Piano Adventures Neil A. Kjos Music Company (Faber Piano Adventures). PreTime Piano Music from China is a colorful selection of folk songs and original Chinese works arranged at just the right level for the beginning pianist.

Primer students meet LeLe the musical panda who playfully guides them through writing activities and discovery questions. Teacher duets provide support with harmonic richness and steady rhythms. Unique at each level of the series, a picture tour of China offers a visual sampling of history and culture. In addition, a duet improvisation and guided composition exercise draw students creatively into the Chinese sound. Songs include: The Bride's Farewell * Come Here Quickly * March Song (Gong Mode) * March Song (Yu Mode) * Ping-Pong Song * Shepherd's Song * The Young Pioneer Has Departed.

Aaron Shearer's *Classic Guitar Technique* has long been the core method used by generations of classic guitarists. Alfred Music is proud to present the third edition, and first major revision, of Volume 1 of this benchmark work. Completely re-edited and updated in collaboration with Thomas Kikta (one of Aaron's former students and the head of Duquesne University's Classic Guitar Department), the third edition maintains the character and appeal of the original book while providing new critical insights into core techniques that had not been addressed in previous editions. Also, for the first time, companion online audio recordings

are included with the book, providing demonstrations, play-along tracks, and duet opportunities to ensure students correctly emulate the tone and feel of the music.
