OSCAR ISAAC CAST IN MOON KNIGHT

SERIES?! | Double Toasted  
 The Origins Of Just Babies by Paul Bloom begins with a captivating, science-based book offering an overview of what developmental psych tells us about infant and toddler's inborn morality. After tracing how morals develop as we age, Bloom moves into "trolley stories," which are little thought experiments cognitive scientists use to test morality of more mature subjects. Just Babies: The Origins of Good and Evil by Paul Bloom In his new book, "Just Babies," the psychologist Paul Bloom draws from his research at the Yale Infant Cognition Center to argue that "certain moral foundations are not acquired through... 'Just Babies: The Origins of Good and Evil,' by Paul Bloom ... Just Babies can express a reasonable

skepticism about the abilities of these tiny creatures—what do you expect of them, they're just babies? But of course "just" also derives from justice—as in "a just society"—and so the title captures one of the main arguments of the book, which is that we are born as moral creatures. We start off as just babies. I know this sounds like a remarkable claim, but I hope that my book will convince people to take it seriously. Just Babies: The Origins of Good and Evil: Bloom, Paul ... Many of us take for granted that babies are born selfish and that it is the role of society—and especially parents—to transform them from little sociopaths into civilized beings. In Just Babies, ...
