Abul A'la Maududi Pan Macmillan

Unless Muslims fulfil their covenant with Allah and become His witnesses unto mankind, as were all of His Messengers, they will continue to suffer ignominy and misrepresentation. Witnesses Unto Mankind: The Purpose and Duty of the Muslim Ummah is a new, edited and extended English version of Sayyid Mawdudi's Urdu Shahadat-i-Haqq, an address he delivered at a Jama'at-i-Islami conference in 1946.

Statement of Abul Ala Maududi Before the Punjab Disturbances Court of Inquiry

Nasr examines the life and thought of Mawlana Mawdudi, one of the first and most important Islamic ideological thinkers. Mawdudi was the first to develop a modern political Islamic ideology, and a plan for social action to realize his vision. The prolific writings and indefatigable efforts of Mawdudi's party, the Jamaat-i-Islami, first in India and later in Pakistan, have disseminated his ideas far and wide. His views have informed revivalism from Morocco to Malaysia. Nasr discerns the events that led Mawdudi to a revivalist perspective, and probes the structure of his thought, in order to gain fresh insights into the origins of Islamic revivalism. He argues that Islamic revivalism did not simply develop as a cultural rejection of the West, rather it was closely tied to questions of communal politics and its impact on identity formation, discourse of power in plural societies, and nationalism. Mawdudi's discourse, though aimed at the West, was motivated by Muslim-Hindu competition for power in British India. His aim, according to Nasr, was to put forth a view of Islam whose invigorated,

pristine, and uncompromising outlook would galvanize Muslims into an ideologically uniform and hence politically indivisible community. In time, this view developed a life of its own and evolved into an all-encompassing perspective on society and politics, and has been a notable force in South Asia and Muslim life and thought across the Muslim world.

The popularity of the Muslim League and its idea of Pakistan has been measured in terms of its success in achieving the goal of a sovereign state in the Muslim majority regions of North West and North East India. It led to an oversight of Muslim leaders and organizations which were opposed to this demand, predicating their opposition to the League on its understanding of the history and ideological content of the Muslim nation. This volume takes stock of multiple narratives about Muslim identity formation in the context of debates about partition, historicizes those narratives, and reads them in the light of the larger political milieu of the period. Focusing on the critiques of the Muslim League, its concept of the Muslim nation, and the political settlement demanded on its behalf, it studies how the movement for Pakistan inspired a contentious, influential conversation on the definition of the Muslim nation.

By Sayyid Abul A'la Maududi Kube Publishing Ltd

Mawdudi argues that the true understanding of Islamic civilization is possible only by having access to the soul of that civilization and its underlying fundamental principles - belief in God, the angels, the Prophets, the Revealed Books and the Last Day - rather than to its manifestations in knowledge, literature, fine arts, social life or its system of governance.

*Towards Understanding the Qur'ān* Kube Publishing Ltd

This book elucidates these basic Qur'anic concepts: ilah, Rabb, Ibadah and Din in order to bring out fully the Islamic way of life, as distinct from other perspectives. This elaboration goes a long way in developing a sound understanding of the Qur'an. It also explains the man-God relationship in Islam, guiding Muslims on how to lead their lives.

No topic has captured the public imagination of late quite so dramatically as the specter of global jihadism. While much has been said about the way

jihadists behave, their ideology remains poorly understood. As the Levant has imploded and millenarian radicals claim to have revived a Caliphate based on the teachings of the Prophet Mohammed, the need for a nuanced and accurate understanding of jihadist beliefs has never been greater. Shiraz Maher charts the intellectual underpinnings of salafi-jihadism from its origins in the mountains of the Hindu Kush to the jihadist insurgencies of the 1990s and the 9/11 wars. What emerges is the story of a pragmatic but resilient warrior doctrine that often struggles - as so many utopian ideologies do - to consolidate the idealism of theory with the reality of practice. His groundbreaking introduction to salafi-jihadism recalibrates our understanding of the ideas underpinning one of the most destructive political philosophies of our time by assessing classical works from Islamic antiquity alongside those of contemporary ideologues. Packed with refreshing and provocative insights, Maher explains how war and insecurity engendered one of the most significant socio-religious movements of the modern era.
