Ever since its original publication in Germany in 1938, Max Schweidler's *Die Instandsetzung von Kupferstichen, Zeichnungen, Buchern usw.* has been recognized as a seminal modern text on the conservation and restoration of works on paper. This volume, based on the authoritative revised German edition of 1950, makes Schweidler's work available in English for the first time, in a meticulously edited and annotated scholarly edition. An extensively illustrated appendix presents case studies of eleven Old Master prints that were treated using the techniques Schweidler

discusses.

Many manuals on pastel painting take for granted the use of traditional soft pastels, a dry medium that provides the richness and variety of paint colours. Soft pastel is certainly the most versatile and widely used, but the modern range of materials include other pastel types that have their own specific purpose. In this exhaustive A-Z reference for artists of all skills, a variety of different pastel types are detailed, from oil through to water-soluble pastels, amongst the multitude of techniques broken down and easily explained.
