### Snap Up All the Photos, Facts, and Fun

National Geographic Children's Books

This myth-busting visual encyclopedia will amaze kids with 13 things they need to know about every topic they love and one "half fact" that dispels a common

misconception or half-truth. Extraordinary images and irresistible fact snippets on each topic spread--from space to gemstones to the food we eat--make learning fun, but it's the "13♦" fact that kids will be most eager to know. Does cracking

your knuckles really cause arthritis? Do ligers really exist? Are scorpions really deadly to humans? The answers to these questions and many more are revealed and will have kids digging for even more information behind the truths. A perfect gift for curious young minds, **13** **Incredible Things You Need to Know About Everything** will stimulate the imagination of young readers, satisfy their thirst for knowledge, and allow them to look at the universe from a new perspective as they explore a wide variety of topics and discover the truth. **Bet You Didn't Know! 2** National Geographic Children's Books Provides five thousand facts about everything from water parks and

hair to manners and fossils.

### **Follow the Trail of 400 More Facts**

National Geographic Books

This fantastic reference resource covers a wide spectrum of subjects including Mammals, Human Body and Prehistoric Life. Subject panels with bulleted facts are accompanied by detailed illustrations, diagrams and photographs, while Did You Know panels provide scattered chunks of extraordinary information.

### **The Fascinating Science Book for Kids**

National Geographic Books

When middle school mishaps happen, five friends form the S.M.A.R.T. Squad and use their collective skills and the power of

science to bring order to their school. Science reigns supreme with this squad of young brainiacs. Join Izzy Newton and her friends in the first adventure of this fun new middle-grade fiction series from National Geographic Kids. A crowded new school and a crazy class schedule is enough to make Izzy feel dizzy. It may be the first day of middle school, but as long as her best friends Allie Einstein and Charlie Darwin are by her side, Izzy knows it'll all be okay. However, first-day jitters take an icy turn when Izzy's old pal Marie Curie comes back to town. Instead of a warm welcome, Marie gives her former pal the cold shoulder. The problems pile up when the school's air-

conditioning goes on the fritz and the temperature suddenly drops to near freezing. The adults don't seem to have a clue how to thaw out the school. Cold temperatures and a frigid friendship? Izzy has had enough of feeling like an absolute zero. She rallies the girls to use their brainpower and science smarts to tackle the school's chilly mystery ... and hopefully to fix a certain frozen friendship along the way. Will the girls succeed and become the heroes of Atom Middle School? [500 Amazing Facts!](#) National Geographic Books "Get ready to be grossed out--in a good way! This latest addition to the crazy popular Weird but True

series is slimy and sticky and jam-packed with more icky, zany fun! Step up to the plate and try not to lose your lunch, with 300 all-new, amazing facts plus photos that kids just can't get enough of"--]cProvided by publisher.
