DEMARION BENJAMIN

Crow Made a Friend Simon and Schuster

Perfect for fans of Laura Ruby, Laurie Halse Anderson, and Mindy McGinnis, Kyrie McCauley's stunning YA debut is a powerful story about the haunting specter of domestic violence and the rebellious forces of sisterhood and first love. Winner of the William C. Morris Award! Tens of thousands of crows invading Auburn, Pennsylvania, is a problem for everyone in town except seventeen-year-old Leighton Barnes. For Leighton, it's no stranger than her house, which inexplicably repairs itself every time her father loses his temper and breaks things. Leighton doesn't have time for the crows—it's her senior year, and acceptance to her dream college is finally within reach. But grabbing that lifeline means abandoning her sisters, a choice she's not ready to face. With her father's rage worsening and the town in chaos over the crows, Leighton allows herself a chance at happiness with Liam, her charming classmate, even though falling in love feels like a revolutionary act. Balancing school, dating, and survival under the shadow of sixty thousand feathered wings starts to feel almost comfortable, but Leighton knows that this fragile equilibrium can only last so long before it shatters.

Bird Brains Scholastic Inc.

"Sebastian and Crow discover that friends can be found in the unlikeliest of places and that a little kindness and imagination go a long way."--Provided by publisher.

The Graveyard Book Macmillan

Lyanda Lynn Haupt's sublime tribute to the crow and an invitation to engage with the wildlife in our midst. There are more crows now than ever. Their abundance is both an indicator of ecological imbalance and a generous opportunity to connect with the animal world. Crow Planet reminds us that we do not need to head to faraway places to encounter "nature." Rather, even in the suburbs and cities where we live we are surrounded by wild life such as crows, and through observing them we can enhance our appreciation of the world's natural order. Crow Planet richly weaves Haupt's own "crow stories" as well as scientific and scholarly research and the history and mythology of crows, culminating in a book that is sure to make readers see the world around them in a very different way.

Kafka on the Shore Simon and Schuster

The life history, language and culture of the American crow.

Crow Planet Akashic Books

Aggressive policing and draconian sentencing have disproportionately imprisoned millions of African

Americans for drug-related offenses. Michael Javen Fortner shows that in the 1970s these punitive policies toward addicts and pushers enjoyed the support of many working-class and middle-class blacks, angry about the chaos in their own neighborhoods.

Investigations and Adventures with Wolf-Birds PM Press

A University of Washington professor of wildlife science taps the findings of his extraordinary research into crow intelligence to offer insight into their ability to make tools and respond to environmental challenges, explaining how they engage in human-like behaviors from giving gifts and seeking revenge to playing and experiencing dreams.

Pig and Crow Harper Collins

A University of Washington professor of wildlife science taps the findings of his extraordinary research into crow intelligence to offer insight into their ability to make tools and respond to environmental challenges, explaining how they engage in human-like behaviors from giving gifts and seeking revenge to playing and experiencing dreams.

Mind of the Raven Courier Corporation

Two-time Caldecott Honor author/illustrator Lane Smith tells a whimsical story about a little rabbit searching for the best gift for someone very special. A thoughtful little Rabbit sets out to find the perfect gift for his Nana. He knows she will love anything he brings her but Rabbit wants this gift to be extra special. As he travels on his quest, Rabbit encounters an assortment of creatures—a crow, a smiling full moon, a stickler (whatever that is), a big fish, and a volcano. Each is certain they offer the best advice but nothing they suggest seems right for his Nana. It's not until Rabbit reaches the highest peak, that he finds exactly what he's been searching for. The award-winning illustrator of bestsellers including Penguin Problems and Giraffe Problems, brings originality and gentle humor to a story that parents and grandparents will be sharing with their children for years to come.

The Life and Time of Lonny Quicke Vintage

Since my incarceration began, I hadn't seen anyone except police officers and several detectives who came to stare at me through a small window in the door of my cell. I knew nothing about the charges I was being held on. I was completely in the dark. It had been little more than five years since I'd left my home in Mansfield, Louisiana, to attend Southern University. It seemed so much longer. A lot had happened during those years. I wanted to be involved. I wanted to make my own contribution, take my stand for freedom, just as Dr. Martin Luther King Jr., John Lewis, Daisy Bates, Stokely Carmichael, and Rosa Parks were doing. I wanted to fight back; I burned to do something about the evil that haunted my people. So, you might say that my experiences in Mansfield led me to this place. How I grew up there, how those impactful years shaped me, pointed me toward a future I had to embrace. Even it led me to jail. An unrelenting, honest, and inspirational memoir of a young man in the segregated South who became a championing voice in the ongoing fight for civil rights. Book jacket.

Discover the amazing world of trees in this incredible inventive board book with see-through acetate pages.

Essential Wisdom from the Urban Wilderness Penny Candy Books

"A wonderful way to introduce young readers to the natural world that lurks just outside their windows." —Globe Books Will Franny ever prove to her dad that crows and kids can be friends? Franny has a new friend—a crow who brings her presents in its beak. Like a red button! And a silver heart! Franny's dad doesn't believe her. He says crows and kids can't be friends. But Franny knows better. How will Franny prove her new playmate is real? And what will the crafty crow bring next? Award-winning author Candace Savage, whose crow expertise is lauded in popular books such as *Bird Brains*, motivates families to be present when exploring parks, backyards, balconies, city streets, beaches, and skies. Published in Partnership with the David Suzuki Institute

The Wake of Crows Holiday House

PICTURE BOOKS. One snowy Christmas Eve, a small bunny goes in search of Santa to ask him to make her Christmas wish come true. She packs everything she might need for the journey and leaves her cosy burrow and sets out through the snow on her quest. On the way, she meets many other animals all in need of a little help - which she gladly offers - and in doing so makes her own wish come true!. Ages 0+

Love Little, Brown Spark

An adaptation of Aesop's fable in which a thirsty crow figures out how to get a drink from a tall pitcher.

Thank You, Crow Greystone Books Ltd

Celebrates the power of friendship as a lonely Pig awaits the arrival of his new friend as it slowly hatches and emerges from inside the egg. Reprint.

Gifts of the Crow Gifts of the Crow How Perception, Emotion, and Thought Allow Smart Birds to Behave Like Humans

One of the biggest differences between humans and animals is the ability to understand the idea of "If I do X, Y might happen." New Caledonian crows seem to possess the intelligence to understand this "causal" concept. Why do crows have this ability? What does the crow know and what does it tell us about brain size, the evolution of intelligence, and just who is the smartest creature on the planet? In the latest addition to the Scientists in the Field series, the creators of *The Frog Scientist* take us to a beautiful Pacific island, where a lively cast of both crows and scientists is waiting to amuse and enlighten us.

Black Silent Majority Columbia University Press

For many people, especially those who came of age after landmark civil rights legislation was passed, it is difficult to understand what it was like to be an African American living under Jim Crow segregation in the United States. Most young Americans have little or no knowledge about restrictive covenants, literacy tests, poll taxes, lynchings, and other oppressive features of the Jim Crow racial hierarchy. Even those who have some familiarity with the period may initially view racist segregation and injustices as mere relics of a distant, shameful past. A proper understanding of race relations in this country must include a solid knowledge of Jim Crow—how it emerged, what it was like, how it ended, and its impact on the culture. Understanding Jim Crow introduces readers to the Jim Crow Museum of Racist Memorabilia, a collection of more than ten thousand contemptible collectibles that are used to engage visitors in intense and intelligent discussions about race, race relations, and racism. The items are offensive. They were meant to be offensive. The items in the Jim Crow Museum served to dehumanize blacks and legitimized patterns of prejudice, discrimination, and segregation. Using racist objects as teaching tools seems counterintuitive—and, quite frankly, needlessly risky. Many Americans are already apprehensive discussing race relations, especially in settings where their ideas are challenged. The museum and this book exist to help overcome our collective trepidation and reluctance to talk about race. Fully illustrated, and with context provided by the museum's founder and director David Pilgrim, *Understanding Jim Crow* is both a grisly tour through America's past and an auspicious starting point for racial understanding and healing.

Fools Crow HarperCollins

Splendid early novel (1918) evokes the Nebraska prairie life of the author's childhood, and touchingly commemorates the spirit and courage of the immigrant pioneers who settled the land.

The Colouring Book of Beautiful Gift Boxes - Christmas Nosy Crow

Two-time Newbery medalist Lois Lowry has crafted a beautiful picture book about the power of longing and the importance of reconnection between a girl and her father in post-WWII America. This is the story of young Liz, her father, and their strained relationship. Dad has been away at WWII for longer than she can remember, and they begin their journey of reconnection through a hunting shirt, cherry pie, tender conversation, and the crow call. This allegorical story shows how, like the birds gathering above, the relationship between the girl and her father is graced with the chance to fly.
