MARQUIS JOURNEY

Macmillan

Thirteen-year-old Cody is aching to get back onto

the pitch. Last year he had a tumor removed from his leg. Though it's a struggle, Cody tries out for the Lions and makes

the team as a "super sub" -- one of eleven players who jokingly named themselves that because they're never allowed to play. Secretly Cody is relieved, since he hasn't told anyone on the team that he had cancer. But then there's a shakeup in team management and suddenly Cody and the super subs are the only players left. Cody has no choice now but to play, even if his leg does begin to hurt. At an end-of-season tournament it becomes clear that he and another player, Paulo, are close to being the perfect scoring duo. Without being aware of it, Cody has been holding himself back, striking with his left leg instead of his right. When he finally comes clean to his teammates about his disease and injury from the year before, they encourage him to trust his leg and his skill.

Mario Balotelli is already a footballing legend - and he's only 22. Incredibly talented, yet frequently controversial both on and off the pitch, Balotelli lit up the Premier League from the moment he signed for Manchester

City in 2010. Born in Italy to Ghanaian parents, he suffered life-threatening health problems as a baby. By the age of three he had recovered, but his parents then entrusted him to a foster family and Mario grew up in the affluent village of Concesio. He began his footballing career with Lumezzane, earning promotion to the first team at the age of just 15. Balotelli's skill soon brought him to the attention of Inter Milan and he signed with them in 2006. Having made his first team debut in 2007, he became the youngest Inter player to score in the Champions League in November 2008. His second season at Inter was blighted by disciplinary problems, and a series of high-profile clashes with manager Jose Mourinho paved the way for a move to the Premier League. Reunited with former boss Roberto Mancini at Manchester City, Balotelli soon made his mark with a series of stunning goals - and yet more incidents - which led to him being the subject of increasingly implausible newspaper reports about his antics. But the 2010/11 season was to end in glory, with a man-of-the-match

performance as City won the FA Cup. A stunning performance in the Euro 2012 semi-final against Germany sealed Balotelli's status as a legend. This was eclipsed in the final game of the 2011/12 Premier League season, when Balotelli provided the assist to Sergio Aguero, who scored in the 94th minute to give City their first league title since 1968. He is sure to provide entertainment, goals and controversy for years to come. Mercurial, troublesome and frequently brilliant, this is the incredible story of the most fascinating man in world football today. Game On! Capstone

But when it touches the pretty doctor he wants in his bed, he'll do anything to keep her safe. When

Striker and Lila are thrust together, sparks fly, and passions ignite. Before long they find themselves entangled in a relationship neither saw coming. The MC can and will eliminate any threat against Lila, but what if they - and the man she's falling for - are the reason she's in danger? This book is recommended for 18+ due to graphic sexual content and explicit language.
