 Shamlal the Camel finds it almost impossible to do all the normal, everyday things that the other camels do. Her first word was 'NO!' and this is still the word she repeats the most through every day. Luckily, Shamlal's parents take her to a psychologist who explains that she has PDA, and gives her tips for how to live and learn with the syndrome. This simple, illustrated storybook will help children aged 7-11 with PDA to recognise its features, and develop tools to support them. A helpful introduction for parents and carers explains how it feels to live with the panic attacks and general anxiety that are caused by living with PDA, and the appendices at the back provide useful strategies to be adopted at school and at home.

 THE DRAGONS OF TALON: Once hunted nearly to extinction, they are now poised to take over the world. THE ORDER OF ST. GEORGE: The legendary dragonslayers will stop at nothing to wipe dragons from the face of the earth. These mortal enemies are locked in secret and deadly combat, with humanity none the wiser. To take her rightful place in the Talon organization, young dragon Ember Hill must prove she can hide her true nature and blend in with humans. Her delight at the prospect of a summer of "normal" teen experiences is short-lived, however, once she discovers that she's also expected to train for her destined career in Talon. But a chance meeting with a rogue dragon will soon challenge everything Ember has been taught. As Ember struggles to accept her future, St. George soldier Garret Xavier Sebastian is tasked with hunting her down. But when faced with Ember's bravery, confidence and all-too-human desires, Garret begins to question everything the Order has ingrained in him--and what he might be willing to give up to uncover the truth about dragons.

 This book deals with the roots of our mistrust and the ways that we can learn to recover our lost sense of trust. What we normally consider trust is actually a false trust, a childish, fantasy trust. This kind of false trust is dependent on how others and life treats us. Life teaches us through the painful experiences of disappointment and betrayal how to learn a new kind of trust, a real sense of trust which comes from inside and no longer dependent on outside events and experiences. Trust arises first from retrieving self-trust and then trust towards others follows naturally from that re-discovery. In the book, the authors teach by sharing liberally from their own personal experiences and also with examples from their work as international seminar leaders.

This stunning fantasy inspired by Chinese folklore is a companion novel to *Starry River of the Sky* and the New York Times bestselling and National Book Award finalist *When the Sea Turned to Silver* In the valley of Fruitless mountain, a young girl named Minli lives in a ramshackle hut with her parents. In the evenings, her father regales her with old folktales of the Jade Dragon and the Old Man on the Moon, who knows the answers to all of life's questions. Inspired by these stories, Minli sets off on an extraordinary journey to find the Old Man on the Moon to ask him how she can change her family's fortune. She encounters an assorted cast of characters and magical creatures along the way, including a dragon who accompanies her on her quest for the ultimate answer. Grace Lin, author of the beloved *Year of the Dog*

and *Year of the Rat* returns with a wondrous story of adventure, faith, and friendship. A fantasy crossed with Chinese folklore, *Where the Mountain Meets the Moon* is a timeless story reminiscent of *The Wizard of Oz* and Kelly Barnhill's *The Girl Who Drank the Moon*. Her beautiful illustrations, printed in full-color, accompany the text throughout. Once again, she has created a charming, engaging book for young readers.

 With a cast of beloved characters from previous Pern novels, *Dragongirl* is another triumph for Todd McCaffrey—and a riveting chapter for the Dragonriders of Pern. Young Fiona, rider of the gold queen Talenth, has returned with the dragons and riders who fled into the past to heal their battle wounds and prepare to fight anew the menace of Thread. Now more than three years older, Fiona is no longer a child but a woman—thrust into authority by a shocking tragedy. But leading weyrfolk who are distrustful of a young outsider will be only one of her challenges. Despite gaining reinforcements from the past, too few dragons have survived the recent plague to stem the tide of the intensifying Threadfall. As a senior Weyrwoman, Fiona must take decisive action. With the aid of Lorana, the rider who sacrificed her dragon for others, and Fiona's true love, the harper Kindan, she proposes a daring, nearly impossible plan. But if it succeeds, it just might save them all.

A new epic of love and war among gods and humans, from Nora Roberts—the #1 New York Times bestselling author of *The Awakening*. The world of magick and the world of man have long been estranged from one another. But some can walk between the two—including Breen Siobhan Kelly. She has just returned to Talamh, with her friend, Marco, who's dazzled and disoriented by this realm—a place filled with dragons and faeries and mermaids (but no WiFi, to his chagrin). In Talamh, Breen is not the ordinary young schoolteacher he knew her as. Here she is learning to embrace the powers of her true identity. Marco is welcomed kindly by her people—and by Keegan, leader of the Fey. Keegan has trained Breen as a warrior, and his yearning for her has grown along with his admiration of her strength and skills. But one member of Breen's bloodline is not there to embrace her. Her grandfather, the outcast god Odran, plots to destroy Talamh—and now all must unite to defeat his dark forces. There will be losses and sorrows, betrayal and bloodshed. But through it, Breen

Siobhan Kelly will take the next step on the journey to becoming all that she was born to be.

Help Your Dragon Understand Empathy. a Cute Children Story to Teach Kids Empathy, Compassion and Kindness. Jessica Kingsley Publishers

Making friends can be a challenge for all children, but those with autistic spectrum disorder (ASD) can struggle more than most. This collection of ten fully-illustrated stories explores friendship issues encountered by children with ASD aged four to eight and looks at how they can be overcome successfully. Key problem areas are addressed, including sharing, taking turns, being a tattletale, obsessions, winning and losing, jealousy, personal space, tact and diplomacy, and defining friendship. The lively and entertaining stories depersonalize issues, allowing children to see situations from the perspective of others and enabling them to recognize themselves in the characters. This opens the door to discussion, which in turn leads to useful insight and strategies they can practise and implement in the future. Each story has a separate introduction for adults which explains the main strategies within it. This book will be a valuable resource for all parents and teachers of children with ASD, along with their friends and families, and anybody else looking to help children on the spectrum to understand, make and maintain friendships.
