How to Become a Straight-A Student
Morgan James Publishing
In this short, powerful book, multimillionaire and bestselling author Steven K. Scott reveals King Solomon's breakthrough strategies to achieve a life

of financial success and personal fulfillment. Steve Scott flunked out of every job he held in his first six years after college. He couldn't succeed no matter how hard he tried. Then Dr. Gary Smalley challenged him to study the book of Proverbs, promising that in doing so he would achieve greater success and happiness than he had ever known. That promise came true, making Scott a millionaire many times over. In *The Richest Man Who Ever Lived*, Scott reveals Solomon's key for winning every race, explains how to resolve conflicts and turn enemies into allies, and discloses the five qualities essential to becoming a valued and admired person at work and in your personal life. Scott illustrates each of Solomon's insights and strategies with anecdotes about his

personal successes and failures, as well as those of such extraordinary people as Benjamin Franklin, Thomas Edison, Oprah Winfrey, Bill Gates, and Steven Spielberg. At once inspiring and instructive, *The Richest Man Who Ever Lived* weaves the timeless truths of one of our greatest works of literature into a detailed roadmap for successful living today.

 THESE HABITS WILL MAKE YOU EXTRAORDINARY. Twenty years ago, author Brendon Burchard became obsessed with answering three questions: 1. Why do some individuals and teams succeed more quickly than others and sustain that success over the long term? 2. Of those who pull it off, why are some miserable and others consistently happy on their journey? 3. What motivates people to reach for higher levels of success in the first place, and what practices help them improve the most After extensive original research and a decade as the world's leading high performance coach, Burchard found the answers. It turns out that just six deliberate habits give you the edge. Anyone can practice these

habits and, when they do, extraordinary things happen in their lives, relationships, and careers. Which habits can help you achieve long-term success and vibrant well-being no matter your age, career, strengths, or personality? To become a high performer, you must seek clarity, generate energy, raise necessity, increase productivity, develop influence, and demonstrate courage. The art and science of how to do all this is what this book is about. Whether you want to get more done, lead others better, develop skill faster, or dramatically increase your sense of joy and confidence, the habits in this book will help you achieve it faster. Each of the six habits is illustrated by powerful vignettes, cutting-edge science, thought-provoking exercises, and real-world daily practices

you can implement right now. If you've ever wanted a science-backed, heart-centered plan to living a better quality of life, it's in your hands. Best of all, you can measure your progress. A link to a free professional assessment is included in the book.

Amazon reader review "This book contains no "fluff." Vic Johnson brings information together from many sources and he tells it like it is. Each chapter has

action steps to reinforce the ideas as you learn them." Amazon reader review Description: Are you ready to achieve virtually anything you want, even if you've failed at every goal you've ever set? These 13 "secrets" are the proven formula used by world-class achievers across the ages. We live in a time where many people have lost touch with the qualities that produce extraordinary lives. Imagination, ingenuity, drive, and a no-fear, no-quitters allowed mentality often seem to be disappearing from our culture and our world. This is a book for everyone who has ever had a dream. This book will teach you how to set goals and achieve that dream, step-by-step and day-by-day. You'll discover some great news! If you've been struggling, if you've ever felt like you were going

"nowhere fast," you'll learn that it's not because there's something intrinsically wrong with you. You'll learn, instead, that it has a lot to do with ways of thinking that you've adopted in the past. This is great news because you can change the way you think, speak, and act. Success isn't the result of winning some sort of lottery. It's the result of applying the right principles with the right action and the right mindset. Do you feel like you're stuck? Do you feel like you've been watching life pass you by? Then this book is written with you in mind. About the Author Despite being totally unknown in the personal development industry when he launched his first website in 2001, Vic Johnson has gone on to become an international expert in goal setting and host of the

popular TSTN show Goals 2 Go. Evicted from his home in 1996 and his last car lost to repossession a year later, his story has become an oft-quoted source of inspiration to the more than 300,000 subscribers he serves worldwide. He is the author of the bestselling book Day by Day with James Allen and has appeared in numerous video programs with Bob Proctor, Jim Rohn, Brian Tracy, Denis Waitley and Mark Victor Hansen.
