Dorothy L. Sayers' Trinitarian Theory of Creation Applied to Her Plays Zeal of Thy House and the Devil to Pay Gospel in Great Writers

Dorothy L Sayers' great lay contemporaries in the Church of England were T. S. Eliot, C.S. Lewis and Charles Williams, but none of them wrote a book quite like *The Mind of the Maker*. In this crisp, elegant exercise in theology, Sayers illuminates the doctrine of the Trinity by relating it to the process of writing fiction, a process about which she could speak with complete authority. She illustrates her thesis with many examples drawn from her own books, and even illuminates the Christian heresies by analysing certain failures of creation which regularly occur in literature. This marvellous classic describes the creative process in terms of the arts and shows that literature can cast light on theology and vice versa.

What must a person believe to be a Christian? Dorothy Sayers lays out age-old doctrines without prettying-up or watering-down. She brings them vividly to life by showing how the Bible, history, literature, and modern science fit together to make religion not only possible but necessary in our time. So whether you are reading the great works of Western literature, thinking about your place in God's universe, or simply dealing with the thousand-and-one problems of daily living, this powerful book has words of both challenge and comfort for you. Excerpt: Somehow or other, and

with the best intentions, we have shown the world the typical Christian in the likeness of a crashing and rather ill-natured bore--and this in the Name of One who assuredly never bored a soul in those thirty-three years during which He passed through this world like a flame. Let us, in Heaven's name, drag out the Divine Drama from under the dreadful accumulation of slipshod thinking and trashy sentiment heaped upon it, and set it on an open stage to startle the world into some sort of vigorous reaction.

Introducing the Dante Papers Trilogy: Introductory Papers on Dante Further Papers on Dante The Poetry of Search and the Poetry of Statement The Poetry of Search, with which the book opens, puts forward the suggestion that controversy about what kind of thing poetry ought to be has tended to overlook the fact that there are two kinds of poetry, corresponding roughly to the categories of Romantic and Classical but which she prefers to describe as the Poetry of Search and the Poetry of Statement. The poet of search writes to find out what he feels--Keats is an example--and the poet of statement writes to tell what he knows--and here Dante is the master. Dante the Maker, which follows, discusses two examples of this method as poet of statement: First, how the whole of the *Paradiso* is built like a bridge between the first and the last terrains, and how roads from all the other parts of the poem run together to one point from which to pass over that bridge; secondly, how from a single unadorned statement in the seventh canto the reader who shares Dante's background may construct a whole labyrinth of associated imagery, turning and returning perpetually upon the central affirmation of fact in which a whole complex of meanings lies implicit. *Whose Body? Illustrated* Fig

Dorothy L. Sayers, detective novelist, poet, scholar, playwright, and Christian apologist, spent the last fourteen years of her life reading and translating Dante's 'Divine Comedy'. The first two volumes of her translation, 'Hell' and 'Purgatory', were published during her lifetime, but when she died in 1957 the third volume, 'Paradise', was unfinished. It was completed by her friend Barbara Reynolds. Thirty years later Barbara Reynolds wrote this book, the first full-length study of this illuminating stage in the creative life of Dorothy Sayers. Drawing on personal reminiscences and unpublished letters, she tells a moving and compelling story. The work explores the dynamic impact of Dante upon a mature mind. New light is shed on Dorothy Sayers' personality, her relationship with her friends, her methods of work, and her intellectual and spiritual development. Readers of Dante, no less than readers of Sayers, will find this an exciting book.

The Mind of the Maker by Dorothy L. Sayers From the first pages of Genesis, it is clear that God and man share one vital trait: the ability to create great works out of nothing. More than any other group, artists feel impelled to create, and this urge brings them closer to God. By contemplating the creative drive of humanity, we can better understand the works of God, and by reading deeply into the tenets of Christianity, we can better understand the creative spirit of man. Dorothy L. Sayers explores the concept of the Holy Trinity within the context of invention: the creative idea, the creative energy, and the creative power. In this searching, wide-ranging treatise, one of the greatest minds of the twentieth century shows us what it means to be an artist-and what it takes to make humankind. We are delighted to publish this classic book as part of our extensive Classic Library collection. Many of the books in our collection have been out of print for decades, and therefore have not been accessible to the general public. This volume includes over twenty of C. S. Lewis's most important literary essays, written between 1932 and 1962. The topics discussed range from Chaucer to Kipling, from 'The Literary Impact of the Authorized Version' to 'Psycho-Analysis and Literary Criticism,' from Shakespeare and Bunyan to Sir Walter Scott and William Morris. Common to each essay, however, is the lively wit, the distinctive forthrightness and the discreet erudition which characterizes Lewis's best critical writing.

Unpopular Opinions Thomas Nelson

One of the founding mothers of mystery, Dorothy Sayers first introduced the popular character

Lord Peter Wimsey in 1923 with the publication of *Whose Body?* Over the next twenty years, more novels and short stories about the aristocratic amateur sleuth appeared, each one as cunningly written as the next. Now in single volume, here are all the Lord Peter Wimsey stories, a treasure for any mystery lover. From "The Fantastic Horror of the Cat in the Bag" to "The Image in the Mirror" and "Talboys," this collection is Lord Peter at his best -- and a true testament to the art of detective fiction.

The Mind of the Maker Cambridge University Press

In this play, Dorothy L. Sayers addressed the crimes and problems of human life, especially those of the victors in war, in an entirely novel way, by precipitating an airman in the very moment of his death back into the company of citizens of the "City," in this case, Lichfield. The citizens range from Adam and Eve (Adam himself the inventor of the axe which kills Abel) together with other biblical characters in the history of redemption brought to new life as members of the City (e.g., Judas is a common informer). Others bear burdens of shame, toil, fear, poverty, and ingratitude. Former inhabitants (e.g., George Fox, Dr. Johnson) help the airman see that no more than they can he shift the burden of guilt and grief that they all share. There is but one remedy, to join the "Persona Dei" carrying his cross, finding indeed that he bears their burdens for them. The "Persona Dei" is finally seen in resurrection and glory.

This compilation unites two of Dorothy L. Sayers best writings about the proper education of Christian children. Written in the 1940s, these influential documents were published at the time that Sayers was at her height as a popular writer of fiction. Well-known in England and abroad as a talented and bestselling author, it was during maturity that Sayers decided the time was right to share and publish her views on Christian education. Sayers discusses a number of different topics relevant to a healthy moral and spiritual education ranging from primary school age to university level. She proposes a number of tenets and rules to be carried by schools and colleges, that students may acquire a mindful and responsible attitude both to God and to others in the world. The views delivered in the texts are enforced by relevant quotations of writers and poets who wrote with Christian overtones, such as Goethe and T. S. Eliot. Mindful of the nature of children and young people, Sayers does not advocate an oppressive or forceful kind of education, but one which nurtures pupils' inner talents and creativity. As a woman who lived by her talents for expression and by the Christian virtues, Sayers is eager that students of future generations be given the greatest chance to succeed in much the same fashion she did. The opinions Dorothy Sayers gave in these two works were influential in education, with many schools around the USA and UK - both private and state funded - taking inspiration from them. Today, they remain a relevant and worthwhile read for parents, educators and Christian believers.
