"A madcap adventure . . . Adams's writing teeters on the fringe of inspired lunacy."—United Press International Back on Earth with nothing more

to show for his long, strange trip through time and space than a ratty towel and a plastic shopping bag, Arthur Dent is ready to believe that the past eight years were all just a figment of his stressed-out imagination. But a gift-wrapped fishbowl with a cryptic inscription, the mysterious disappearance of Earth's dolphins, and the discovery of his battered copy of The Hitchhiker's Guide to the Galaxy all conspire to give Arthur the sneaking suspicion that something

otherworldly is indeed going on. God only knows what it all means. Fortunately, He left behind a Final Message of explanation. But since it's light-years away from Earth, on a star surrounded by souvenir booths, finding out what it is will mean hitching a ride to the far reaches of space aboard a UFO with a giant robot. What else is new? "The most ridiculously exaggerated situation comedy known to created beings . . . Adams is irresistible."—The Boston

The Science of The Hitchhiker's Guide to the Galaxy Penguin

In one complete volume, here are the five classic novels from Douglas Adams's beloved Hitchhiker series. Now celebrating the pivotal 42nd anniversary of *The Hitchhiker's Guide to the Galaxy*, soon to be a Hulu original series! The

Hitchhiker's Guide to the Galaxy (Nominated as one of America's best-loved novels by PBS's The Great American Read) Seconds before the Earth is demolished for a galactic freeway, Arthur Dent is saved by Ford Prefect, a researcher for the revised Guide. Together they stick out their thumbs to the stars and begin a wild journey through time and space. *The Restaurant at the End of the Universe* The moment before annihilation at the hands of warmongers is a curious time to crave tea.

It could only happen to the cosmically displaced Arthur Dent and his comrades as they hurtle across the galaxy in a desperate search for a place to eat. Life, the Universe and Everything The unhappy inhabitants of planet Krikkit are sick of looking at the night sky- so they plan to destroy it. The universe, that is. Now only five individuals can avert Armageddon: mild-mannered Arthur Dent and his stalwart crew. So Long, and Thanks for All the Fish Back on Earth,

Arthur Dent is ready to believe that the past eight years were all just a figment of his stressed-out imagination. But a gift-wrapped fishbowl with a cryptic inscription thrusts him back to reality. So to speak. Mostly Harmless Just when Arthur Dent makes the terrible mistake of starting to enjoy life, all hell breaks loose. Can he save the Earth from total obliteration? Can he save the Guide from a hostile alien takeover? Can he save his daughter from herself? Includes the

bonus story “Young Zaphod Plays It Safe” “With droll wit, a keen eye for detail and heavy doses of insight . . . Adams makes us laugh until we cry.”—San Diego Union-Tribune “Lively, sharply satirical, brilliantly written . . . ranks with the best set pieces in Mark Twain.”—The Atlantic [The Hitchhiker’s Guide to the Isekai](#) Harmony Now celebrating the 42nd anniversary of The Hitchhiker’s Guide to the Galaxy, soon to be a Hulu original series! “Hitchhiker fans rejoice! .

. . [Here’s] more of the same zany nonsensical mayhem.”—The New York Times Book Review It’s easy to get disheartened when your planet has been blown up and the woman you love has vanished due to a misunderstanding about space/time. However, instead of being disheartened, Arthur Dent makes the terrible mistake of starting to enjoy life a bit—and immediately all hell breaks loose. Hell takes a number of forms: there’s the standard Ford Prefect

version, in the shape of an all-new edition of The Hitchhiker's Guide to the Galaxy, and a totally unexpected manifestation in the form of a teenage girl who startles Arthur Dent by being his daughter when he didn't even know he had one. Can Arthur save the Earth from total multidimensional obliteration? Can he save the Guide from a hostile alien takeover? Can he save his daughter, Random, from herself? Of course not. He never works out exactly what is

going on. Will you? "Douglas Adams is a terrific satirist. . . . He is anything but harmless."—The Washington Post Book World

**The Hitchhiker's Guide to the Galaxy** John Wiley & Sons

Following a number of stunning catastrophes, which have involved him being alternately blown up and insulted in ever stranger regions of the Galaxy, Arthur Dent is surprised to find himself living in a cave on prehistoric Earth.

However, just as he thinks that things cannot possibly get worse, they suddenly do. An eddy in the space-time continuum lands him, Ford Prefect, and their flying sofa in the middle of the cricket ground at Lords, just two days before the world is due to be destroyed by the Vogons. Escaping the end of the world for a second time, Arthur, Ford, and their old friend Slartibartfast embark (reluctantly) on a mission to save the whole galaxy from fanatical robots. Not bad for a man in his

dressing gown.

Don't Panic Random House  
 Don't Panic: collected together in the Hitchhiker's Guide Trilogy are the five titles that comprise Douglas Adams' wildly popular and wholly remarkable comedy

science fiction series, with a special introduction from the author himself. The Hitchhiker's Guide to the Galaxy One Thursday lunchtime the Earth gets unexpectedly demolished to make way for a new hyperspace bypass. For Arthur Dent, who has only just had his house demolished that morning, this seems already to be rather a lot to cope with. Sadly, however, the weekend has only just begun. The Galaxy may offer a mind-boggling variety of ways to be blown up and/or insulted,

but it's very hard to get a cup of tea. The Restaurant at the End of the Universe When all questions of space, time, matter and the nature of being have been resolved, only one question remains - 'Where shall we have dinner?' The Restaurant at the End of the Universe provides the ultimate gastronomic experience, and for once there is no morning after to worry about. Life, the Universe and Everything Following a number of stunning catastrophes, Arthur Dent is surprised to find himself

living in a hideously miserable cave on prehistoric Earth. However, just as he thinks that things cannot get possibly worse, they suddenly do. An eddy in the space-time continuum lands him, Ford Prefect, and their flying sofa in the middle of the cricket ground at Lord's, just two days before the world is due to be destroyed by the Vogons. to save the whole galaxy from fanatical robots. Not bad for a man in his dressing gown . . . So Long, and Thanks for All the Fish There is a knack to flying. The knack lies in learning how to throw yourself at the ground and miss. It's not an easy thing to do, and Arthur Dent thinks he's the only human who's been able to master this nifty little trick - until he meets Fenchurch, the woman of his dreams. Fenchurch once realised how the world could be made a good and happy place.

Unfortunately, she's forgotten. Convinced that the secret lies within God's Final Message to His Creation, they go in search of it. And, in a dramatic break with tradition, actually find it . . . Mostly Harmless Arthur Dent has settled down on the small planet Lamuella and has embraced his role as a Sandwich Maker. However, his plans for a quiet life are thrown awry by the unexpected arrival of his daughter. There's nothing worse than a frustrated teenager with a copy of the Hitchhiker's

Guide to the Galaxy in their hands. When she runs away, Arthur goes after her determined to save her from the horrors of the universe. After all - he's encountered most of them before . . .

THE COMPLETE HITCH HIKER'S GUIDE TO THE GALAXY SERIES Don't panic. First a legendary radio series, then a sequence of bestselling

books, a television series, a computer game, a little-known Belgian progressive rock opera, a blockbuster movie, and finally this handsome hardback edition - primarily intended as a blunt object with which to bludgeon one's enemies - The Hitch Hiker's Guide to the Galaxy is one of the greatest fictional enterprises of the twentieth century. Telling the long, circuitous and often inexplicable story of Arthur Dent, left homeless and rather annoyed after the Earth is destroyed in

order to build a hyperspace expressway, this edition collects all five parts of the trilogy: · The Hitch Hiker's Guide to the Galaxy · The Restaurant at the End of the Universe · Life, the Universe and Everything · So Long and Thanks For All the Fish · Mostly Harmless along with a wealth of extra material prefaced and contextualised by Jem Roberts, the official biographer of Douglas Adams, to complete the canon. Introduced by Richard Dawkins and Nick Harkaway

This is a story about two friends who've known each other for a while. At least Arthur Dent thinks so until Ford Prefect reveals that he's actually an alien and that the world is about to end! Not long after their conversation, a Vogon spaceship appears and announces that earth will

be destroyed shortly because it is in the way of a new intergalactic highway bypass that is being built through our galaxy. Ford and Arthur manage to board the ship before the earth is demolished, and they are quickly discovered - ejected into space by the Vogon captain! Douglas Adams' wildly funny, wickedly clever sci-fi novel is collected here in a three-installment, comic ebook series. So grab your towel, stick a babel fish in your ear, and get set to join Arthur Dent,

Ford Prefect, Zaphod Beeblebrox, Trillian and Marvin the Paranoid Android on the ultimate adventure of several lifetimes.
