## **MADILYNN MARISA**

---

**Teaching and Learning  
English in the Primary  
School** Cambridge  
Scholars Publishing  
The English language is  
currently used as a  
second or foreign

language in those  
countries which had once  
been British colonies. For  
example, when united  
India was partitioned into  
two main countries, India  
and Pakistan, it was  
intended that English  
would gradually be  
replaced as the language  
of administration in both  
countries. However, as  
the countries were also

home to several regional  
languages, attempts to  
introduce a sole official  
language and abolish  
English as the second  
official language have  
never succeeded. In  
today's world, English is  
the language of the  
cultural, social and  
political elite, offering  
significant economic,  
political and social

advantages to fluent speakers. Speakers of the English language automatically enjoy greater social status and have easier access to positions of power and influence. Learning and teaching the English language has therefore become a concern for those who cannot afford to study in native-speaking countries or at local expensive English-medium schools. This book provides various government and non-government educational and professional

institutions with simple and practical language-learning courses which fulfil the requirements of people who want to learn English. It will be of great interest to a wide variety of readers, including teachers, language learners, students, linguistic departments, general readers who are struggling to learn English, and professionals who want to overcome the language barrier.

**Promoting the Educational Success of Children and Youth Learning English**

Routledge  
Is children's language acquisition based on innate linguistic structures or built from cognitive and communicative skills? This book summarises the major theoretical debates in all of the core domains of child language acquisition research (phonology, word-learning, inflectional morphology, syntax and binding) and includes a complete introduction to the two major contrasting theoretical approaches: generativist and constructivist. For each

debate, the predictions of the competing accounts are closely and even-handedly evaluated against the empirical data. The result is an evidence-based review of the central issues in language acquisition research that will constitute a valuable resource for students, teachers, course-builders and researchers alike.

**Keep Talking** Cambridge University Press  
Real Grammar takes a fresh approach to English grammar. Real Grammar gives you freedom to

communicate effectively in English with clarity and confidence. Traditional grammar books tell you what people say. Real Grammar explains why we say it. Learning why will allow you to truly understand English. You will discover the core concepts of English and gain a deeper understanding of how English works. Once you understand the simple connected core concepts of English, you can use them in a variety of situations to express a wide range of ideas. Real

Grammar explores English grammar in a logical way, connecting what you learn with what you already know. Real Grammar features:- Simple explanations- Clear diagrams- Real life examples- Meaningful practice  
Real Grammar as a teaching resource: As teachers, we want our students to use what they learn in class when they communicate in English. Knowing grammatical structures is one thing, but being able to use them in a natural way can prove challenging. The

key is to get the student to understand why. This is done by:- Presenting grammar concepts clearly.- Comparing the new grammar concept to similar grammar concepts the student is already aware of. This helps the students understand the similarities and differences, developing their ability to apply grammar in a way that communicates their thoughts clearly.- Expanding into uses in other situations. We present other contexts that a part of speech is

used in, guiding the student to reason, come to their own conclusions, and discover why. Real Grammar includes explanations and practice activities that can be taught as grammar lessons or can be easily integrated into other English classes. [www.realgrammar.com](http://www.realgrammar.com)  
Real Grammar Flatiron Books  
 Educating dual language learners (DLLs) and English learners (ELs) effectively is a national challenge with

consequences both for individuals and for American society. Despite their linguistic, cognitive, and social potential, many ELs "who account for more than 9 percent of enrollment in grades K-12 in U.S. schools" are struggling to meet the requirements for academic success, and their prospects for success in postsecondary education and in the workforce are jeopardized as a result. Promoting the Educational Success of Children and Youth Learning English:

Promising Futures examines how evidence based on research relevant to the development of DLLs/ELs from birth to age 21 can inform education and health policies and related practices that can result in better educational outcomes. This report makes recommendations for policy, practice, and research and data collection focused on addressing the challenges in caring for and educating DLLs/ELs from birth to grade 12.

### **with Clear Rules, Real-World Examples, and Reproducible Quizzes**

Cambridge Advanced Learner's Dictionary  
KLETT VERSION

The Common European Framework of Reference (CEFR) was used to develop guidelines for the provision of English L2 support for newcomer children in Irish primary schools. The guidelines present age-appropriate and domain-specific 'can do' descriptors for the first three levels of the CEFR (A1-B1). This book reports on an in-depth empirical

investigation of the English L2 development of 18 primary pupils over the course of one school year. It presents case studies which illustrate the often uncertain progress of pupils' language development, and examines the wide range of variance across the sample. It also provides an analysis of the data as a whole, which reveals a number of regular patterns. The findings confirm that pupils' communicative capacity developed according to the functional trajectory

proposed by the guidelines and derived from the CEFR; they also allow us to attach a great deal of linguistic detail to descriptors of underlying linguistic competence.

Early Childhood

Development in

Humanitarian Crises

McGraw Hill Professional  
INSTANT NEW YORK

TIMES BESTSELLER “One of the most important books I’ve ever read—an indispensable guide to thinking clearly about the world.” – Bill Gates “Hans Rosling tells the story of ‘the secret silent miracle

of human progress’ as only he can. But Factfulness does much more than that. It also explains why progress is so often secret and silent and teaches readers how to see it clearly.”

—Melinda Gates

"Factfulness by Hans Rosling, an outstanding international public health expert, is a hopeful book about the potential for human progress when we work off facts rather than our inherent biases." - Former U.S. President Barack Obama  
Factfulness: The stress-

reducing habit of only carrying opinions for which you have strong supporting facts. When asked simple questions about global trends—what percentage of the world’s population live in poverty; why the world’s population is increasing; how many girls finish school—we systematically get the answers wrong. So wrong that a chimpanzee choosing answers at random will consistently outguess teachers, journalists, Nobel laureates, and investment bankers. In Factfulness,

Professor of International Health and global TED phenomenon Hans Rosling, together with his two long-time collaborators, Anna and Ola, offers a radical new explanation of why this happens. They reveal the ten instincts that distort our perspective—from our tendency to divide the world into two camps (usually some version of us and them) to the way we consume media (where fear rules) to how we perceive progress (believing that most things are getting worse).

Our problem is that we don't know what we don't know, and even our guesses are informed by unconscious and predictable biases. It turns out that the world, for all its imperfections, is in a much better state than we might think. That doesn't mean there aren't real concerns. But when we worry about everything all the time instead of embracing a worldview based on facts, we can lose our ability to focus on the things that threaten us most. Inspiring and revelatory,

filled with lively anecdotes and moving stories, Factfulness is an urgent and essential book that will change the way you see the world and empower you to respond to the crises and opportunities of the future. --- "This book is my last battle in my life-long mission to fight devastating ignorance...Previously I armed myself with huge data sets, eye-opening software, an energetic learning style and a Swedish bayonet for sword-swallowing. It

wasn't enough. But I hope this book will be." Hans Rosling, February 2017. Learning English

Incidentally Cambridge University Press

This new edition has been updated and revised to accompany the Fifth edition of English

Grammar in Use, the first choice for intermediate (B1-B2) learners. This book contains 200 varied exercises to provide learners with extra practice of the grammar they have studied.

Bite-size lessons. Big-time learning. With Practice Makes Perfect: Basic English, you'll get just the basics--essential vocabulary and grammar to get you to the next stage of learning English. Inside, three-page units cover each subject, which can be completed in a mere 10 to 15 minutes! Also included are engaging and humorous exercises to keep you focused and interested while you gain confidence in your new language.

**To Accompany English Grammar in Use Fifth**

**Edition** Cambridge University Press  
Buku ini disusun dengan tujuan menyediakan bahan ajar mata pelajaran bahasa Inggris untuk siswa SMP dengan acuan Standar Isi mata pelajaran bahasa Inggris tahun 2013. Bahan ajar ini dirancang untuk pemakaian secara nasional dan oleh karenanya guru di seluruh Indonesia dapat menggunakannya langsung di dalam kelas atau dengan melakukan adaptasi seperlunya menyesuaikan KTSP

masing-masing. Materi dan tugas pembelajaran dikembangkan dengan prinsip-prinsip Pendekatan Komunikatif untuk mengembangkan kompetensi siswa dalam keempat keterampilan berbahasa, yaitu menyimak, berbicara, membaca, dan menulis. Selain itu materi dan tugas pembelajaran secara integratif mengembangkan kecakapan hidup dalam arti luas dan peningkatan kesadaran akan kebinekaan. Materi dan tugas-tugas pembelajaran

dalam buku ini diorganisasikan ke dalam dua siklus pembelajaran, yaitu siklus lisan dan siklus tulis. Sementara siklus lisan menekankan pengembangan keterampilan menyimak dan berbicara, siklus tulis mengembangkan keterampilan membaca dan menulis. Sesuai dengan prinsip keterpaduan dalam pembelajaran bahasa, kedua siklus tersebut mengembangkan keempat keterampilan berbahasa secara terintegrasi. Selain itu,

untuk keperluan pengayaan dan evaluasi, setiap chapter dilengkapi dengan tugas terstruktur berupa evaluasi. Materi dan kegiatan pembelajaran dalam buku ini lebih dikembangkan untuk mendorong terjadinya learning pada diri siswa. Kegiatan-kegiatan belajar dikembangkan untuk menjadikan siswa secara individu, berpasangan, dan kelompok kecil secara aktif belajar bahasa Inggris melalui kegiatan memahami dan menggunakan bahasa

Inggris untuk mengekspresikan gagasan dan perasaan secara alami. Guru lebih bertindak sebagai fasilitator, pemberi feedback, dan pendorong siswa agar berani mengekspresikan dirinya dengan tidak mengabaikan pentingnya akurasi berbahasa. Dengan kegiatan-kegiatan pembelajaran dan peran guru yang demikian, siswa terbimbing dan memperoleh fasilitasi dalam berlatih mengekspresikan dirinya sehingga secara bertahap

akhirnya mampu berkomunikasi dengan baik.
