## GUADALUPE ALANNAH

*Memoirs of the Life and Writings of Benjamin Franklin* .. Univ of California Press

Composed from Franklin's autobiography and correspondence, this three-volume 1874 publication recounts the famous American statesman's eventful and inspiring life.

**Franklin** Vintage

Reprint of the original, first published in 1882.

**Benjamin Franklin and the American Revolution** Quill

Reprint of the original, first published in 1882.

*The Life of Benjamin Franklin, Written by Himself* Hackett Publishing

The inventor, the ladies' man, the affable diplomat, and the purveyor of pithy homespun wisdom: we all know the charming, resourceful Benjamin Franklin. What is less appreciated is the importance of Franklin's part in the American Revolution: except for Washington he was its most irreplaceable leader. Although aged and in ill health, Franklin served the cause with unsurpassed zeal and dedication. Jonathan R. Dull, whose decades of work on The Papers of Benjamin Franklin have given him rare insight into his subject, explains Franklin's role in the Revolution, what prepared him for that role, and what motivated him. The Franklin presented here, a man immersed in the violence, danger, and suffering of the Revolution, is a tougher person than the Franklin of legend. Dull's portrait captures Franklin's confidence and self-righteousness about himself and the American cause. It shows his fanatical zeal, his hatred of King George III and George's American supporters (particularly Franklin's own son), and his disdain for hardship and danger. It also shows a side of Franklin that he tried to hide: his vanity, pride, and ambition. Though not as lovable and avuncular as the person of legend, this Franklin is more interesting, more complex, and in many ways more impressive.

**The Private Correspondence of Benjamin Franklin** ..

**Comprising a Series of Letters on Miscellaneous, Litarary,**

**and Political Subjects** Penguin

In this engaging study of the much-loved statesman and polymath, Robert Middlekauff uncovers a little-known aspect of Benjamin Franklin's personality—his passionate anger. He reveals a fully human Franklin who led a remarkable life but nonetheless had his share of hostile relationships—political adversaries like the Penns, John Adams, and Arthur Lee—and great disappointments—the most significant being his son, William, who sided with the British. Utilizing an abundance of archival sources, Middlekauff weaves episodes in Franklin's emotional life into key moments in colonial and Revolutionary history. The result is a highly readable narrative that illuminates how historical passions can torment even the most rational and benevolent of men.

Benjamin Franklin in London Regnery Publishing

Examines Franklin's relations with his political adversaries, including the Penns and John Adams, and with his estranged son, William, who remained loyal to Britain

*The works of Benjamin Franklin: with notes and a life of the author* by J. Sparks Young Voyageur

A collection of Franklin's letters and other writings, accompanied by explanatory text recreates his life and achievements.

**Memoirs of the Life and Writings of Benjamin Franklin ...: Posthumous and other writings** Simon and Schuster

"I cannot remember ever reading a work of history and biography that is quite so fluent, so perfectly composed and balanced . . ." —The New York Sun "Exceptionally rich perspective on one of the most accomplished, complex, and unpredictable Americans of his own time or any other." —The Washington Post Book World From the most respected chronicler of the early days of the Republic—and winner of both the Pulitzer and Bancroft prizes—comes a landmark work that rescues Benjamin Franklin from a mythology that has blinded generations of Americans to the man he really was and makes sense of aspects of his life and career that would have otherwise remained mysterious. In place of the genial polymath, self-improver, and quintessential American, Gordon S. Wood reveals a figure much more ambiguous and complex—and much more interesting. Charting the passage of Franklin's life and reputation from relative popular

indifference (his death, while the occasion for mass mourning in France, was widely ignored in America) to posthumous glory, The Americanization of Benjamin Franklin sheds invaluable light on the emergence of our country's idea of itself.

Ben Franklin Newsweek Books

In this new account of Franklin's early life, Pulitzer finalist Nick Bunker portrays him as a complex, driven young man who elbows his way to success. From his early career as a printer and journalist to his scientific work and his role as a founder of a new republic, Benjamin Franklin has always seemed the inevitable embodiment of American ingenuity. But in his youth he had to make his way through a harsh colonial world, where he fought many battles with his rivals, but also with his wayward emotions. Taking Franklin to the age of forty-one, when he made his first electrical discoveries, Bunker goes behind the legend to reveal the sources of his passion for knowledge. Always trying to balance virtue against ambition, Franklin emerges as a brilliant but flawed human being, made from the conflicts of an age of slavery as well as reason. With archival material from both sides of the Atlantic, we see Franklin in Boston, London, and Philadelphia as he develops his formula for greatness. A tale of science, politics, war, and religion, this is also a story about Franklin's forebears: the talented family of English craftsmen who produced America's favorite genius.

Americans in history.

*The Works of Dr. Benjamin Franklin: Political, before the revolution* Yale University Press

An account of Franklin's British years.

[A Little Revenge](#) Cambridge University Press

Historian and biographer James Srodes tells Benjamin Franklin's incredible life story, making full use of the previously neglected Franklin papers to provide the most riveting account yet of the journalist, scientist, politician, and unlikely adventurer. From London, Paris, Philadelphia to his numerous romantic liaisons, Franklin's life becomes a panorama of dramatic history.

*The Writings of Benjamin Franklin* Ardent Media

Too often dismissed as the least philosophic of the Founding Fathers, Benjamin Franklin had a deep and lasting impact on the shape of American political thought. In this substantial collection of Franklin's letters, essays, and lesser-known papers, Ralph

Ketcham traces the development of Franklin's practical-and distinctly American-political thought from his earliest Silence Dogood essays to his final writings on the Constitution and The Evils of the Slave Trade.

[Benjamin Franklin : His Autobiography](#) Univ of California Press

Few know that Benjamin Franklin had a bastard son named William, a brilliant young man who first served Benjamin as military adviser, legal counsel, and pamphleteer, eventually rising to Royal Governor of New Jersey, only to become his father's implacable enemy.
