The true story of a DOJ prosecutor's complicated quest to deport Nazis: "The lessons that Mr. Gerson learns,

and shares, could not be more timely."
—Seth Waxman, former US Solicitor General As the son of Holocaust survivors, federal prosecutor Allan Gerson thought his professional assignment to investigate

and deport those who persecuted his family and others like them would make his parents proud. But their reaction was not what he expected. This is his memoir of the experience—and the complex emotions and

questions it provoked. "It takes a young attorney whose Holocaust survivor parents and uncle had to lie in order to gain admittance into the U.S. to recognize the double-edged dangers of pursuing aging Nazi functionaries with the blunt instruments of American immigration law. Can the same laws be turned against his parents and other Jews like them? Allan Gerson tells the

gripping story of his two years at the Department of Justice office charged with investigating and deporting aging Nazis living quietly in our midst. His interrogation of suspected perpetrators forces him to uncover secrets of his family and other anguished victims that he never wanted to know . . . This narrative reads like a bildungsroman, a coming of age story of a lawyer who went on to

seek American legal remedies for historic crimes and injustices committed elsewhere." —Samuel Norich, President, The Forward

The harrowing true story of abduction and survival from the courageous young woman who lived

it—now the subject of a Lifetime original movie, *I Am Elizabeth Smart*. In this memoir, Elizabeth Smart reveals how she survived and the secret to forging a new life in the wake of a brutal crime. On June 5, 2002, fourteen-year-old Elizabeth Smart, the daughter of a close-knit Mormon family, was taken from her home in the middle of the night by religious fanatic Brian David Mitchell

and his wife, Wanda Barzee. Elizabeth was kept chained, dressed in disguise, repeatedly raped, and told she and her family would be killed if she tried to escape. After her rescue on March 12, 2003, she rejoined her family and worked to pick up the pieces of her life. With My Story, Elizabeth tells of the constant fear she endured every hour, her courageous determination

to maintain hope, and how she devised a plan to manipulate her captors and convinced them to return to Utah, where she was rescued minutes after arriving. Smart explains how her faith helped her stay sane in the midst of a nightmare and how she found the strength to confront her captors at their trial and see that justice was served. In the years after her rescue, Smart transformed from victim to

advocate, traveling the country and working to educate, inspire and foster change. She has created a foundation to help prevent crimes against children and is a frequent public speaker. She and her husband, Matthew Gilmour, now have two children. [Secrets in the Cellar](#) Penguin This is a specially formatted fixed layout ebook that retains the look and feel of the print

book. Most of us set out quietly hoping for, and secretly expecting, to live a happy, successful and healthy life. But life doesn't always go to plan. The Big Little Book of Resilience is about developing flexibility, acceptance and self-compassion when those plans go awry. In this beautifully illustrated book, Matthew Johnstone guides the reader to an understanding of how

resilience plays a key role in wellbeing. He offers an accessible roadmap to developing and maintaining resilience and how it can help you overcome and learn from difficult life events.

The #1 New York Times Bestseller and inspirational memoir by Michelle Knight, whose survival story gripped the world and continues to inspire and

offer hope. Michelle was a young single mother when she was kidnapped by a local school bus driver named Ariel Castro. For more than a decade afterward, she endured unimaginable torture at the hand of her abductor. In 2003 Amanda Berry joined her in captivity, followed by Gina DeJesus in 2004. Their escape on May 6, 2013, made headlines around the world. Barely out of her own

tumultuous childhood, Michelle was estranged from her family and fighting for custody of her young son when she disappeared. Local police believed she had run away, so they removed her from the missing persons lists fifteen months after she vanished. Castro tormented her with these facts, reminding her that no one was looking for her, that the outside world had

forgotten her. But Michelle would not be broken. In *Finding Me*, Michelle will reveal the heartbreaking details of her story, including the thoughts and prayers that helped her find courage to endure her unimaginable circumstances and now build a life worth living. By sharing both her past and her efforts to create a future, Michelle becomes a voice for the voiceless and a powerful symbol of

hope for the thousands of children and young adults who go missing every year. *Intelligence Community Legal Reference Book* HarperCollins UK
The bizarre, true story of a robbery gone wrong and the explosive murder that shocked the nation—as seen on Netflix’s docuseries *Evil Genius*. For the first time, two of the people who followed the story from the

beginning—Jerry Clark, the lead FBI Special Agent who cracked what became known as the Pizza Bomber case, and investigative reporter Ed Palattella—tell the complete story of what happened on August 28, 2003. In the suburbs of Erie, Pennsylvania, a pizza delivery man named Brian Wells was accosted by several men who locked a time bomb around his neck. They then ordered him to rob a

bank. After delivering the money, he would receive clues to help him disarm the bomb. It was one of the most ingenious bank robbery schemes in history, known as Collarbomb by the FBI. It did not go according to plan. Wells, picked up by police shortly after the robbery, never found the clues he needed. Investigating the crime after his grisly death, the FBI soon discovered that Wells was

not, in fact, an innocent victim. He was merely the first co-conspirator to fall in a bizarre trail of death following the crime...

 Unbelievable, starring Toni Collette, Merritt Wever, and Kaitlyn Dever • Two Pulitzer Prize-winning journalists tell the riveting true crime story of a

teenager charged with lying about having been raped—and the detectives who followed a winding path to arrive at the truth. “Gripping . . . [with a] John Grisham-worthy twist.”—Emily Bazelon, *New York Times Book Review* (Editors’ Choice) On August 11, 2008, eighteen-year-old Marie reported that a masked man broke into her apartment near Seattle, Washington, and raped her. Within days

police and even those closest to Marie became suspicious of her story. The police swiftly pivoted and began investigating Marie. Confronted with inconsistencies in her story and the doubts of others, Marie broke down and said her story was a lie—a bid for attention. Police charged Marie with false reporting, and she was branded a liar. More than two years later, Colorado

detective Stacy Galbraith was assigned to investigate a case of sexual assault. Describing the crime to her husband that night, Galbraith learned that the case bore an eerie resemblance to a rape that had taken place months earlier in a nearby town. She joined forces with the detective on that case, Edna Hendershot, and the two soon discovered they were dealing with a

serial rapist: a man who photographed his victims, threatening to release the images online, and whose calculated steps to erase all physical evidence suggested he might be a soldier or a cop. Through meticulous police work the detectives would eventually connect the rapist to other attacks in Colorado—and beyond. Based on investigative files and extensive interviews with the

principals, Unbelievable is a serpentine tale of doubt, lies, and a hunt for justice, unveiling the disturbing truth of how sexual assault is investigated today—and the long history of skepticism toward rape victims. Previously published as *A False Report If Kennedy Lived* Houghton Mifflin Harcourt In late October 2006, one of the most spectacular kidnappings

cases of the younger past had come to end, when Natascha Kampusch freed herself after being held captive in a hidden cellar (near Vienna, Austria) for more than eight years. Media companies from all over the world came to cover her life story, which has taken quite some twists since then. The result: two autobiographies, a feature film, several documentaries and hundreds of

interviews – all within a decade. "10 Years of Freedom" offers us an insight into the impact such a nightmarish captivity has on a young woman's life. It tells the story of a naive victim, that had to learn to cope with the real world after being locked away for her whole youth. The author spans a wide range of themes from her first days in freedom and the turbulent times after

gaining it again to a never-ending trauma, which she will have to deal with for the rest of her life. Natascha declares that she wasn't prepared to be a public figure after all, but was suddenly confronted with a heavy and controversial media coverage (including speculations by reporters regarding Stockholm syndrome and roleplaying, along with being labelled "cellar girl"

and "sex slave"). Also, wild conspiracy theories gained popularity, resulting in several trials and review boards (including police and FBI investigations) . Despite everything, she found certain ways to reconnect with her family and even founded/initiated several charity projects (e.g. the creation of a children's ward in Sri Lanka or the support of PETA, an

organisation for animal rights). "Your book is remarkable. 10 Years of Freedom, I urge everyone to read it." - Piers Morgan, ITV "It's a very powerful read." - Huw Edwards, BBC "Very brave." - Emma Barnett, BBC The Redemption of Bobby Love New Academia+OR M What if Kennedy were not killed that fateful day? What would the 1964 campaign have looked like? Would

changes have been made to the ticket? How would Kennedy, in his second term, have approached Vietnam, civil rights, the Cold War? With Hoover as an enemy, would his indiscreet private life finally have become public? Would his health issues have become so severe as to literally cripple his presidency? And what small turns of fate in the days and years before Dallas might

have kept him from ever reaching the White House in the first place? The answers Greenfield provides and the scenarios he develops are startlingly realistic, rich in detail, shocking in their projections, but always deeply, remarkably plausible. Millions of people across the world have been shocked, sickened, and fascinated by this horrifying crime, and as it unravels gossip has become merged with fact. Now for the first time the truth is revealed through the investigative

talents of author Nigel Cawthorne. **10 Years of Freedom** St. Martin's Press When Natascha Kampusch made her bid for freedom on 23 August 2006 after eight years held captive in a seemingly ordinary Austrian suburban house, her story horrified and astonished the entire world. How did she survive a childhood locked in a cellar What sort of young woman had emerged What

kind of man was Wolfgang Priklopil, her abductor - and what demands had he made of her As the days and weeks passed and Natascha's TV interview failed to quell the curiosity, so the questions began to change. What exactly was the relationship between abductor and hostage Why had Natascha waited so long to escape when it seemed there had been other, earlier opportunities

Did Natascha's parents know Priklopil before he kidnapped their daughter Allan Hall and Michael Leidig have tracked the story from the days of the 10-year-old's disappearance . They have spoken to police investigators, lawyers, psychiatrists, and to the family members closest to Natascha. They have come as close as possible to uncovering the full, shocking

story. It is a story that tests the limits of our understanding of how human beings behave - and makes our hearts bleed for the plight of an innocent child caught up in a horror story almost beyond our imagining. **3,096 Days** St. Martin's Press The eagerly awaited modern remake of the TV classic Lost in Space is a star-studded special effects spectacular, featuring Gary Oldman, William Hurt, Matt LeBlanc,

A Summer Plague

DigiCat New York Times bestselling crime writer John Glatt tells the true story behind the kidnappings and long-overdue rescue of

three women found in a Cleveland basement. The Lost Girls tells the truly amazing story of Amanda Berry, Gina DeJesus and Michelle Knight, who were kidnapped, imprisoned, and repeatedly raped and beaten in a Cleveland house for over a decade by Ariel Castro, and their amazing escape in May 2013, which made headlines all over the world. The book has an

exclusive interview and photographs of Ariel Castro's secret fiancé, who spent many romantic nights in his house of horror, without realizing he had bound and chained captives just a few feet away. There are also revealing interviews with several Castro family members, musician friends and several neighbors who witnessed the dramatic rescue.

 Polio--often called the "summer plague"--struck hundreds of thousands of children

around the world between its emergence as an epidemic disease in 1916 to its cure in the 1950s. Today, images of children with crutches and leg braces or encased to their necks in iron lungs may be little more than a painful memory. Yet during its height the disease induced panic on a scale reminiscent of the great plagues of history. This book is the most comprehensiv

e and compelling account of the century's polio epidemics yet written. Interweaving biographical, political, social, and medical history, Tony Gould--a distinguished British writer and himself a polio survivor--traces the rise and fall of the epidemics and describes the individuals who were influential in its treatment and conquest. He tells of Franklin D. Roosevelt, the most celebrated polio sufferer

of all, who set up his own hydrotherapy center at Warm Springs in Georgia; John Enders, the Nobel prizewinner who made the crucial breakthrough in the laboratory; FDR's lieutenant, Basil O'Connor, whose "March of Dimes" became a byword for successful fund-raising; Sister Elizabeth Kenny, the larger-than-life nurse from the Australian outback who challenged

medical orthodoxy and invented "miracle" cures; and finally the scientific rivals Jonas Salk and Albert Sabin, caught in a dramatic race to produce a viable vaccine. Gould then examines the experience of polio survivors on both sides of the Atlantic, including a moving autobiographical account of his own struggle with the disease and resulting disability. Although the disease has

been eliminated in the West, it has not disappeared: paralytic polio remains a scourge in India, the Far East, and parts of Africa. And there are new worries that fatigue and accelerated muscular weakness--a "post-polio syndrome"--has come to afflict survivors three or four decades after the initial attack. Gould's powerful book, published forty years after the

successful trial of the Salk vaccine, helps us to understand the savage and continuing impact of polio. **House of Horrors** Macmillan Held against her will and raped by her 38-year-old boss, 19-year-old Anna tries to make sense of her unbelievable situation. How did an innocent friendship with her boss turn into weeks of forced sex and the inability to leave her oppressors

side? Furthermore, what happens when weeks of rape result in a pregnancy? This true-life novel depicts a graphic and raw recounting of the unimaginable horrors of the Summer of 2010. A brilliant, ambitious follow-up to *The Secret Lives of Buildings*, in which Hollis turns his focus from the great architectural constructions of the past to the now-vanished chambers

they once contained. The rooms we live in are always more than just four walls. As we decorate these spaces and fill them with objects and friends, they shape our lives and become the backdrop to our sense of self. one day, the structures will be gone, but even then, traces of the stories and the memories they contained will persist. In this dazzling work of imaginative reconstruction, Edward Hollis takes us to

the sites of great abodes now lost to history and piecing together the fragments that remain, re-creates their vanished chambers. From Rome's palatine to the old palace of Westminster and the petit Trianon at Versailles, from the sets of MGM studios in Hollywood to the pavilions of the Crystal palace and the author's own grandmother's sitting room, The Memory Palace is a glittering

treasure trove of luminous forgotten places and the alluring people who lived in them. 10 Years of Freedom Macmillan Publishers Aus. A revelatory memoir about a young woman whose life was stolen when she was kidnapped in 1991 and remained an object of captivity for 18 years. Girl in the Cellar - The Natascha Kampusch Story Penguin The inspiring, dramatic, and heartwarming

true account of an escaped convict and his wife of thirty-five plus years who never knew his secret, which captured the imaginations of millions of Humans of New York. Bobby and Cheryl Love were living in Brooklyn, happily married for decades, when the FBI and NYPD appeared at their door and demanded to know from Bobby, in front of his shocked wife and children: "What is your

name? No, what's your real name?" Bobby's thirty-eight-year secret was out. As a Black child in the Jim Crow South, Bobby found himself in legal trouble before his 14th birthday. Sparked by the desperation he felt in the face of limited options and the pull of the streets, Bobby became a master thief. He soon found himself facing a thirty-year prison

sentence. But Bobby was smarter than his jailers. He escaped, fled to New York, changed his name, and started a new life as "Bobby Love." During that time, he worked multiple jobs to support his wife and their growing family, coached Little League, attended church, took his kids to Disneyland, and led an otherwise normal life.

Then it all came crashing down. With the drama of a jailbreak story and the incredible tension of a life lived in hiding, *The Redemption of Bobby Love* is an unbelievable but true account of building a life from scratch, the pain of festering secrets in marriage, and the unbreakable bonds of faith and love that keep a family together.
