Amoral, cunning, ruthless, and instructive, this multi-million-copy New York Times bestseller is the definitive manual for anyone interested in gaining, observing, or defending against ultimate control – from the author of *The Laws of Human Nature*. In the book that *People* magazine proclaimed “beguiling” and “fascinating,” Robert Greene and Joost Elffers have distilled three thousand years of the history of power into 48 essential laws by drawing from the philosophies of Machiavelli, Sun Tzu, and Carl Von Clausewitz and also from the lives of figures ranging from Henry Kissinger to P.T. Barnum. Some laws teach the need for prudence (“Law 1: Never Outshine the Master”), others teach the value of confidence (“Law 28: Enter Action with Boldness”), and many recommend absolute self-preservation (“Law 15: Crush Your Enemy Totally”). Every law, though, has one thing in common: an interest in total domination. In a bold and arresting two-color package, *The 48 Laws of Power* is ideal whether your aim is conquest, self-defense, or simply to understand the rules of the game.

Hardship and Hope After Prison Lyrical Press

NEW YORK TIMES BESTSELLER • The “compassionate” (*People*), “startling” (*Baltimore Sun*), “moving” (*Chicago Tribune*) true story of two kids with the same name from the city: One went on to be a Rhodes Scholar, decorated combat veteran, White House Fellow, and business leader. The other is serving a life sentence in prison. In development as a feature film executive produced by Stephen Curry, who selected the book as his “Underrated” Book Club Pick with *Literati* The chilling truth is that his story could have been mine. The tragedy is that my story could have been his. In December 2000, the *Baltimore Sun* ran a small piece about Wes Moore, a local student who had just received a Rhodes Scholarship. The same paper also ran a series of articles about four young men who had allegedly killed a police officer in a spectacularly botched armed robbery. The police were still hunting for two of the suspects who had gone on the lam, a pair of brothers. One was named Wes Moore. Wes just couldn't shake off the unsettling coincidence, or the inkling that the two shared much more than space in the same newspaper. After following the story of the robbery, the manhunt, and the trial to its conclusion, he wrote a letter to the other Wes, now a convicted murderer serving a life sentence without the possibility of parole. His letter tentatively asked the questions that had been haunting him: Who are you? How did this happen? That letter led to a correspondence and relationship that have lasted for several years. Over dozens of letters and prison visits, Wes discovered that the other Wes had had a life not unlike his own: Both had had difficult childhoods, both were fatherless; they'd hung out on similar corners with similar crews, and both had run into trouble with the police. At each stage of their young lives they had come across similar moments of decision, yet their choices would lead them to astonishingly different destinies. Told in alternating dramatic narratives that take readers from heart-wrenching losses to moments of surprising redemption, *The Other Wes Moore* tells the story of a generation of boys trying to find their way in a hostile world. BONUS: This edition contains a new afterword and a *The Other Wes Moore* discussion guide.

Paradise Found Lexxi James, LLC

He thinks he's too big for me. I like a challenge.On my 25th birthday, I received a letter. My mother had left me a piece of land in her will-- the farm I grew up on as a child. Her last request was that I restore it... and how could I say no?So I returned to my little town full of big memories. Nothing has changed here.Except for Grant Werther.When we were kids, I barely saw him. Now I can't miss him. The guy is HUGE; all muscle and beard, like some hardened mountain man. He's intimidating... and definitely sexy, in an alpha-male-cowboy kind of way.Turns out his dad owns part of my farm and he's got the papers to prove it. That means I can't do anything without Grant's approval. On top of that, this jerk says I'm too "city girl" to be here.And the way he openly stares at my ass in my cut-off jeans makes it clear what he thinks I'd be good at.He's the biggest man I've ever seen and I admit, I'm curious what he's hiding in his boxers.I didn't know he'd catch me peeking.Now he won't stop teasing me. He keeps saying I could never handle him, that he'd break me in two. I know I don't have to prove him wrong...But I want to.

A Hammond Family Farm Novel HarperCollins Leadership

A former parole officer shines a bright light on a huge yet hidden part of our justice system through the intertwining stories of seven parolees striving to survive the chaos that awaits them after prison in this illuminating and dramatic book. Prompted by a dead-end retail job and a vague desire to increase the amount of justice in his hometown, Jason Hardy became a parole officer in New Orleans at the worst possible moment. Louisiana's incarceration rates were the highest in the US and his department's caseload had just been increased to 220 "offenders" per parole officer, whereas the national average is around 100. Almost immediately, he discovered that the biggest problem with our prison system is what we do—and don't do—when people get out of prison. Deprived of social support and jobs, these former convicts are often worse off than when they first entered prison and Hardy dramatizes their dilemmas with empathy and grace. He's given unique access to their lives and a growing recognition of their struggles and takes on his job with the hope that he can change people's fates—but he quickly learns otherwise. The best Hardy and his colleagues can do is watch out for impending disaster and help clean up the mess left behind. But he finds that some of his charges can muster the miraculous power to save themselves. By following these heroes, he both stokes our hope and fuels our outrage by showing us how most offenders, even those with the best intentions, end up back in prison—or dead—because the system systematically fails them. Our focus should be, he argues, to give offenders the tools they need to re-enter society which is not only humane but also vastly cheaper for taxpayers. As immersive and dramatic as *Evicted* and as

revelatory as *The New Jim Crow*, *The Second Chance Club* shows us how to solve the cruelest problems prisons create for offenders and society at large.
