It's a good book. Offers pronunciation, definitions, synonyms, and antonyms, as well as good practice.

Chances are there are at least some words you'll learn from the book, even if you do well on the diagnostic test but I still suggest that you take that test to see if you should get a higher level book.

Publications International

The Faith and Life Third Edition series is a minor update to the Revised Edition series so that all text and liturgical references conform to the implementation of the new Roman Missal.

Revised Edition teachers' manuals may continue to be used with the Third Edition text and activity books as the changes are relatively few. A list of changes with side by side textual comparisons to aid teachers using the Revised Edition teacher's manual is available from the Faith and Life series website. This Faith & Life activity book is designed for use in the home or classroom and provides creative activities for review and reinforcement of each lesson. Through

carefully developed and selected activities, the emphasis is on understanding and putting into practice the teachings of Christ in everyday life.

THEME: Preparation for the first reception of the sacraments of Penance and Holy Communion, with the law of God and salvation history as background. The lesson emphasizes God's mercy and love.

Covers

Commandments, Creation and Redemption.

SEQUENCE: Ch. 1-16: God teaches us through his law; we obey through love. Ch. 17-23: We find forgiveness of sins through Jesus' sacrifice. Ch. 24-34: We prepare for life in Heaven by reception of Jesus in the Eucharist

and our life in the Church. AIM: To prepare second grade students for Confession and Holy Communion, and to help them appreciate God's love for them shown in these two sacraments. There is an added emphasis on the order of the Mass and on prayer.

Ready-to-go English
Language
Development tasks
that focus on students
"doing the doing" of
talking, reading,
listening, and
responding. In recent
years, the percentage

of English Language Learners (ELLs) has increased in almost every state, so most teachers are faced with the challenge of teaching literacy to students acquiring English alongside English-speaking students. However, in many integrated learning situations, English Language Development (ELD) instruction is strikingly different than the teaching we provide students whose first language is English. The Big Book of Tasks for English Language Development helps teachers meet that challenge head-on! Bestselling author and esteemed education consultant Nancy Akhavan shows that teaching multilingual learners requires changing our

instruction to focus on practices that have high impact for students as they acquire language. Yet it's not about doing more— it's about doing smarter. It's about having high expectations for all students and providing scaffolds to support students at all levels of English language proficiency as they learn and grow more confident. All the ready-to-go activities in the book Center on active tasks where students do the thinking, talking, reading, and writing, with appropriate support Activate the domains of language — listening, speaking, reading, and writing — and recognize that these do not develop at the same rate Honor the continuum of

language development and build on what students can do. Provide teaching tools such as learning targets, suggestions for when to use a task, basic instructions and "teacher talk" for launching a task, and "Watch For and Work-Arounds" Focus on the linguistic assets multilingual learners bring to the classroom and provide opportunities to help them collaborate with peers. With Nancy Akhavan's signature straightforward, teacher-friendly style, this book offers an uplifting reminder that with the right teaching strategies, educators can support multilingual learners to achieve their full potential and thrive in their learning journeys.
