbe's Faith and Fossils creatively shows how science and faith intersect in questions about human origins.

Talking with Your Kids about God B&H Publishing Group

Christian parenting is hard work--and it's getting harder. Parents have a deep desire to pass on their faith, but fear that today's increasingly skeptical and hostile world will eventually lead their kids to reject the truth of Christianity. That leaves many parents feeling overwhelmed--uncertain of what they can do to help their children, given the difficulty and extent of the faith challenges they will face. This practical and timely resource gives parents the confidence of knowing what to discuss with their children and how to discuss it in order to facilitate impactful conversations that will form the basis of a lifelong faith. In a friendly, parent-to-parent voice, Natasha Crain identifies 30 specific conversations about God that parents must have with their children, organizing them under the categories of - the existence of God - science and God - the nature of God - believing in God - the difference God makes Chapters are sequenced in a curriculum-oriented way to provide a cumulative learning experience, making this book a flexible resource for use in multiple settings: homes, church classes, youth groups, small groups, private Christian schools, and homeschools. Every chapter has a step-by-step conversation guide with discussion questions and tips, and content is readily adaptable for use with kids of any age (elementary through high school). Endorsements: "My prayer is that God will use this book to both motivate and equip you to help your kids develop convictions about their faith."--From the foreword by Sean McDowell, PhD, Biola University professor, speaker, and author of more than eighteen books, including *A New Kind of Apologist* "I can't think of a more relevant or more needed book for parents raising kids in today's culture. This book on apologetics will lead parents in critical conversations that will help grow and guide kids to be lifelong followers of Christ."--Kristen Welch, author of *Raising Grateful Kids in an Entitled World* "Hey parents: Do you want to reduce the chances that your child will follow the crowd to the point of rejecting Christ and the values and truths you hold so dearly? Then you need to have the conversations that Natasha Crain so brilliantly describes in this book. Prevent heartbreak later by reading and heeding this book now!"--Frank Turek, PhD, president of CrossExamined Ministries and author of *I Don't Have Enough Faith to Be an Atheist* and *Stealing from God* "May this book lead to thousands more Moms and Dads engaging with their kids through an intelligent faith. And may there be tens of thousands more kids who feel loved because the adults in their lives take their questions seriously."--Jeff Myers, PhD, president, Summit Ministries

Proverbs for Parenting Harvest House Publishers

By the #1 New York Times bestselling author of *Killers of the Flower Moon*, a powerful true story of adventure and obsession in the Antarctic, lavishly illustrated with color photographs Henry Worsley was a devoted husband and father and a decorated British special forces officer who believed in honor and sacrifice. He was also a man obsessed. He spent his life idolizing Ernest Shackleton, the nineteenth-century polar explorer, who tried to become the first person to reach the South Pole, and later sought to cross Antarctica on foot. Shackleton never completed his journeys, but he repeatedly rescued his men from certain death, and emerged as one of the greatest leaders in history. Worsley felt an overpowering connection to those expeditions. He was related to one of Shackleton's men, Frank Worsley, and spent a fortune collecting artifacts from their epic treks across the continent. He modeled his military command on Shackleton's legendary skills and was determined to measure his own powers of endurance against them. He would succeed where Shackleton had failed, in the most brutal landscape in the world. In 2008, Worsley set out across Antarctica with two other descendants of Shackleton's crew, battling the freezing, desolate landscape, life-threatening physical exhaustion, and hidden crevasses. Yet when he returned home he felt compelled to go back. On November 13, 2015, at age 55, Worsley bid farewell to his family and embarked on his most perilous quest: to walk across Antarctica alone. David Grann tells Worsley's remarkable story with the intensity and power that have led him to be called "simply the best narrative nonfiction writer working today." Illustrated with more than fifty stunning photographs from Worsley's and Shackleton's journeys, *The White Darkness* is both a gorgeous keepsake volume and a spellbinding story of courage, love, and a man pushing himself to the extremes of human capacity.
