Rosie, A Detroit Herstory Kids Can Press Ltd
 From the best-selling author of *The Wind-Up Bird Chronicle* and *After Dark*, a rich and revelatory memoir about writing and running, and the integral impact both have made on his life. In 1982, having sold his jazz bar to devote himself to writing, Haruki Murakami began running to keep fit. A year later, he'd completed a solo course from Athens to Marathon, and now, after dozens of such races, not to mention triathlons and a slew of critically acclaimed books, he reflects upon the influence the sport has had on his life and—even more important—on his writing. Equal parts training log, travelogue, and reminiscence, this revealing memoir covers his four-month preparation for the 2005 New York City Marathon and includes settings ranging from Tokyo's Jingu Gaien gardens, where he once shared the course with an Olympian, to the Charles River in Boston among young women who outpace him. Through this marvellous lens of sport emerges a cornucopia of memories and insights: the eureka moment when he decided to become a writer, his greatest triumphs and

disappointments, his passion for vintage LPs, and the experience, after the age of fifty, of seeing his race times improve and then fall back. By turns funny and sobering, playful and philosophical, *What I Talk About When I Talk About Running* is both for fans of this masterful yet guardedly private writer and for the exploding population of athletes who find similar satisfaction in distance running.

Daisy the Bulldog has gone to every one of her owner's triathlons. She's proud of his athletic accomplishments, and is always there to greet him at the finish line. Daisy wonders if she could train and compete for an event like that. So she gets her doggy friends, Rascal the Dachshund, Atticus the Corgi, and Hobie the Dalmation to make their own dog-athalon. They plot a course through the park and train daily: swimming across the pond, skateboarding down the sidewalks, running up and down the hill. Finally, it's the big day, and the poochy pals couldn't be more excited. The course is tough, but they help one another along the way, cheering to keep going, challenging to do their very best. On the final hill, Daisy's tired and not sure she can make it to the finish line—until she spots a familiar (human) face, rooting for her along the way. "Go, Daisy, go!

Swim, bark, run. Go, Daisy, go! Just have fun!" A charming celebration of setting goals and staying active, *SWIM BARK RUN* demonstrates that with determination and teamwork, everyone's a winner.

Dozer the Goldendoodle has a wonderful life! He and his best friend, Chica, belong to a loving family. They have warm beds to sleep in, enough food to eat, and plenty of room in their yard to play and investigate. What more could a good dog want? As it turns out, Dozer wants an adventure. And when a runner runs past his yard, followed by another, and another, and another, Dozer decides to follow and see what is happening. In May 2011, unbeknownst to his owner, Dozer slipped out of his yard in Highland, Maryland, enticed by the sight of people running past. The runners were participating in the Maryland Half Marathon, a race benefitting the University of Maryland Greenebaum Cancer Center. Dozer joined the 2,000 runners in the race, inspiring everyone along the 13-mile race course. By the time his adventure was over and he was reunited with his family, Dozer's "Run" encouraged thousands of pledges in support of the Greenebaum Cancer Center. This true story of a playful dog that actually runs a half marathon entertains as well as inspires.

New York Times Bestseller Rosie may seem quiet during the day, but at night she's a brilliant inventor of gizmos and gadgets who dreams of becoming a great engineer. When her great-great-aunt Rose (Rosie the Riveter) comes for a visit and mentions her one unfinished goal—to fly—Rosie sets to work building a contraption to make her aunt's dream come true. But when her contraption doesn't fly but rather hovers for a moment and then crashes, Rosie deems the invention a failure. On the contrary, Aunt Rose insists that Rosie's contraption was a raging success: you can only truly fail, she explains, if you quit. From the powerhouse author-illustrator team of Iggy Peck, Architect comes Rosie Revere, Engineer, another charming, witty picture book about believing in yourself and pursuing your passion. Ada Twist, Scientist, the companion picture book featuring the next kid from Iggy Peck's class, is available in September 2016.!--?xml:namespace prefix = o ns = "urn:schemas-microsoft-com:office:office" /-- Praise for Rosie Revere, Engineer"Comically detailed mixed-media illustrations that keep the mood light and emphasize Rosie's creativity at every turn."—Publishers Weekly "The detritus of Rosie's collections is fascinating, from broken dolls and stuffed animals to nails, tools, pencils, old lamps and possibly an erector set. And cheddar-cheese spray." —Kirkus Reviews "This celebration of creativity and perseverance is told through rhyming text, which gives momentum and steady pacing to a story, consistent with the celebration of its heroine, Rosie. How do you cope when your darkest, most frightening fantasies become indistinguishable from reality? When the destroyer on which she serves is deployed to a war zone, Leading Seaman Rosie Winterbourne can no longer keep secret the psychosis that has blighted her life since the Accident. Medically discharged from the Navy, Rosie seeks solace in the renovation of her father's old yacht. To Run Before the Sea tells the story of a young woman's struggle with mental illness and the extraordinary risks she takes to rid herself of her terrifying delusions. It is a story that explores the troughs of despair on the long road to redemption, a story of resilience in the face of adversity, a story of drama on the high seas and stultifying events on land. A powerful mix of adventure, personal discovery, and self-renewal. Think hybrid of Kayson's Girl, Interrupted and Miller's The Crossing.

First you march, then you run. From the #1 bestselling, award-winning team behind March comes the first book in their new, groundbreaking graphic novel series, Run: Book One "Run recounts the lost history of what too often follows dramatic change—the pushback of those who refuse it and the resistance of those who believe change has not gone far enough. John Lewis's story has always been a complicated narrative of bravery, loss, and redemption, and Run gives vivid, energetic voice to a chapter of transformation in his young, already extraordinary life." —Stacey Abrams "In sharing my story, it is my hope that a new generation will be inspired by Run to actively participate in the democratic process and help build a more perfect Union here in America." —Congressman John Lewis To John Lewis, the civil rights movement came to an end with the signing of the Voting Rights Act in 1965. But that was after more than five years as one of the preeminent figures of the

movement, leading sit-in protests and fighting segregation on interstate busways as an original Freedom Rider. It was after becoming chairman of SNCC (the Student Nonviolent Coordinating Committee) and being the youngest speaker at the March on Washington. It was after helping organize the Mississippi Freedom Summer and the ensuing delegate challenge at the 1964 Democratic National Convention. And after coleading the march from Selma to Montgomery on what became known as "Bloody Sunday." All too often, the depiction of history ends with a great victory. But John Lewis knew that victories are just the beginning. In Run: Book One, John Lewis and longtime collaborator Andrew Aydin reteam with Nate Powell—the award-winning illustrator of the March trilogy—and are joined by L. Fury—making an astonishing graphic novel debut—to tell this often overlooked chapter of civil rights history.

See How They Run (Embassy Row, Book 2) Abrams

Rose Okanese, a single mother with two kids, has been pushed into a corner by Rez citizens to claim some self-respect, and decides that the fastest way to do that would be for her to run the reserve's annual marathon. Though Rose hasn't run in twenty years, smokes and initially has little motivation, she announces her intention to run the race. One quality Rose doesn't lack is spontaneity which sometimes clashes with her iron will and though she has initial regrets about opening her mouth, her life begins to dictate that she must follow through. But as fate will dictate, one rather huge unforeseen outcome of her decision is that she will have to do battle with an old inadvertently conjured demon that feeds off the strength of women. She is a truly mean old spirit who can invade other women and have them do her bidding and in no time has the Rez in an uproar. As Rose discovers, the old demon has been unintentionally called forth by Rose's teen daughter, Sarah, which complicates Rose's life just a little more. The spirit woman creates a reign of fear and havoc by appearing to people on the reserve and freaking them out, all of which leads to incidents of extreme humour and plot-twisting bemusement, liberally sprinkled with some jittery acts of valour. With a cast of unusual and unfamiliar characters, Dumont interweaves a tale of motherly love, friendship, lustful longing, wihtikow lore, and Rez humour and keeps the hoopla going until the race is done. At the story's vortex is Rose, a woman destined to face her fears and provide some rich laughter while doing so. Will she send the demon back to where it came from before the spirit claims her teen daughter? Will she get back together with her philandering, rock musician husband before her girls grow up? Will she sort out her best friend's winter pregnancy? But more importantly, will she get this all done before her big, face-saving race with Dahlia Ingram, a woman whom God has designed for one purpose: to run long distances at high speeds with effortless grace.
