Commentary on the Gospel of John Baker Academic
 Theodore of Mopsuestia serves as one of the most important exemplars of Antiochene exegesis of his generation. While charges of heterodoxy against Theodore may not be entirely justified, there remains an apparent dualism in his Christology that should be critically viewed in light of the later Chalcedonian formula. With this caution, there still remains much that is valuable for contemporary readers, whether preachers, students or lay people interested in the early church's understanding of the Gospel of John. Here

for the first time is a complete English translation of this valuable work, ably translated by Marco Conti and edited by Joel C. Elowsky.

A Commentary on the Gospel of Matthew Wm. B. Eerdmans Publishing
 This commentary on Matthew offers a

unique interpretive approach that focuses on the socio-historical context of the Gospel and the nature of Matthew's exhortation to his first-century Christian audience. / By merging a careful study of Matthew's Gospel in relation to the social context of the ancient Mediterranean world with a detailed look at what we know of first-century Jewish-Christian relations, Craig Keener uncovers significant insights into the Gospel not found in any other Matthew commentary. / In addition, Keener's commentary is a useful discipleship manual for the church. His approach recaptures the full shock effect of Jesus' teachings in their original context and allows Matthew to make his point with greater narrative artistry. Keener also brings home the total impact of Matthew's message, including its clear portrait of Jesus and its call for discipleship, both to the Gospel's ancient readers and to believers today. / Thoroughly researched, the book includes a 150-page bibliography of secondary sources, and more than 150 pages of indexes.

New Testament scholar Johannes Beutler brings together a lifetime of study and reflection in this acclaimed commentary, first published in German in 2013 and now available to English-speaking audiences for the first time. Moving through the Gospel of John with a careful and critical eye, Beutler engages the relevant primary and secondary sources; summarizes the existing discussion; and presents syntactic, semantic, and pragmatic analyses of the text. As he meticulously examines the Fourth Gospel, Beutler pays special attention to the influence of Old Testament and Early Jewish traditions, to the overall structure of the Gospel of John, and to evidence suggesting a later stratum of contextualized "re-readings" in the composition of the Gospel. Bold, literary, and theological, this volume represents a landmark work of German biblical scholarship.

The author of a much-loved two volume Matthew commentary (1990) that he greatly revised and expanded fourteen years later, Frederick Dale Bruner now offers *The Gospel of John: A Commentary* - more rich fruit of his lifetime of study and teaching. Rather than relying primarily on recent scholarship, Bruner honors and draws from the church's major John commentators throughout history, including Augustine, Chrysostom, Aquinas, Luther, Calvin, Bultmann, Barrett, and many more. Alongside this "historical interpretation" is Bruner's own contemporary interpretation, which incorporates a lucid translation of the text, references to recent scholarship, and his pastoral application of the Gospel to present-day experience. Like Bruner's other work, this commentary is rich in biblical insights, broadly historical, and deeply theological. Here is what Eugene Peterson said about Bruner's earlier work on Matthew: "This is the kind of commentary I most want -- a theological wrestling with Scripture. Frederick Dale Bruner grapples with the text not only as a technical exegete (although he does that very well) but as a church theologian, caring passionately about what these words tell us about God and ourselves. His Matthew commentary is in the grand traditions of Augustine, Calvin, and Luther -- expansive and leisurely, loving the text, the people in it, and the Christians who read it." The same could well be said about the present John commentary, which promises to be another invaluable resource for pastors, teachers, and laypeople alike.

This commentary series is established on the presupposition that the theological character of the New Testament documents calls for exegesis that is sensitive to theological themes as well as to the details of the historical, linguistic, and textual context. Such thorough exegetical work lies at the heart of these volumes, which contain detailed verse-by-verse commentary preceded by general comments on each section and subsection of the text. An important aim of the NIGTC authors is to interact with the wealth of significant New Testament research published in recent articles and monographs. In this connection the authors make their own scholarly contributions to the ongoing study of the biblical text.

This commentary seeks above all to explain the text of John's Gospel to those whose privilege and responsibility it is to minister the Word of God to others, to preach and to lead Bible studies. I have tried to include the kind of information they need to know, but to do so in such a way that the informed layperson could also use the work in personal study of the Bible, exclusively for purposes of personal growth in edification and understanding. In particular, I have attempted: (1) To make clear the flow of the text. (2) To engage a small but representative part of the massive secondary literature on John. (3) To draw a few lines towards establishing how the Fourth Gospel contributes to biblical and systematic theology. (4) To offer a consistent exposition of John's Gospel as an evangelistic Gospel. - Preface.
