Shambhala Publications With 30 projects and an introduction to both crafting paper flowers and working with crepe paper, this book is full of inspiration and expert advice for beginners. If you have a Cricut Maker, you can download the templates to your machine so you can enjoy your own homemade bouquets in no time. Crepe paper is the best material for creating paper flowers, especially for beginners. It's forgiving and malleable--

easy to cut, bend, curl, and shape into peony petals, daffodil trumpets, chrysanthemum blooms, and more. And if you have a Cricut Maker, you can easily cut out the shapes from templates you download for free on Lia Griffith's website using a code. Then, follow instructions for crafting the flowers to arrange and display in vases and pots and as bouquets and wreaths.

You have a problem. Your current home "décor" is

ugly, shabby, and boring, but you can't afford lots of new stuff. Or maybe your house is filled with tired old junk that you just can't bear to throw away. Or maybe you bought all your furniture at a big box store, but it irritates you that it all looks like you bought it there. You have a solution—or, rather, a whole houseful of solutions. In this newest Big-Ass Book, do-it-yourself guru Mark Montano presents 105 practical, simple, and decidedly unboring projects for every space in

your home. Montano's wizardry—accomplished with masking tape, spray paint, and glue—transforms everything from accessories, to walls and windows, to lighting, to major pieces like headboards, tables, dressers, and chairs. (And there's even a chapter on turning the anonymous items you got at IKEA into one-of-a-kind treasures.) *Trash-to-treasure Papermaking* Abrams  
A collection of craft ideas for kids that create a minimum of mess.

In this funny, uncannily wise portrait of the dynamics of a sixth-grade class and of the greatness that sometimes comes in unlikely packages, Dwight, a loser, talks to his classmates via an origami finger puppet of Yoda. If that weren't strange enough, the puppet is uncannily wise and prescient. Origami Yoda predicts the date of a pop quiz, guesses who stole the classroom Shakespeare bust, and saves a classmate from

popularity-crushing embarrassment with some well-timed advice. Dwight's classmate Tommy wonders how Yoda can be so smart when Dwight himself is so clueless. With contributions from his puzzled classmates, Tommy assembles this first case file in the blockbuster bestselling Origami Yoda series, written by Tom Angleberger, author of *Star Wars: Return of the Jedi: Beware the Power of the Dark Side*, and hailed by *School Library Journal*

as "honest, funny, and immensely entertaining." F&P Level: T F&P Genre: RF

The hilarious, clever, and much-anticipated follow-up to the breakout hit, *The Strange Case of Origami Yoda!* It is a dark

time at Ralph McQuarrie Middle School. After suffering several Origami Yoda-related humiliations, Harvey manages to get Dwight suspended from school for being a “troublemaker.” Origami Yoda pleads with Tommy and Kellen to save Dwight by making a new case file—one that will show how Dwight’s presence benefits McQuarrie. With the help of their friends, Tommy and Kellen record cases such as “Origami Yoda and the Pre-eaten Wiener,” “Origami Yoda and the Exploding Pizza

Bagels,” and “Origami Yoda and Wonderland: The Musical.” But Harvey and his Darth Paper puppet have a secret plan that could make Dwight’s suspension permanent . . . This is the second case file in the blockbuster bestselling Origami Yoda series, written by Tom Angleberger, author of *Star Wars: Return of the Jedi: Beware the Power of the Dark Side*, showcasing his proven knack for authentically capturing the intrigues, fads, and dramas of middle school in “a satisfying tale of

friendship and just resistance to authority” (Kirkus Reviews, starred review). Praise for *Darth Paper Strikes Back* STARRED REIVEW “Angleberger’s just-as-funny follow-up to *The Strange Case of Origami Yoda* delves deeper into the mystery of the helpful paper Yoda in a satisfying tale of friendship and just resistance to authority. Pitch-perfect middle-school milieu and enough *Star Wars* references (and laughs) to satisfy fans and win new

ones.”—Kirkus Reviews, starred review “In this imaginative sequel...author Tom Angleberger has his finger puppet squarely on the erratic pulse of middle-school life, with its shifting allegiances, squeals, moans and misgivings.”—Washington Post “As with this story’s predecessor, the well-observed middle-school dynamics (and Angleberger’s sharp sense of humor) are greatly amplified by the book’s design, which includes faux wrinkled pages,

abundant doodles, and other scrawled marginalia. It’s a natural step up from the *Wimpy Kid* series, with more text and narrative complexity, but just as much on-target humor and all-around fun.” —Publishers Weekly “This book is honest, funny, and immensely entertaining. The illustrations and design will engage readers. Based on the positive reception *Origami Yoda* has received, kids will be clamoring for this sequel. They won’t be disappointed.” —School

Library Journal “The Force is with Tom Angleberger in this sequel to his funny and clever novel/comics hybrid, The Strange Case of Origami Yoda. A sequel to equal the funny and clever novel/comics debut of the Origami Yoda, as

Dwight’s friends try to save him from reform school.—Shelf Awareness “With the same deft touch that made The Strange Case of Origami Yoda a pleasure, Angleberger takes readers through the ups and downs of adolescence.” —Portland

Book Review “Darth Paper offers further proof that Angleberger really understands middle-schoolers and the daily dramas that engulf them, while still finding the humor inherent in their situations.—Scripps News
