MOODY DEMARION

Come Back to Me Macmillan + ORM

From the #1 New York Times bestselling author of *The Party Crasher* and *Love Your Life* comes “a hilarious tale . . . hijinks worthy of classic *I Love Lucy* episodes . . . too good to pass up.” (USA Today) “Sophie Kinsella keeps her finger on the cultural pulse, while leaving me giddy with laughter.”—Jojo Moyes, author of *The Giver of Stars* and *The Last Letter from Your Lover* Becky Bloomwood has a fabulous flat in London’s trendiest neighborhood, a troupe of glamorous socialite friends, and a closet brimming with the season’s must-haves. The only trouble is, she can’t actually afford it—not any of it. Her job writing at *Successful Saving* magazine not only bores her to tears, it doesn’t pay much at all. And lately Becky’s been chased by dismal letters from the bank—letters with large red sums she can’t bear to read. She tries cutting back. But none of her efforts

succeeds. Her only consolation is to buy herself something . . . just a little something. Finally a story arises that Becky actually cares about, and her front-page article catalyzes a chain of events that will transform her life—and the lives of those around her—forever. Praise for Sophie Kinsella and *Confessions of a Shopaholic* “Kinsella’s *Bloomwood* is plucky and funny. . . . You won’t have to shop around to find a more winning protagonist.”—People “If a *crème brûlée* could be transmogrified into a book, it would be *Confessions of a Shopaholic*.”—*The Star-Ledger* “A have-your-cake-and-eat-it romp, done with brio and not a syllable of moralizing. . . . Kinsella has a light touch and puckish humor.”—*Kirkus Reviews*

Maid Pantheon

In this *O Me of Little Faith* Ebook, author Jason Boyett brings you a transparent and personal account of his own of struggles with doubts and disbelief in living out his faith. With humor and frankness, Boyett uses personal anecdotes and a fresh look at Scripture to explore the realities of pursuing Christ through a field of doubt. After three decades of knowing God, understanding Christianity, and living a Christian life, Boyett has come to the place where he can voice the tough

questions and travel the road of uncertainty with blinders off, candor on. The message along the way is one of encouragement: Relax. Rely on the grace of a merciful God, a kind father who realizes that his finite creatures must have doubts, should have questions, and will have trouble making sense of an infinite Creator. Ultimately, Boyett concludes that doubt and faith are not polar opposites, but actually work together, existing side-by-side. Uplifting, entertaining, hopeful, *O Me of Little Faith* will strike a chord with you and any Christian who’s dealing with the uncertainties of living life in pursuit of a God who occasionally seems to disappear.

[Freak Like Me](#) eBook Partnership

“A single mother’s personal, unflinching look at America’s class divide (Barack Obama),” this New York Times bestselling memoir is the inspiration for the Netflix limited series, hailed by Rolling Stone as “a great one.” At 28, Stephanie Land’s dreams of attending a university and becoming a writer quickly dissolved when a summer fling turned into an unplanned pregnancy. Before long, she found herself a single mother, scraping by as a housekeeper to make ends meet. *Maid* is an emotionally raw, masterful account of Stephanie’s years spent in service to upper middle class

America as a "nameless ghost" who quietly shared in her clients' triumphs, tragedies, and deepest secrets. Driven to carve out a better life for her family, she cleaned by day and took online classes by night, writing relentlessly as she worked toward earning a college degree. She wrote of the true stories that weren't being told: of living on food stamps and WIC coupons, of government programs that barely provided housing, of aloof government employees who shamed her for receiving what little assistance she did. Above all else, she wrote about pursuing the myth of the American Dream from the poverty line, all the while slashing through deep-rooted stigmas of the working poor. Maid is Stephanie's story, but it's not hers alone. It is an inspiring testament to the courage, determination, and ultimate strength of the human spirit. "A single mother's personal, unflinching look at America's class divide, a description of the tightrope many families walk just to get by, and a reminder of the dignity of all work." -PRESIDENT BARACK OBAMA, Obama's Summer Reading List [Can't Help Myself](#) Penguin

Avi's treasured Newbery Honor Book now in expanded After Words edition! Thirteen-year-old Charlotte Doyle is excited to return home from her school in England to her family in Rhode Island in the summer of 1832. But when the two families she was supposed to travel with mysteriously cancel their trips, Charlotte finds herself the lone passenger on a long sea voyage with a cruel captain and a mutinous crew. Worse yet, soon after stepping aboard the ship, she becomes enmeshed in a conflict between them! What begins as an eagerly anticipated ocean crossing turns into a harrowing journey, where Charlotte gains a villainous enemy . . . and is put on trial for murder! After Words material includes author Q & A, journal writing tips, and other activities that bring Charlotte's world to life!

Confessions of a Sociopath Simon and Schuster

"Lisa's fine grasp of Scripture and love for the Lord make her a trustworthy teacher, yet we learn from her own hard-earned lessons as well. She speaks and writes from a place of understanding, as she clings to God's hand, giving us the privilege of stumbling into grace with her." —LIZ CURTIS HIGGS, best-selling author of *Bad Girls of the Bible* "So, today I've been thinking about...things that bind us. The thought flitted around my mind and then landed for a while, likely because I was wearing a pair of too-tight jeans." Women of Faith® speaker and author Lisa Harper relates from experience — life can be uncertain, sometimes even scary. But with a witty twinkle in her eye and a Bible in her hand, she describes what it's like to find real security in the arms of a Savior who doesn't just notice us but who moves heaven and earth on our behalf. Part diary, part devotional, *Stumbling Into Grace* weaves hilarious and poignant stories from Lisa's own life with intimate and transformational encounters from the life of Christ. Prayers, reflection questions, and journal prompts help women dig deep into biblical truths to better understand how our Redeemer's compassion, affection, and constancy make every single moment of life not only more enjoyable but well worth living!

In Front of God and Everybody Macmillan + ORM

Men are so quick to tell us that if a woman reaches a certain age and isn't married that she is the problem, not them. I am here to heavily debate that theory. You're about to embark upon a true misadventure about one normal woman's savage search for a soulmate. It is me. I am "one normal woman." These unbelievable dating experiences have thoroughly convinced me that this man either doesn't exist or is stuck in a tree somewhere. This ideal man is not missing front teeth. He is someone I can take out in public who understands that "The Chicken Joint" doesn't fall into the category of "fine dining." His breath doesn't make my eyes water and he knows how to use dental floss. These twisted, dysfunctional tales about my quest for love are chronicled as told to my life-long friends, quirky colleagues, and erratic family - though you'll come to realize that many of those relationships are equally as disturbed as my dating experiences. While taking this comical stroll down memory lane, I fall over a cliff reliving the details of these outrageously unlikely dating scenarios and sensual slip-ups, along with my lively but borderline psychotic living situation.

Confessions of a Bookseller Simon and Schuster

Hurt people hurt people. Say there was a novel in which Holden Caulfield was an alcoholic and Lolita was a photographer's assistant and, somehow, they met in Bright Lights, Big City. He's blinded by love. She by ambition. *Diary of an Oxygen Thief* is an honest, hilarious, and heartrending novel, but above all, a very realistic account of what we do to each other and what we allow to have done to us.

Like Me Marshall Cavendish

Chely Wright, singer, songwriter, country music star, writes in this moving, telling memoir about her life and her career; about growing up in America's heartland, the youngest of three children;

about barely remembering a time when she didn't know she was different. She writes about her parents, putting down roots in their twenties in the farming town of Wellsville, Kansas, Old Glory flying atop the poles on the town's manicured lawns, and being raised to believe that hard work, honesty, and determination would take her far. She writes of making up her mind at a young age to become a country music star, knowing then that her feelings and crushes on girls were "sinful" and hoping and praying that she would somehow be "fixed." ("Dear God, please don't let me be gay. I promise not to lie. I promise not to steal. I promise to always believe in you . . . Please take it away.") We see her, high school homecoming queen, heading out on her own at seventeen and landing a job as a featured vocalist on the Ozark Jubilee (the show that started Brenda Lee, Red Foley, and Porter Wagoner), being cast in Country Music U.S.A., doing four live shows a day, and—after only a few months in Nashville—her dream coming true, performing on the stage of the Grand Ole Opry . . . She describes writing and singing her own songs for producers who'd discovered and recorded the likes of Reba McEntire, Shania Twain, and Toby Keith, who heard in her music something special and signed her to a record contract, releasing her first album and sending her out on the road on her first bus tour . . . She writes of sacrificing all for a shot at success that would come a couple of years later with her first hit single, "Shut Up And Drive" . . . her songs (from her fourth album, *Single White Female*) climbing the Billboard chart for twenty-nine weeks, hitting the #1 spot . . . She writes about the friends she made along the way—Vince Gill, Brad Paisley, and others—writing songs, recording and touring together, some of the friendships developing into romantic attachments that did not end happily . . . Keeping the truth of who she was clutched deep inside, trying to ignore it in a world she longed to be a part of—and now was—a world in which country music stars had never been, could not be, openly gay . . . She writes of the very real prospect of losing everything she'd worked so hard to create . . . doing her best to have a real life—her best not good enough . . . And in the face of everything she did to keep herself afloat, she writes about how the vortex of success and hiding who she was took its toll: her life, a tangled mess she didn't see coming, didn't want to; and, finally, finding the guts to untangle herself from the image of the country music star she'd become, an image steeped in long-standing ideals and notions about who—and what—a country artist is, and what their fans expect them to be . . . I am a songwriter," she writes. "I am a singer of my songs—and I have a story to tell. As I've traveled this path that has delivered me to where I am today, my monument of thanks, paying honor to God, remains. I will do all I can with what I have been given . . ." *Like Me* is fearless, inspiring, true.

Call Me Debbie Moody Publishers

The reader is invited to consider some things about when, who, and how to hug and also advised to be prepared to receive one in return.

Confessions of a Bookaholic HarperCollins

The memoir of a high-functioning, law-abiding (well, mostly) sociopath and a roadmap—right from the source—for dealing with the sociopath in your life. "[A] gripping and important book . . . revelatory . . . quite the memorable roller coaster ride."—The New York Times Book Review As M.E. Thomas says of her fellow sociopaths, "We are your neighbors, your coworkers, and quite possibly the people closest to you: lovers, family, friends. Our risk-seeking behavior and general fearlessness are thrilling, our glibness and charm alluring. Our often quick wit and outside-the-box thinking make us appear intelligent—even brilliant. We climb the corporate ladder faster than the rest, and appear to have limitless self-confidence. Who are we? We are highly successful, noncriminal sociopaths and we comprise 4 percent of the American population." *Confessions of a Sociopath*—part confessional memoir, part primer for the curious—takes readers on a journey into the mind of a sociopath, revealing what makes them tick while debunking myths about sociopathy and offering a road map for dealing with the sociopaths in your life. M. E. Thomas draws from her own experiences as a diagnosed sociopath; her popular blog, *Sociopathworld*; and scientific literature to unveil for the very first time these men and women who are "hiding in plain sight."

Deliver Me, True Confessions of Motherhood Pan Macmillan

After a disastrous first year of high school, Rose Zarelli is determined to become an all-new and improved version of herself. Improved how? Well, Rose is setting some ground rules. This year she absolutely most definitely will :

Girls in Tears Harper Collins

The blogger behind *Confessions of a Funeral Director*—what Time magazine called a "must read"—reflects on mortality and the powerful lessons death holds for every one of us in this compassionate and thoughtful spiritual memoir that combines the humor and insight of Smoke

Gets in Your Eyes with the poignancy and brevity of *When Breath Becomes Air*. We are a people who deeply fear death. While humans are biologically wired to evade death for as long as possible, we have become too adept at hiding from it, vilifying it, and—when it can be avoided no longer—letting the professionals take over. Sixth-generation funeral director Caleb Wilde understands this reticence and fear. He had planned to get as far away from the family business as possible. He wanted to make a difference in the world, and how could he do that if all the people he worked with were . . . dead? Slowly, he discovered that caring for the deceased and their loved ones was making a difference—in other people's lives to be sure, but it also seemed to be saving his own. A spirituality of death began to emerge as he observed: The family who lovingly dressed their deceased father for his burial The act of embalming a little girl that offered a gift back to her grieving family The nursing home that honored a woman's life by standing in procession as her body was taken away The funeral that united a conflicted community Through stories like these, told with equal parts humor and poignancy, Wilde offers an intimate look into the business and a new perspective on living and dying

Confessions of a Serial Songwriter Grand Central Publishing

"Hilarious...This book charmed my socks off." —Patricia O'Conner, New York Times Book Review Mary Norris has spent more than three decades working in The New Yorker's renowned copy department, helping to maintain its celebrated high standards. In *Between You & Me*, she brings her vast experience with grammar and usage, her good cheer and irreverence, and her finely sharpened pencils to help the rest of us in a boisterous language book as full of life as it is of practical advice. Named a Best Book of the Year by NPR, Amazon, Wall Street Journal, Publishers Weekly, Kirkus, and Library Journal.

Alone in the Kitchen with an Eggplant Harlequin

If Chins Could Kill: Confessions of a B Movie Actor Here we are together in the digital universe.

Somehow, you've clicked yourself to this page. If you came here of your own free will and desire, you and I are going to get along just fine. Life is full of choices. Right now, yours is whether or not to download the autobiography of a mid-grade, kind of hammy actor. Am I supposed to know this guy? you think to yourself. No-and that's exactly the point. You can download a terabyte of books about famous actors and their high-falootin' shenanigans. I don't want to be a spoilsport, but we've all been down that road before. Scroll down to that Judy Garland biography. You know plenty about her already-great voice, troubled life. Scroll down a little further to the Charlton Heston book. Same deal. You know his story too-great voice, troubled toupee. The truth is that though you might not have a clue who I am-unless you watch cable very late at night-there are countless working stiffs like me out there, grinding away every day at the wheel of fortune. *If Chins Could Kill: Confessions of a B Movie Actor* documents my time in blue-collar Hollywood, where movies are cheap, the hours are long, and the filmmaking process can be very personal. To keep up with the times, I've digitized Chins. It was originally published in hardcover/analog fifteen years ago, which is a vast amount of time in the evolution of books and technology, and it was time to get current. The advance of technology is great for a book like this, which is jammed full of pictures. When it came out originally, the photographs all had to be black and white and moderately sized on the page. Now, any photo that was originally taken in color can strut its stuff. Overall, the resolution of the images is off-the-charts better than the first go-around. This is one "sequel" that I'm happy to be a part of, since we could make so many technical improvements. The process was very similar to restoring an old movie. Since I knew that it was going to be reissued, I also had a look at the story being told and decided to condense, move, or clarify some chapters, all or in part. I also tried to add a hint of historical context, since it has been a decade and a half since Chins first came out. I hope you enjoy it. Regards, Bruce Campbell

Confessions of an Advertising Man Delta

Biz Stone, the co-founder of Twitter, discusses innovation, creativity and the secrets of being a successful entrepreneur, through stories from his remarkable life and career. *THINGS A LITTLE BIRD TOLD ME* From GQ's 'Nerd of the Year' to one of Time's most influential people in the world, Biz Stone represents different things to different people. But he is known to all as the creative, effervescent, funny, charmingly positive and remarkably savvy co-founder of Twitter -- the social media platform that singlehandedly changed the way the world works. Now, Biz tells fascinating, pivotal, and personal stories from his early life and his careers at Google and Twitter, sharing his knowledge about the nature and importance of ingenuity today. In Biz's world: -Opportunity can be manufactured -Great work comes from abandoning a linear way of thinking -Creativity never runs out -Asking questions is free -Empathy is core to personal and global success In this book, Biz also

addresses failure, the value of vulnerability, ambition, and corporate culture. Whether seeking behind-the-scenes stories, advice, or wisdom and principles from one of the most successful businessmen of the new century, THINGS A LITTLE BIRD TOLD ME will satisfy every reader.

The True Confessions of Charlotte Doyle (Scholastic Gold) Rowman & Littlefield

"On the short drive to the preschool, I dutifully unwrap a NutriGrain bar and toss it into the back seat to my four-year-old. Sometimes I'll even unwrap one for myself. Studies have shown that it's very important for families to eat together. . . ." Why couldn't the Sopranos survive living down South? Simple. You can't shoot a guy full of holes after eating chicken and pastry, spoon bread, okra, and tomatoes. What does a Southern woman consider grounds for divorce? When Daddy takes the kids out in public dressed in pajama tops and Tweety Bird swim socks. Again. What is the Southern woman's opinion of a new "fat virus" theory? Bring it on! We've got a lot of skinny friends we need to sneeze on. Want to become honest-to-Jesus white trash? Spend two weeks' salary on hair extensions and pancake makeup for your three-year-old so she can win a five-dollar trophy in the Wee Tiny Miss pageant and the adoration of, well, nobody much. What does the Southern woman think of Paul McCartney's marriage to a model thirty years younger? We're not surprised. Statistically speaking, it's almost impossible for billionaires to discover that their soulmates are fifty-five and restocking the shampoo end caps at Kmart. In this wickedly funny follow-up to her bestselling Bless Your Heart, Tramp, Celia Rivenbark welcomes you, once again, to the south she loves, the land of "Mama and them's," "precious and dahlin," and mommies who mow. Ya'll come back now, you hear.

Confessions of a Failed Southern Lady MIT Press

In nineties small-town Surrey, watching Top of the Pops was Malcolm's only escape from boredom and the bullies at school ... until a phone call from a pop star changed his life forever. Before long, he was getting compliments from BeyonceA(c), hanging out at award ceremonies with Posh Spice's mum and sneaking onto All Saints' tour bus. Freak Like Me is the true story of one teenage pop fan who, with a group of like-minded outcasts, witnesses the disposable music industry of the late

nineties and early noughties first-hand. Tracking down A-listers itineraries, he gets to meet the real personalities behind the Smash Hits posters adorning his bedroom walls. This hilarious memoir is packed with scandalous gossip and poignant memories from the era of Nokia 3310s and dial-up Internet, when chart positions meant everything and, if you wanted to know what your idols were up to off-screen, you had to track them down yourself!

Confessions of a Prairie Bitch Hachette UK

A fascinating exploration of the human brain that combines "the leading edge of consciousness science with surprisingly personal and philosophical reflection . . . shedding light on how scientists really think"—this is "science writing at its best" (Times Higher Education). In which a scientist searches for an empirical explanation for phenomenal experience, spurred by his instinctual belief that life is meaningful. What links conscious experience of pain, joy, color, and smell to bioelectrical activity in the brain? How can anything physical give rise to nonphysical, subjective, conscious states? Christof Koch has devoted much of his career to bridging the seemingly unbridgeable gap between the physics of the brain and phenomenal experience. This engaging book—part scientific overview, part memoir, part futurist speculation—describes Koch's search for an empirical explanation for consciousness. Koch recounts not only the birth of the modern science of consciousness but also the subterranean motivation for his quest—his instinctual (if "romantic") belief that life is meaningful. Koch describes his own groundbreaking work with Francis Crick in the 1990s and 2000s and the gradual emergence of consciousness (once considered a "fringy" subject) as a legitimate topic for scientific investigation. Present at this paradigm shift were Koch and a handful of colleagues, including Ned Block, David Chalmers, Stanislas Dehaene, Giulio Tononi, Wolf Singer, and others. Aiding and abetting it were new techniques to listen in on the activity of individual nerve cells, clinical studies, and brain-imaging technologies that allowed safe and noninvasive study of the human brain in action. Koch gives us stories from the front lines of modern research into the neurobiology of consciousness as well as his own reflections on a variety

of topics, including the distinction between attention and awareness, the unconscious, how neurons respond to Homer Simpson, the physics and biology of free will, dogs, Der Ring des Nibelungen, sentient machines, the loss of his belief in a personal God, and sadness. All of them are signposts in the pursuit of his life's work—to uncover the roots of consciousness.

Confessions of a Forty-Something Crown

"A startlingly frank look at the life of one of our generation's most prominent operatic stars."—Associated Press In Call Me Debbie, internationally renowned opera singer Deborah Voigt describes her journey to become one of the world's most celebrated artists and also discusses her private battles with addictions to food and alcohol, and a myriad of other self-destructive tendencies that nearly destroyed her. Voigt reveals here the troubling sequence of addictive behavior that led to her being fired from a London opera production for being too large to fit into the "little black dress" demanded by the role, and her subsequent gastric bypass surgery and its dramatic aftermath. She speaks openly of the "cross-addiction" that led to severe alcoholism, frightening all-night blackouts, and suicide attempts. Here, too, is the story of how she achieved complete sobriety, thanks to a twelve-step program and a recommitment to her Christian faith. Highlighting hilarious anecdotes and juicy gossip about what really goes on backstage, Voigt talks candidly about the impresarios, singers, and conductors with whom she's worked and offers fascinating insight into the roles she has played and the characters she loves. Complete with eight pages of color photographs, Call Me Debbie is an inspirational story that offers a unique look into the life of an incredible artist.

Things A Little Bird Told Me W. W. Norton & Company

Connor O'Brien is damaged, inside and out—proof of his dark and dangerous life. Sophy Woodruff has never known a man as devastatingly sexy as Connor. Intense, brooding and distant, he's everything she shouldn't desire.... Despite his vow of noncommitment, Connor can't resist bedding Sophy. But Sophy is a virgin, and once he's undressed her, this billionaire isn't sure he can walk away....
