The tender plant of Albanian literature grew in a rocky soil. It was late to evolve and its development, indeed its very existence, was threatened in many periods. "Albanian Literature: A Short History" tells the story of the survival and growth of Albanian creative writing beginning with the earliest thirteenth century texts of Theodor of Shkodra, tracing the development of the modern literature of

Buzuku, Budi and Bogdani, the incorporation of the Muslim influences of Frakulla and Kycyku and continuing with the works of Cajupi and Kadare during the reign of King Zog and the Hoxha administration. A unique book that illuminates an under-researched subject, "Albanian Literature" is an essential reference guide for all those interested in Balkan cultures, in comparative literature and in European cultural history in general. *The Imperial Curriculum*

Niamh Greene's delightful fifth novel *A Message to Your Heart* is an intriguing and heart-warming story for fans of the wise humour of Catherine Alliott and the modern day fairytales of Cecelia Ahern. Throw in Niamh's unique brand of heart-warming storytelling and readers are in for a real treat. Frankie Rowley is far too practical to believe in karma or fate ... and her family and friends reckon that work-obsessed Frankie's strongest relationship is with her phone. (And why

not? At least it never judges her for cancelling dinner for the umpteenth time.) When she loses that precious phone on a business trip to San Francisco, Frankie is forced to hire a replacement. Soon she's getting texts meant for someone else - a woman called Aimee who seems like a lot of fun, and whose family clearly loves to keep in touch - and whose presence in her life is the last thing Frankie needs. Frankie goes on the warpath, but she is in for some surprises when

she blunders into Aimee's world. And the biggest surprise of all is how your life can be changed forever by losing a phone. Frankie may not believe in karma or fate, but suddenly it looks like they've got her number ... Praise for Niamh's previous titles: 'Brilliantly astute' **** OK! Magazine 'Very funny' **** Heat 'Greene's wicked sense of humour provides much needed relief in these recessionary times' Irish Independent 'This author is capable of being very very funny' Sunday

Independent 'Hilariously written but anchored in real life, this will keep you laughing all the way' Woman 'You'll love this tale of wrong turns, romance and reinvention' Daily Record A Message to Your Heart is a story of two women, two phones, a lot of crossed wires and a life changed forever that will go straight to readers' hearts just like Niamh's previous bestselling novels, including the award-nominated Secret Diary of a Demented Housewife.
Racial Images and

Education in the British Colonial Experience

McFarland

This volume presents the first comparative analysis of racial attitudes in the formal schooling of both Britain and its former dominions and colonies. The various contributions examine the issue right across the British imperial experience – with case studies ranging from Canada, Ireland, East and South Africa, through the Indian subcontinent to Australia and New Zealand. Racial indoctrination is

considered from the perspective of both colonizer and colonized.

The central theme throughout is that a racial hierarchy was taught through both curriculum and text in schools throughout the former British Empire.

When Susie's maiden aunt gives her a housekeeping journal, she expects Susie to use it for jotting down nutritious recipes and planning household budgets. But Susie has

more important things on her mind Like how to keep sane while trying to control a four-year-old diva who thinks she's Judy Garland, as well as a thrill-seeking toddler with a death wish. Not to mention managing a demanding husband who expects a home-cooked meal at least once a fortnight and inconsiderate parents who seem to think luxury spa breaks are more important than spending time with their grandchildren. On top of that, there's the small

matter of the Lone Father at the children's play group who is clearly smitten and Susie's passing interest in Posh'n'Becks, Wayne and Colleen, Brad'n'Jen'n'Angelina ... Susie's journal chronicles a hectic year in the life of a stay at home mother, whose one ambition is to possess an outfit that is free of snot stains.

Many have discovered the joys of living with indoor plants. They contribute not only to a healthier environment, but with proper styling, add a nice element to interior design schemes. For some living in more urban settings it is a matter of necessity as home gardens are rare. For others living in more rural or suburban surroundings it is a matter of choice. *Aesthetica Botanica* visits the homes of artists, florists,

gardeners and other plant enthusiasts who exemplify green living and are happy to share their stories and tips on caring for and decorating with plants. With handy chapters on green plants, cacti and succulents, and flowers, this book caters to any inclination providing practical information alongside stunning photographs. 40 vjet të Akademisë së Shkencave dhe të Arteve të Kosovës Cliffs Notes Peopled by larger-than-life heroes and villains, charged with towering

questions of good and evil, *Atlas Shrugged* is Ayn Rand's magnum opus: a philosophical revolution told in the form of an action thriller—nominated as one of America's best-loved novels by PBS's *The Great American Read*. Who is John Galt? When he says that he will stop the motor of the world, is he a destroyer or a liberator? Why does he have to fight his battles not against his enemies but against those who need him most? Why does he fight his hardest battle against the woman

he loves? You will know the answer to these questions when you discover the reason behind the baffling events that play havoc with the lives of the amazing men and women in this book. You will discover why a productive genius becomes a worthless playboy...why a great steel industrialist is working for his own destruction...why a composer gives up his career on the night of his triumph...why a beautiful woman who runs a transcontinental railroad

falls in love with the man she has sworn to kill. Atlas Shrugged, a modern classic and Rand's most extensive statement of Objectivism—her groundbreaking philosophy—offers the reader the spectacle of human greatness, depicted with all the poetry and power of one of the twentieth century's leading artists.

Albania is not well known by outsiders; it was deliberately closed to the outside world during the

communist era. Now it has thankfully become free again, its borders are open and it can be visited, and it is increasingly integrating with the rest of Europe and beyond. Unfortunately, Albania has had its share of problems in the post-communist era; it's a land of destitution and despair, thanks in part to the Albanian mafia, which has turned the country into one of blood-feuds, kalashnikovs, and eternal crises. Yet, Albania is, in essence, a European nation like any other and

will soon, it is to be hoped, advance and take its proper place in Europe and the world. The second edition of the Historical Dictionary of Albania relates the history of this little-known country through a detailed chronology, an introduction, a bibliography, appendixes, and over 700 cross-referenced dictionary entries on significant persons, places, and events; institutions and organizations; and political, economic, social, cultural, and religious

facets.

Realism/anti-realism in 20th-century Literature

"Designing the School Curriculum" takes a practical, step-by-step approach, giving students the thorough grounding in the process that leads to confident and effective practitioners. The author emphasizes the discretionary judgment of the individual teacher and acknowledges that the curriculum design process is completed only in the unique and spontaneous learning exchanges

between students and teachers. Practical ideas on the formation of school purposes, the design of school-wide experiences, effective implementation, and the creation of responsive evaluative mechanisms help students to fulfill the goal of the text to design an authentic and effective curriculum. After an introductory chapter examining the role of the teacher in the design process and two brisk chapters leading students through the theoretical foundations of curriculum

development, the text launches into the curriculum design process, giving a close look to each element. Hlebowitsh makes a valuable contribution to the field with this new text, offering a contemporary treatment of classic curriculum design theory and, most importantly, equipping students to engage in effective curriculum design themselves.
