A Funny Thing Happened on the Way to the Farm, written by Sharon Wistisen and illustrated by Kathy Hamann, is a collection of vignettes about farm family living in Southeastern Idaho. In total, the essays tell the story, sometimes warm and thoughtful, often humorous, of a third-generation farmer-rancher who marries a California city girl. It is filled with dialogue depicting the trials and joys of working side by side with their five children - often being raised by them. It is homespun humor, insider's wisdom, and reflections of yesteryear.

Nancy Spain was one of the most celebrated - and notorious - writers and broadcasters of the 40s, 50s and 60s. Hilarious, controversial and brilliant, she lived openly as a lesbian (sharing a household with her two lovers and their various children) and was frequently litigated against for her newspaper columns - Evelyn Waugh successfully sued her for libel... twice. She was also a fantastic crime novelist (and according to the Guardian, one of the 50 best female crime thriller writers of all time). Following on from WHY I AM NOT A MILLIONAIRE, with the same wit, style and fascinating detail, A FUNNY THING HAPPENED ON THE WAY is also about her time spent on Skiathos, showing Nancy Spain's glorious warmth and love of life. 'Full of fun, and that zest of intelligence that never left her ... Sharing her own feelings of happiness was Nancy's art and privilege, a rare one in this day and place' Sunday Times

Michael J. Fox abandoned high school to pursue an acting career, but went on to receive honorary degrees from several universities and garner the highest accolades for his acting, as well as for his writing. In his new book, he inspires and motivates graduates to recognize opportunities, maximize their abilities, and roll with the punches--all with his trademark optimism, warmth, and humor. In *A Funny Thing Happened on the Way to the Future*, Michael draws on his own life experiences to make a case that real learning happens when "life goes skidding sideways." He writes of coming to Los Angeles from Canada at age eighteen and attempting to make his way as an actor. Fox offers up a comically skewed take on how, in his own way, he fulfilled the requirements of a college syllabus. He learned Economics as a starving artist; an unexpected turn as a neophyte activist schooled him in Political Science; and his approach to Comparative Literature involved stacking books up against their movie versions. Replete with personal stories and hilarious anecdotes, Michael J. Fox's new book is the perfect gift for graduates.

There's more to this museum than meets the eye! This is the wonderfully wacky world of celebrated international author-illustrator team Davide Cali and Benjamin Chaud, the duo behind Junior Library Guild selections *I Didn't Do My Homework Because . . .*, *The Truth About My Unbelievable Summer . . .*, and *A Funny Thing Happened on the Way to School . . .*. Notoriously (and delightfully) unreliable narrator Henry is late to a museum where his class is spending the day. But he has a plan: He'll just catch up in one of the exhibits. That's not possible in these halls! With volcanoes erupting, dinosaurs charging, and secret stairwells lurking, reuniting with his classmates becomes a quest of outrageous proportions. Young readers will revel in this entertaining book's over-the-top antics.

Slipknot and Stone Sour singer Corey Taylor's New York Times bestselling journey into the world of ghosts and the supernatural Corey Taylor has seen a lot of unbelievable things. However, many of his most incredible experiences might just shock you. For much of his life, the Grammy Award-winning singer of Slipknot and Stone Sour and New York Times bestselling author of *Seven Deadly Sins* has brushed up against the supernatural world. Those encounters impacted his own personal evolution just as much as headlining at Castle Donington in front of 100,000 people at Download Festival or debuting at #1 on the Billboard Top 200. Since growing up in Iowa, his own curiosity drew him into situations that would've sent most people screaming scared and running for the hills. He's ballsy enough to go into the darkness and deal with the consequences, though. As a result, he's seen ghosts up close and personal, whether while combing through an abandoned house in his native Iowa as a child or recording an album in the fabled Houdini Hollywood Hills mansion. He's also got the memories (and scars) to prove it. For some reason, he can't seem to shake these spectral stories, and that brings us to

this little tome right here... At the same time, being an erudite, tattooed, modern Renaissance Man, he was never one for Sunday Service. Simply put, he's seen ghosts, but he hasn't seen Jesus. Taylor especially can't find a reason why people do the insane things they do in HIS name. That's where everything gets really interesting. His second book, *A Funny Thing Happened on the Way to Heaven*, compiles Taylor's most intimate, incredible, and insane moments with the supernatural. His memories are as vivid as they are vicious. As he recounts these stories, he questions the validity of religious belief systems and two-thousand-year-old dogma. As always, his rapid-fire writing, razor sharp sense of humor, unbridled honesty, and cozy anecdotes make quite the case for his point. You might end up believing him or not. That's up to you, of course. Either way, you're in for a hell of a ride.

Ancient Greece and Rome aren't usually remembered for their sense of humor. However, in reality the ancient Greeks and Romans often refused to take themselves seriously. The authors chronicle the more bizarre activities of the ancient world, venturing out as far as Egypt, Babylon, and Scandinavia, ranging everywhere from moochers to quacks to shrews to perhaps the oldest laundromat joke in history.
