RIOS DELGADO

The Law of Contracts in a Nutshell ... Fourth Edition, by Ralph Millner West Academic Publishing

Explaining the basic principles of contract law, this text highlights key cases and statutes. Nutshells are designed as revision aids for those studying law, and include topics favoured by examiners as well as model questions and answers.

West Academic Publishing

A continuation of the successful *Government Contracts in a Nutshell*, 6th, this expanded *Principles of Government Contracts*, 7th summarizes the Federal Acquisition Regulation System (FARS), improper business practices and personal conflicts of interest, publicizing contract actions, and competition requirements. Addresses acquisition planning, contractor qualifications, and descriptions of agency needs. Explains socio-economic policies, commercial items, contract types, options, sealed bidding, and contracting by negotiation. Reviews intellectual property, cost accounting standards, cost principles, financing, protests, disputes, and appeals. Explores research and development contracting, construction and architect-engineer contracts, inspection and warranty, value engineering, delays, suspension of work, changes and equitable adjustments, subcontracting, and government contract terminations for default and convenience.

Principles of Contract Law + Casebookplus West Group

Haggard's *Legal Drafting in a Nutshell* provides guidelines for producing documents that serve the client's needs, solve existing problems, and prevent future problems. Authoritative coverage overviews the general drafting process and offers tips on getting started. Provides guidelines for drafting within the law and choosing the proper concept. Also identifies ambiguities, definitions, and drafting ethics.

Oil and Gas Contracts in a Nutshell West Academic Publishing

Comprehensive contracts outline geared towards a mastery of the substantive area of the law.

Whether you are looking to fine tune your knowledge for an upcoming exam or looking to grasp this dense area of the law -- this is the right outline for you. There is no need to pay exuberant costs for name brand outlines loaded with filler pages and obscure rules of law when you can get the black letter law here for a reasonable cost.

[The Law of Contracts in a Nutshell ... Fifth Edition \[of the Work by Alfred J. Conyers\]](#). West Academic Publishing

Expert author presents a comprehensive treatment of contract remedies. Subjects include common law and equitable remedies for breach of contract such as expectation and reliance damages, restitution, and specific performance. Discusses contracts for the sale of goods, as well as buyers' and sellers' remedies under Article 2 of the UCC. Also examines contractual control over remedies and remedies for mistake and unconscionability.

Contracts in a nutshell West Academic Publishing

Rohwer and Skrocki's *Contracts in a Nutshell* is a succinct summary of the fundamentals of contracts. Contains expert coverage on forming contracts, restitution, statute of frauds, contract interpretation, and modification. Also discusses remedies, performance, and third-party beneficiaries.

The role of government and whether it is required was a great topic of discussion around the revolt against the French nobility at the time this book was written. The argument focuses around whether the idea of law and good conscious is written within each of us and that we all know how government should act and be carried out. The work then goes over the various forms of government and of them all which would fit the proposed "Social Contract" the best. Each as its own merits.

Civil Procedure in a Nutshell West Academic Publishing

Essential revision tool: they provide a concise outline of the principles for each of the major subject areas within undergraduate law. Written in clear, straight-forward language, the authors explain the principles, and highlight key cases and legislative provisions for each subject.

Government contracts in a nutshell West Academic Publishing

The first edition of this book was written by Jeffrey Schox for his course "Patent Law and Strategy for Innovators and Entrepreneurs" at Stanford University. After an introduction to intellectual property, it explores the patent system, the requirements for a patent, infringement, and inventorship and ownership issues. The second edition included the America Invents Act ("AIA"), which transformed the U.S. patent system from a "first-to-invent" system to a "first-inventor-to-file" system. The third edition added a glossary and general edits. The fourth edition includes five additional cases: *KSR* (Supreme Court 2007), *Stanford v. Roche* (Supreme Court 2011), *Prometheus* (Supreme Court

2012), *Nautilus* (Supreme Court 2014), and *Limelight* (Fed. Cir. 2015).

Cases, Problems, and Materials on Contracts West Academic

"This Nutshell provides a comprehensive explanation of the basic principles and rules of American tort law as it exists today. This Nutshell has been used for over twenty-five years by law students, law graduates preparing for the bar exam, and others seeking an overview of tort topics. Coverage includes intentional torts and defenses, negligence and its defenses, strict liability, special liability rules for particular activities (such as landowners' liability, products liability, employers, employees, and contractors, and others), damages, the relation between tort and contract, immunities, survival and wrongful death, defamation, privacy, and misrepresentation. The introductory chapter provides background on the definitional dilemma; functions, goals and justifications of tort law; the evolution of tort law; and the roles of judges and juries. Citations to the Restatement of Torts are included. Discussions frequently include not only the rule but also its rationale for a clearer understanding and to aid memory."

Contracts in a Nutshell West Academic

Written by Professor Roger A. McEowen, the Kansas Farm Bureau Professor of Agricultural Law and Taxation at Washburn University School of Law, and drawn from his leading, cutting-edge textbook on agricultural law and taxation which is presently in its 40th release (January 2017). This Nutshell is specifically developed to meet the needs of the students, instructors, lawyers as well as farmers, ranchers, rural landowners agri-businesses and lawyers as a handy summary of key areas of the law impacting agriculture. Material covered includes an introduction to agricultural law, contracts, agricultural financing, bankruptcy, real property, cooperatives, civil liabilities, water law, environmental law, and regulatory law. The Nutshell covers the general principles of law for ease of class discussion and provides a balance of textual explanation with case citations.

Contracts in a Nutshell

As a part of our CasebookPlus offering, you'll receive the print book along with lifetime digital access to the eBook. Additionally you'll receive 12-month online access to the Learning Library which includes quizzes tied specifically to your book, an outline starter and digital access to leading study aids in that subject and the Gilbert® Law Dictionary. The included study aids are *Contracts in a Nutshell*, *Exam Pro on Contracts and Acing Contracts*. This compact casebook is designed for one-semester contracts classes. It helps students synthesize groups of related cases by focusing attention on the principles, policies, and rules of contract law. It employs many transitions and notes written for the students, rather than excerpting works written for professors or practitioners. Questions are limited to central issues to avoid overwhelming and losing the students. This revision is a thorough makeover that brings everything up to date, and includes a variety of recent cases, while retaining the brevity and principles approach of earlier editions.
